### Special Announcement

The price list has been used for 20 months. It was made up before production started the first of 1962. In the drop forge shop, alone, an underestimate was made in cost and work required, plus a new work contract in February, 1963, plus our own slight increase in costs over 20 months, which we always had to absorb ourselves long before a new list was made. It is regretful that a price raise becomes necessary to remain operational.

Starting September 1st, a \$1.00 raise will be in effect in every price on the list. Just make every figure on your past list, \$1.00 more than it is.

A new printed list is available, if requested, we will send it out.

A steel, drop-forged, heat-treated product.

Made in four tempers: Hard, Medium Hard, Medium Soft and Dead Soft. The two softer types have hardened points for long life effectiveness.

## Kansas Association Planning For Annual State Meet

The committee in charge of formulating plans for the annual Kansas State tournament, held a meeting recently and the tentative date was set for the Labor Day weekend, September 1 and 2. Further details will be announced in the next issue of the Digest.

Of special interest is the fact that a couple of former active pitchers are again taking to the courts, namely Alvin Gandy of Topeka, who was rated as one of the top players in the nation and participated in several world tournaments where he gave a good account of himself. Another familiar face is that of Frank Knouft, who has resumed action after an absence of several years. He recently played in the Heart of America meet at Kansas City, Missouri where he had a 6-9 record. He practices regularly with Gandy and it is anticipated that these two fine pitchers will make a real campaign for the Kansas State title this fall.

## Special May Issue Omissions

Several new items of local club activities were omitted from the special May issue when the copy was lost because of the huge volume of material. We want to give these clubs the recognition they deserve.

**York County Club** in eastern Pennsylvania operates a team league of 12 teams. Each team has two courts in different locations in the county. Team dues and raffles are used to finance the league. Milt Beck of Wrightsville is the President who organized the group with six teams in 1959. Earl and Glenn Brown of Felton are the Vice-Presidents and Eugene Mundis of Winsdor the Secretary-Treasurer. The individual county championship was won by Glenn Brown in 1962. This group is the most outstanding organization in the eastern end of the state and works closely with the Pennsylvania State Association and the NHPA.

**East Dayton, O. Horseshoe Club**, is one of the most co-operative clubs in the country, having always donated to the World Tourney and worked closely with the NHPA and the Ohio Association. All the members have individual courts and the club itself has two courts. Glen Riffle, former National A.A.U. champion, won the individual title in 1962. Officers are Mickey Broughton, President and Glen Riffle Secretary-Treasurer. Bob Rung headed the club for many years.

**Albuquerque's Deluxe Courts**

After many months of effort the Albuquerque Horseshoe Club of New Mexico has been successful in obtaining first class horseshoe courts.

12 deluxe courts with lights surrounded by a chain link fence and an equipment house are in the process of being constructed by the city park dept. in Los Altos Park. The low bid for the contract was \$8,817.00 by the Henderson Construction Co. The courts will be completed in time for a big opening tournament over the Labor Day weekend.

Parker Burns, President of the Albuquerque Club, a former Indiana player, deserves the lion's share of the credit for obtaining the facilities. He has worked hard and long on the project. Other key figures in the promotion have been P. D. Riley, former Texas State champ and Bill Sweatman.

Under the direction of Bill Sweatman the Albuquerque club has more than 40 active members and now that the courts are available will form an official NHPA State Chapter. NHPA Secretary Bob Pence will stop off in Albuquerque for the organizational meeting July 22, on his way to the World Tournament.

This was a wonderful day and we had the largest turnout of an Trophy-Picnic we have ever had.

## Canadian Horseshoe Pitchers Association

Here are the results of the first tournament held this year, at Richmond Hill Fair May 18th. Three men only lost one game each, Norm Black, Ellesworth Crawford and Harold Blackman, but Harold's loss was the least decisive, so he won the tournament on a points gained basis. Ellesworth Crawford was second and Norm Black third. Norm also won the local pitchers award. Ed Davies won the Senior division. Perhaps you didn't know that Harold Blackman has given up his job in Toronto to concentrate on building up his own printing business at home. He's probably got more time to practice now, so watch out for this little fellow.

## Montana-Dakota — (Continued)

The Wibaux County Horseshoe Ass'n wishes to thank the local merchants who donated trophies, placed ads in our programs, the Boy Scouts for handling the concession stand and the Wibaux Pioneer Gazette for the fine job they did on printing up the programs.

A Doubles Event was added to the Tournament this year, which was played on Saturday afternoon. Phil Prescott and Olger Lunden, both of Poplar, Montana won the championship with 8 wins and no losses. They pitched 49.0% ringers. Ira Jensen of McCabe, Montana and Clifford Thomsen of Culbertson, Montana took second place with 7 wins and 1 loss. They pitched 47.0% ringers. Don Lawrence and Robert Baird of Wibaux, Montana tied for third place with 5 wins and 3 losses. They pitched 39.3% ringers.

Elaine Baird was selected as the 1963 Tournament Queen by the vote of the players. Other Queen candidates were Marlene Knight, Sharon Woodard and Judy Carew.

Trophies were awarded at the close of the Tournament to the first and second place winners in each class, the player pitching the highest qualifying score, the Tournament Queen, to each player taking first and second place in the Doubles Event and participation trophies to the players in Class "A" who failed to place.

## Arbogast Gives Views On Handicap

A handicap system is used in such sports as golf, bowling and horse racing and has not reduced the excitement, thrill and incentive to win by either or any of the participants. In fact, I'm sure that the handicap system has greatly expanded these sports perhaps more than any single factor. There is still the open competition in these sports with a huge following of rooters and backers which is essential to any sport. Knowledge of the game is another big factor in the enjoyment of any sport and knowledge of any sport comes mostly by participation. People will come to see a sport which they are not too familiar with just out of curiosity but to keep them interested they must feel the game and to feel the game you must know how difficult it is to pitch a ringer, a double ringer, 50%, 60%. They must feel the tension a pitcher faces when he tries to top a ringer. They must feel the agony a pitcher goes through when his legs ache, his arm is tired. They must know of the handicaps, of the burning sun, the gusting wind, and numerous other noises and distractions. I firmly believe that a handicap system is one of the ways of getting people to pitch horseshoes and to feel and suffer and enjoy those thrilling moments which come to every horseshoe pitcher. There are many people of all ages who have never pitched a horseshoe but given the proper incentive and a chance to win would and could develop into perhaps even greater horseshoe pitchers than we now have.

If horseshoe pitching is to progress competition must be very close and not in the hands of a few especially in the local clubs who we know are going to win the big tournaments. I am definitely not against open competition but we must develop more horseshoe pitchers if there is to be keen competition in all classes and the handicap system seems to me to be the answer to stimulate the beginners with the will to win on a nearly equal basis.
