NHPA President's Message

It is hard to believe another year, let alone two years, as your President, have slipped by. In my opinion we have progressed our Sport in some areas. This could not have happened without the help, cooperation and support of many. So I want to thank and give credit where credit is due.

20. A SPECIAL THANKS for the more than 600 letters I have received in two years. Your comments, suggestions, and ideas (pro or con) were really appreciated, for it takes the help of many to make a big organization function and progress. (To the best of my knowledge, ALL LETTERS were answered) and the Executive Council received a copy of the majority of letters that I received and answered.

I would also hope that the entire membership will continue to work together in complete harmony. Thanks again for a successful two years.

Good luck to all participants in Lafayette.

Sincerely,
 WALLY SHIPLEY

Architect's drawing of the clubhouse which will be the main building of the Twin Peaks Horseshoe Pitching Country Club, located in the beautiful Texas hill country outside of San Antonio. Jaime Partlow, young professional architect and avid horseshoe pitcher from Houston, Texas, designed the clubhouse which will include locker rooms and showers; kitchenette; hall of fame alcove; spacious lounge/meeting room; and a wall of windows that allows a spectacular view of the surrounding countryside. Incidentally, architect Partlow credits his interest in horseshoes to Ed Domey and his very fine Heritage indoor courts at Sutton, Mass. Jaime pitched at Heritage for three years before moving to Texas last year.

Change For Progress

By Sol Berman

I sent letters to the top 50 pitchers about eight months ago. I asked them to vote on the three proposals listed below. I received 25 replies after four months. I sent the pitchers who didn't answer, a second letter, plus letters to 15 more pitchers. I received answers from 34 of the 65 letters. The results of the voting is as follows:

THE 48 MAN CHAMPIONSHIP CLASS

Yes — 27 No — 6 Undecided — 1

The purpose of the 48 man Championship Class is to attract as many of the top pitchers as possible to the World's Championship, and to have as many of the top pitchers as possible in the Championship Class. During the past few years the following top pitchers have failed to make the top 36 at least once: Clyde Martz, Maddox, Kabel, Focht, Knisley, Martin, Roy Smith, Stevenson, Toole, Engle, Schneider, Simmons, Donnie Roberts, Carson, Maylahn, Henn and Riffle.

The top 24 players would play a stronger schedule if the 48 man format was used.

The 48 men are divided into two groups of 24 men each. Each group would play a round robin of 23 games. The top 12 of Group A would then play the top 12 of Group B for a total of 35 games. The end result is exactly the same as the present format.

FORMAT FOR TELEVISION

Yes — 13 No — 17 Undecided — 4

Starting with a 48 man group playing the 23 game round robin as explained above. The top 7 of Group A play the top 7 of Group B for a total of 30 games. The top 5 men would then play on the last nite. Fifth place versus 4th place, the winner playing the 3rd place winner. The winner of that game would play the 2nd place winner, and finally the winner would play the No. 1 man the best 2 out of 3 games for the championship.

SHORTER GAMES

Yes — 18 No — 13 Undecided — 3

Most players agree that our games are too long. This is particularly true when the top pitchers meet. The game can be shortened by 25-30% by increasing the value of the ringer to 5 points. This automatically decreases the value of the single point.

The above proposals, plus the following two proposals will be made at the World's Championship. Read them over carefully so that you have your decision for voting.

I would like to propose that at each tournament, every pitcher be taxed ten cents. The money to be sent in with the results of the tournament to the News Digest. The money to be used to keep the Digest in the black and to increase the Editor's salary.

I'd like to propose that each pitching group at the World's Championship have its own meeting to discuss changes that they would like, that affect their part of the tournament. The results of the meeting could then be submitted to the executive council for action.

3rd Annual Mingo Junction, Ohio Open — Aug. 16-17-23-24

The 3rd Annual Mingo Junction Open Tournament will be held on the Steelmark courts in Mingo Junction, Ohio on August 16-17. Classes A, B, and C in the Men's Division require an NHPA card, also the Ladies' Class A will need an NHPA card. Entry fee, men, \$7.50, ladies, \$6.00.

All men and ladies classes below 30% will play on August 16-17. Junior class will play the same days.

Entries close August 30. Entry fee for Class D and beyond, \$7.00, no card required. Ladies Class B — fee \$5.00, no card required. Send all entries and fees to George Hall, 1423 Hill Ave., Brilliant, Ohio 43913. Phone 1-614-598-4809 after 9 P.M.

"Game-Leg" Raymond Cops Cowboy Open At Rawlins, Wyo.

"Game-Leg" Raymond, a Ferris Mt. cowpoke, can't stay atop broncs but despite the handicap inflicted by his four leg saddle bearer; "GL" successfully roped his opponents in the Comboy Open at Rawlins, Wyo. July 4 & 5. It appeared for awhile that "GL" would have to depend on one leg to get from stake to stake but a three-way tie at the end of regular play in the men's Class A for first place was the stimulus he needed to finish branding his competitors from Colo. In the two game play-off, Game-Leg first eliminated worthy opponent Geo. Patton of Berthoud, Colo. then proceeded to lasso Jim Tulk of Greeley, Colo. as a finale.

Bindschadler, a dude from Laramie, Wyo. barely got by Ariz. HPA president Lynn to take top honors in Class B. Dearing of Colo. Springs, Colo. won the play-off with Sam W. Hayes of Rawlins and thereby captured top spot in Class C.

Alice Abrams of Denver, Colo. went undefeated in the ladies class of five participants. She tossed a total of 200 shoes or 500 lbs. of iron without a loss except for a few pounds of personal property. Mrs. Game-Leg and daughter Sandy captured second and third places respectively in the ladies Class.

CLASS A — Raymond, Wyo. 9-2-51.5; Tulk, Colo. 9-2-56.4; Patton, Colo. 9-2-51.5; Grisenbach, Colo. 8-3-52.9; Bustos, Colo. 7-4-46.5; German, Wyo. 7-4-43.6; Engle, Colo. 6-5-47.7; Lenz, Wyo. 4-7-37.3; White, Wyo. 2-9-35.4; Krysl, Wyo 2-9-30.5; Laughlin, Wyo. Forfiet.

NEWS DIGEST

Dear Mr. Cobb:

In the May issue of the DIGEST Deborah M. Michaud mentioned the women and junior players. I would like to mention something about senior players. I think that the sport of Horseshoe Pitching has grown to what it is today because of the older players, and I don't think it's fair to have only 12 or 16 senior players in the World Tournament.

I may be wrong, but in my opinion you could have had 6 or 8 classes of 8 senior persons each. In the 1974 World Tournament held in Keene, New Hampshire, there was one night that we could have played 50-shoe games very easily. On one night there was a chance for us to play 4 hours — that would have been enough for 6 classes of 8 persons each. I am sure many senior players would have been happy to play in the World Tournament. Thank you very much.

Sincerely yours,
Rene Rodrigue

Wally Shipley
President of N.H.P.A.
1532 Prospect, Apt. No. 9
San Gabriel, Calif. 91776

Dear Mr. Shipley:

I am writing you on behalf of the raise in the N.H.P.A. dues from \$1.50 to \$5.00. We are one of the Horseshoe Clubs in the State of Minnesota and surrounding area that are 100% membership in the N.H.P.A. Our club was organized sixteen years ago and we have been 100% for eleven years. Our membership at our spring meeting of April 7, 1975 went on record opposing the raise of 233% because of medicare caliber and don't enter tournaments and are not interested in horseshoe on a National level.

When we joined the N.H.P.A. 100%, we did not think too much of the fair dues of \$1.50, so we joined. This \$1.50 came out of each man's dues for the year. With the raise in the National dues, to pay for this raise, our dues would have to double and that is where our membership objected. If you would have raised it 50¢ or even \$1.00, I don't think anybody would have objected.

We will still have some members belonging to the N.H.P.A. (about 15). These are members who pitch tournaments and have a fair average. Seventy-six of our members will not belong.

Our season in Duluth, Minnesota is short. We play 13 weeks.

Thank you,
George “Hots” Anderson
Executive Director
Duluth Municipal Horseshoe Club

Dear Friend Ellis:

First, I want to compliment you on the fine job you do in publishing the Digest. Certainly all the members do appreciate your good efforts.

In going over some figures on the World Tournament I find the following:

The 1972 qualifiers had only 16 entrants from the western one-half of the United States.

The 1973 qualifiers had 97 entrants from the eastern one-half of the United States.

The 1974 qualifiers had only 5 entrants from the western one-half of the United States.

Inasmuch as that 67% of the membership is in the Eastern one-half of the United States and the majority of this 67% is in a radius of 700 miles of Indianapolis, Indiana, it seems plausible that the World Tournament should be held in the area where the membership is heaviest, and this would give the Tournament a greater amount of entries, as witnessed by the entries at Greenville, Ohio. Perhaps this would help the financial situation, as well as giving the majority of the membership a greater chance of participating.

In holding these tournaments primarily in the last few years on the east and west coast, it seems this makes a hardship, physically and financially on the majority of our membership. Perhaps, I am wrong, but this is my personal opinion.

Thanking you, and wishing you and all the members a truly productive future in horseshoes.

Yours Very Truly,

Pat H. Fitzmorris

Mr. Ellis Cobb, Editor
Horseshoe Pitcher's Digest
P. O. Box 1606
Aurora, Illinois 60507

Dear Ellis:

I've been reading in the Digest that a lot of changes are being suggested and I hope will be discussed at the Indiana convention.

I've been pitching and bowling for 40 years and I like the Bowling Tourney Idea of more than one entry (some unlimited), but I don't think more than two would be advisable for Horseshoes, I would strongly advocate two.

My reason for two is that people who travel hundreds or thousands of miles and then pick an off-day to qualify are very sad people. Also the World (and even the state) can always use the extra cash that a double entry will bring.

The cry will quickly arise that there will not be enough time to have double entries, but **not all** pitchers will want or need to go twice and by having all classes (except Men's Championship) pitch 100 shoes, I think you can keep the time element within reason.

I hope this will be discussed at the Indiana Convention.

Although I'm living in Johnstown on retirement, I'm a charter member of the "Bristol Township Club" and am working for and anxiously awaiting the "World" in 1976.

Happy with the Digest,
Sincerely,
Chick Denk

Dear Sir:

Whether a horseshoe pitcher who participates in tourneys on a regular basis, or one who probably pitches a large percent of the time at picnics, or just in the back yard, no doubt both types will admit he enjoys pitching horseshoes. But, speaking now of only the first type pitcher, the tourney pitcher, does he really enjoy pitching horseshoes that much, when he wants to get it over with, or at least the tourney directors do with the fifty shoe games.

With the cost of trophies, etcetera, going up, and possibly entry fees, pitchers should want to get as many shoes pitched for their fee as possible. I must admit that tourney directors perhaps prefer the fifty shoe games, making it much simpler for them and less paper work, etcetera. Admittedly also is the argument that it enables pitchers to "get it over with," and get started home.

Couldn't starting times be advanced a little? In Maine this year, for the first tourney spring round-up, it will be fifty points or seventy shoes. Of course, some will argue, no one will have to come from out of state so there will not be the distance to travel, and no need to "get it over with." But Maine has some long distances, and some Maine pitchers will still have a long road to travel, and no chance to get it over with.

Pro or big league participants in sports: baseball, football, basketball, hockey, golf, tennis and many others I may have overlooked, pride themselves on being in tip-top shape to participate against each other in team and individual sports. I know our very top pitchers country-wide in the Class A Worlds, yes, even the B and C division, must pride themselves also to be able to go through a gruelling tourney of fifty points with the long cancellation method. But I don't think it should be lowered, the quality of our best pitchers should also be the same, just as of the above mentioned sports. True, as has been pointed out, the spectators might get home to a late, cold supper; but, a true dyed in the wool spectator will grab a sandwich, so to speak, and watch the duel to the bitter or sweet end.

This is not a slam against our many fine and dedicated tourney directors, plus the thousands of spirited and greatly devoted horseshoe pitchers, but it is up to the pitchers themselves to make it known to the directors that I'd like to get my money's worth of pitches in, or, "get it over with." As our Governor said in his winning campaigns, "Think about it."

Your horseshoe friend,

Paul Rohrs

Dear Sir:

Ever since I belonged to the N.H.P.A., year 1962, I have received the News Digest. It gave me a lot of information. I learned the names of the best players in the country and their ringer percentages. I enjoy the different articles it has been publishing too, recently. I never knew there was an association like that before I joined. Keep up the good work.

Horseshoe Pitching Not A Spectator's Sport?

By Ed MacFarland

Who said so? Let me take you back 25 years. In 1950 the great Fernando Isais was in his string of six consecutive World Championships which began in 1947. In this World Tournament he won his first 32 games. In the thirty-third game Stan DeLeary of Arizona defeated Isais 50 to 43 for his only loss of the tournament.

But, what I really want to tell you about is a play-off game for second place. It was between those great Hall of Fame pitchers, Ted Allen and Casey Jones. Each had won 31 and lost 4 to tie for second place. Casey had just lost 50 to 46 to Fernando. Our Editor, Ellis Cobb, also accounted for one of Casey's defeats — a 50 to 43 game.

Ted had lost his fourth game to Fernando in the 32nd game, 50 to 41.

Casey and Ted were to play one game and the winner would finish second. It was about 11:00 p.m. when the game began. There must have been 2500 to 3000 people gathered around this one court. The crowd included all the pitchers. The silence when the pitchers were actually pitching was almost complete. It was as if everyone held his breath. When a shoe missed the peg or bounced off you could hear the crowd sigh or gasp as if there was one giant breath. Ted Allen, you know, had had much experience in entertaining crowds and when he missed a shoe it seemed to shock him. The game was a seesaw affair and very close. Any shoe missed was certain to mean the opponent would get three points because these great pitchers were throwing well over 80%. One thing that happened during the game was unusual. An enthusiastic spectator who probably had visited the "pub" quite often that day shouted loudly "come on Casey" just as Ted was in the middle of his swing. The shoe went awry and Ted just stood there holding the second shoe in his left hand but not making any move to get ready to throw it. Casey questioned Ted about the delay and Ted told Casey he should get to throw that shoe again in view of what happened. Casey agreed and Ted raced down to the other end, retrieved the shoe and then threw a fast double.

When the game was finally over after 140 shoes, Casey had won 50 to 48. Friends, that was the most exciting game I have witnessed in 40 years of horseshoe pitching.

Horseshoe pitching is exciting when properly staged. The ingredients are: An even match; a game that will affect the tournament outcome; the audience must know who the players are and the exact score.

Can you imagine a game on television where two great contestants are playing for prize money and the sports commentator has beside him a "color man" like Ted Allen who comments on the game, the players, etc. and you get an instant replay. The audience will see the pitcher reach up and catch a shoe and then throw it again. It could be very exciting!

A Reader Comments On Increases

To the National Horseshoe Pitchers Association of America;

I am greatly concerned about the article on pages 21 and 22 of the July issue of the News Digest on Notes and Analytical Information.

It is stated in 1974 there were 3996 memberships @ \$1.50 making a total of \$5,994.00. In 1975 there are 1060 memberships @ \$5.00 making a net of \$5,300.

It was stated that just looking at the above figures prove that raising the 1975 dues definitely accomplished its purpose. Approximately one fourth of the membership in 1975 have produced almost all the fee of the 1974 total.

I will grant you are right if you are just looking at the money side of it, but how about the loss of 2,936 members in 1975? Surely memberships is what the N.H.P.A. really needs. It appears to me money is more important than members according to your calculations.

Last year Iowa had 196 N.H.P.A. members. This year we only have 80 members so far. However we have 200 pitchers holding Iowa Hawkeye Horseshoe Pitchers Association cards. This year we are also publishing our own Iowa Newsletter which is proving very interesting to our Iowa Pitchers and players from the neighboring States.

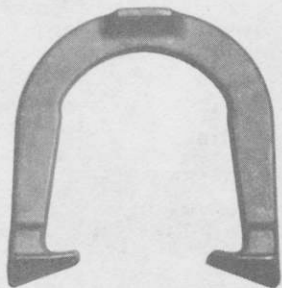

I am sure that the drop in N.H.P.A. membership, and the loss of subscriptions to the News Digest came about by raising the 1975 N.H.P.A. dues to \$5.00 and the subscription rate of the News Digest in 1975 to \$5.00.

I am a 1975 member of the N.H.P.A. and a subscriber to the 1975 News Digest. However I think the amount for dues, and the subscription rate for the News Digest should be reconsidered for 1976.

Sincerely yours,

Leonard L. Williams, I.H.H.P.A. President

Our State Association Organization

By Russ Sweeney — Mass. Secretary/Treasurer

The intent of this article is to make known the various methods of operation within our state associations. I am not knowledgeable of how other states operate and with an exchange of information we can all benefit. It is hoped that this subject will be covered monthly. The cooperation of the responsible state officers is requested. I offer the following information on my state for your consideration.

Our Massachusetts H.P.A. is presently organized and operates in the following manner:

1. We have a Constitution and By-Laws that adequately take care of our needs.

2. Our Constitution provides for four elected Officers, namely: President, Vice President, Secretary Treasurer, and Publicity Director.

3. It also provides for an Executive Board. This is comprised of the elected officers, representatives from each of the major playing areas and a womens representative. At present the board totals fifteen members. We meet as required, normally twice a year during the off season. In general, policy is determined, schedules are established and details pertaining to all subject matter are resolved. We find this to be a very effective way to conduct our state business and it involves more members in sharing responsibilities. This Board has the authority to act on their decisions, this is subject to veto by the general membership at the annual membership meeting. This option has not been used, nor do we expect it will be.

4. An annual general membership meeting is held in conjunction with our state tournament. Minutes of all meetings are read, including actions taken by the executive board. Suggestions from the members are sought at this meeting, as they are at all times.

5. Records are kept on all players and are strictly used to properly seed tournament participants.

6. At the conclusion of the outdoor season we enjoy an "Annual Awards Banquet" with our wives. All special awards are made at this event.

7. We have a "State Hall of Fame" and in addition we are planning an Annual Award that will pay recognition to worthy members not considered, at the present time, to be eligible for our "Hall of Fame".

8. Newsletters, to all members, are published twice a year. This provides information on what has happened, what we hope will happen and tournament performances of all members. These are published in April and December and contain membership and Digest subscription renewal forms. Providing this form and encouraging early renewals does work. Seventy-five percent of our memberships are received prior to our first outdoor tournament.

We believe our Association to be a well organized and efficient one. A report from you may enlighten us to areas we have overlooked. Let's hear from you. I will gladly provide additional information upon request.

*An interesting horseshoe personality . . .***Phil Zozzaro of Little Falls, New Jersey**

By Bob Sutton

Phil and Rita have been married for thirty two years. Now 53, Phil has lost none of the sparkle and zest for life that I noted when I first met him more than ten years ago. He makes his living operating a trucking business

in New Jersey. A good deal of his spare time is spent playing or promoting his favorite pastime—horseshoe pitching. Rita, while not a player herself, enjoys meeting people at the various tournaments. She finds it fascinating to talk to the many different kinds of people from the various walks of life who are drawn to horseshoe.

During his school days Phil played baseball, football, and basketball. When he was about twelve he became interested in 'shoe pitching. For a long time he threw the flip, but in 1958 he had the good fortune to meet Bill Kolb and Paul Puglise. Bill and Paul convinced him to change to the 1¼. Since the change Phil has been fairly successful with his pitching and generally averages in the 55 to 60% range. As with many of us, he is still looking for that elusive, extra 10 or 15%.

Always a great competitor and a good sport, Phil's presence adds to any tournament he enters. In my judgment, however, his greatest contribution to horseshoe has been his work as a promoter and organizer. At one time or another he has held all the offices of the Middlesex Club, and he played an important role in bringing the World Tournament to New Jersey in 1971. Incidentally, Phil hopes to see New Jersey host the Tourney again in the future.

In addition, he enjoys helping out at horseshoe clinics in Clifton and Passaic. These clinics are designed especially to promote interest among the younger generation. At the present time Phil is President of the Inter City Horseshoe Club in Clifton. Recently, four recessed clay courts were built in the gym of a local church. Horseshoe pitching is truly getting to be an all year round sport!

Last year, as a result of all this, Phil was elected to the New Jersey Hall of Fame!

Regarding the future of the game, Phil is in favor of a considerably larger championship class. Too often top pitchers have failed to make the top thirty-six. Also, if the top class were larger, many more pitchers would be willing to travel and try to qualify—often a very expensive proposition—especially when the tourney is on either coast. He believes that if a larger group is structured so that the championship remains in doubt to the very end, it would help to generate interest and increase prizes. This could be done by eventually reducing the class to the top eight men and have them battle it out on the last day.

At the local level Phil would like to see larger A classes, also. He feels that it takes most newcomers much too long to gain the opportunity to challenge established pitchers.

Keep up the good work, Phil, and may there be many more ringers in your future!

In Memoriam

North Dakota lost its winningest horseshoe pitcher ever when Art Engebretson died June 10.

The 67-year-old Fargoan won the state title 16 times and captured hundreds of trophies while competing in open tournaments.

All of the championships and trophies were not most important to Engebretson. He cherished the friendships that "his game" brought during a 50-year career.

Engebretson, and his wife Inez traveled to tournaments throughout the Upper Midwest. He competed in the World Tournament here in 1967 as well as the one at Salt Lake City, Utah, in 1956.

Art's favorite tourney was the Red River Valley Open which he originated 28 years ago. Nothing pleased him more than having the tourney named the Art Engebretson Open in 1973.

The sincere sympathy of those who knew him is extended to his bereaved family in their hour of sadness.

Ed McFarland Top Gun In Arlington, Texas Open

It was billed as a classic shoot-out between the best pitchers Oklahoma had to offer and the four top guns of Texas. When the smoke had cleared only Ed McFarland of Texas was left standing and he was declared the victor in the 1975 Arlington AA Open with a 7-1 record. McFarland suffered a near fatal wound in the third round when Bud Hamilton, deputy sheriff from Yukon fired a 71.2% game at him. Bud was nicked early in the contest by Graham when his ammunition ran low but rallied to down six opponents and force McFarland into a show-down for the title. Bob Graham of Houston adjusted the sights of his trusted 45 Allens after being laid low by the fast gun of Charley Brewer and managed to take third with a 5-2. Hatton, Woodson, Crist and Fitzmorris were all shot up early but managed to finish on their feet and were last seen entering the Last Chance Saloon. Bad Pat Fitzmorris vowed that next year, their group would bring down lighting-fast Andy Mogus of Bartlesville, an evil left-handed gunslinger who is reported to have over 17 notches on his Allens.

In Class A, Merle Miller of New Mexico rode off with the gold dust as he parlayed 6 straight wins for the title. Sid Plott, constable of Shreveport, Louisiana took second with a 4-2. In class B, Bob Emerson out-duled Bob Binge for the top prize with Bob Alexander and Glen Morris winning Class C & D respectively. In Class E, Marshall Pat Emerson kept his white hat by running Wells, Head and Duhon out of town. Joe Pizzini shot his way into the winners circle with a perfect 4-0 in the Junior Class. As the sun faded into the West and the bone-weary contestants finished their last drop of Red Eye, most agreed this was one of the best frontier fights in recent history.

Carmack Tops In St. Louis, Missouri Open Tourney

The day was beautiful around seventy five to eighty and not a cloud in the sky. This no doubt one of the finest tournaments Carondelet Park ever saw. We used the point system cancelation method and every one went home happy except the losers. Joe (Abe) Sharpshooter Carmack took first place in Class A. He averaged around eighty percent. We spot checked the games for various people. Henry Franke one day before his seventy fifth birthday showed the youngsters that he still could pitch. He averaged fifty two percent to come in second in Class "B", should have come in first but young Charley Webb cleaned the field. He in time will be up with all the greats.

Bob Graham Sweeps Matt Bowers Open At San Antonio, Texas

After surviving a shaky start and a near loss to Jim Woodson in the opening round, Bob Graham picked up steam and swept six opponents en route to the Class A championship of the 1975 Matt Bowers Open. Thirty-two contestants squared off on the beautiful six-court layout at the Twin Peaks Country Club, with the days festivities being concluded with a combination Bar-B-Q and song-fest around a blazing campfire.

Ed McFarland made a determined effort to unseat Graham as he pitched a fine 66% game in the finals, but Graham was not to be denied as he put together a 72% game to wrap up the tournament. Jim Woodson picked up third place honors with a steady tournament, bowing only to Graham and McFarland.

In Class B, Chester Zarnicki powered his way to his third consecutive crown with a 7-2, 35% tournament. Sid Plott took second with Jeff Gaston third. Bob Emerson, the flip artist from San Antonio was tough in the clutch as he went undefeated in Class C. George Meyer from Arlington continued his strong pitching to take second place honors. In Class D, Larry Long from Grapeland put together his best tournament to breeze through undefeated with Cliff Jenschke nailing down second spot. Robert Duhon edged Jamie Partlow to win Class E with a clean 5-0 slate.

Domey Breaks 80% Barrier — Wins Mass. Open

By Russell Gadoury

Ed Domey boosted his winning streak to 35 consecutive games and recorded his first 80 percent tournament to win the 1975 Massachusetts Open at Heritage Recreation Center, Sutton. Don Weik provided Ed's stiffest test in Game 6. Ed started 18 for 20 and trailed 1-3. It took him 58 shoes to pull ahead 20-18 and 34 more shoes to win the 40-point game. There were 17 four deads. Art Tyson finished second and Norm Rioux, third. Norm had tournament high game, and his personal high, 90.6%.

The magic word "cash" inspired Dan Beane to a Class B title and career high tournament, 64.4%. It sounded good to Paul Dumont also, who pitched his high, 56.5% and a clean sweep of Class C. Guido Giorgetti, always tough in the clutch, won a second game playoff over Hub Sasse, 40-39, to win Class D. Both pitched 57.7%, well over their averages. Hub had come through with a 53.4% effort in defeating Joe Pepi in the first play-off game. With a 31-9 lead, Bob Kibbee went ice cold for ten boxes and Tom Cook took full advantage for a 41-38 play-off victory in Class E. Harry Reid pitched a fine 51.8% play-off game over Dick Shepard for Class F honors. Nick Vafides recorded the first shutout in New England in the last five years enroute to first place in Class G. Ray Degrenier broke 40% and Jim Gallant 30% for the first time to win Class H and Class I, respectively. Class J honors went to Jim Taverna, followed closely by Bart Sargent and Bill Crouch. This was the first time either player had finished so high in the standings, so it was understandable that they would prefer trophies to cash.

Yes, I said cash! There was sufficient interest in cash prizes that all men were pitching for the same amount, \$55 per class. Payoffs were \$25, \$15, \$10, plus \$5 for high game out of the money. Trophies were available for those who wanted them. All men's games were 40 points, no shoe limit. There were no complaints that the classes were unfair. Each player had his entering average indicated on the tournament flyer, and averages for each class were posted.

The ladies pitched 50-shoe games, used handicaps, and pitched for "Princess House" crystal. Edith Gadoury, a late entry, surprised everyone, including herself, and won the class. Anne Domy wasn't going to pitch until she saw the prizes, and wanted the candlestick holders bad enough to finish second, about 8 percent over average. Debby Michaud fell off in her last two games, could not overtake the spot scores she was giving everyone, and had to settle for third place.

Barbara Domey pitched 39.5% on the way to a clean sweep in the Girls' Division. Rick Howe won Boys A with a typical 77.5% performance. Mark Ricciardi swept six in Boys B with a fine 48.8% effort. Five very young boys played their first tournament in Class C. Peter Cerianni swept four with a 14.5% effort. Brian Towle finished second and Jay Dolan, third. Jay was seen clutching that trophy all the way home. He'll be back!, as will the others.

Interested In Boosting Your Club Membership?

By Russ Sweeney — Massachusetts Secretary

If your Club has the desire to increase its membership and attract new players I recommend that you conduct a novice tournament such as the St. Moritz Club, Quincy, Mass. held recently. The following guidelines, adapted for the use of six courts, were used in the running of this tournament:

1. Notification of the tournament was published in local newspapers. An equal source of publicity would be posting on bulletin boards of super markets, lodges, churches, etc.

2. This was open to all interested persons except past or present club members and state association members.

3. A choice of three consecutive nights was allowed the contestants to qualify. Handouts were given to entrants when they registered. This provided the necessary tournament details and served as a welcome to the club courts. An invitation was extended for the contestant to join with us at the conclusion of the tournament.

4. For qualifying we used the count all system for fifty shoes pitched.

5. The high twelve qualifiers were advanced to the final competition which consisted of two six man classes, namely "A" and "B". At the conclusion of round-robin play, thirty-five point games, the winner of Class A became the 1975 "So. Shore Amateur Champion." The winner of Class B was designated as Class B Champion.

6. Two engraved trophies were awarded in each class. A drawing was held and two of the contestants were awarded a pair of horseshoes.

7. Awards were donated by the host club with no entry fee charge to contestants.

8. Final results were published in local papers.

The contestants enjoyed this tournament. We enjoyed hosting it and met some interested players that did not know of our existence. We had twenty-seven qualify and as of this date fourteen have joined with us and are actively engaged in our activities. In addition a few have brought in the fellow they used to play with in the backyard.

This can work for you and possibly with better end results. Try it once or twice a year to build your membership. The backyard player is unaware of organized play or of your existence. Do him and your club a favor, let him know about your club and extend a welcome to him.

Domey Wins Anniversary Open At Sutton, Mass.

It was just another local tournament — the Anniversary Open at the indoor capital of horseshoe pitching, Heritage Recreation, Sutton, Mass. until Carl Steinfeldt called Ed Domey to see if there was a spot open. "Sure thing, Carl, we can fit you in." Domey has been pitching great lately. Twenty-one wins in a row, 80% games on demand. Can Ed take Carl in that final game, or even keep the score close? No one gave much thought to Norm Rioux's or Art Tyson's chances. Their games had been a little off lately.

You know how it goes. One of the greatest pitchers the sport has known hits one of the local tourneys and the local hot shots press a bit and fall by the wayside. That's what happened last year when Carl swept seven without working up a sweat. The 1975 edition didn't quite follow the usual pattern. Thirty-five points was the name of the game. Carl's first game, at 76.2%, was an easy win, only 42 shoes. Second game, 78.2%, but 78 shoes and Norm Rioux's 83.3% is good for an upset with, 36-27! In game 3, Bernard Herfurth, who is celebrating the 50th anniversary of his first tournament, takes a run at him but falls short, 27-35. Carl picks up the pace in game 4. Joe Schultz fires a 77.1%, but he isn't even in the game as Carl hits 88.6%. Game 5 is about the same, 84.6%. In game 6 he meets Art Tyson. Tyson proceeds to take Carl out in 70 shoes, 36-31! Now Carl needs to win against Domey, just to have a shot at second place on percentage! Domey already has the tournament locked up with a 6-0 record. Now we all know that when you are playing the best, a locked up tournament doesn't mean a thing unless you also defeat the best player. Would you believe 87.1% and a 36-10 win?!! Steinfeldt finishing fourth? You gotta believe, because it actually happened.

Undoubtedly Carl was not at his best today. It's a credit to the man that writing up something this way is not a source of embarrassment. Occasionally the best player does not win, and this was one of those days. Carl was a marked man. He ended up pitching more shoes, 450, than anyone else simply because everyone gave him their best shot. Today those best shots were good enough.

In other classes, Russ Gadoury swept seven to win Class 2. Classes 3 and 6 were won by a father-son combo, Hub and Mike Sasse. Guido Giorgetti was in top form and took Class 4 handily. Al Larose may have found a secret to success. He recently underwent a cataract operation to see the stake better, and changed from a $\frac{3}{4}$ to a $1\frac{1}{4}$ turn for good measure. The result was a clean sweep in Class 5 and his highest percentage in a long time. Debby Michaud pitched her high percentage for the winter, 60.2%, to sweep the Ladies class.

This tournament wraps up another winter season of activity at Heritage. The 113 men who competed was an increase of 29 over last year. Eighteen men pitched in all seven events and 63 pitched in at least three. A large number were new pitchers getting their first taste of tournament play. Most of those became repeaters. All who worked to make each tournament a success are

thanked. A special note of thanks to the retiring Massachusetts president, Don Harrison. Don gave up his own playing time to work "behind the desk." Finally, a big hand for the ladies. There has been such an increase in their interest that a Ladies division has become a fixture. Once they tried it, they showed up every time.
