No. 8

FROM YOUR PRESIDENT . . . DAVE LOUCKS

How do you support the NHPA and the growth of our sport beyond buying a membership card? Do you participate in and support NHPA sanctioned tournaments or is your interest primarily in the resident club and local, stay at home, activities?

It is an unfortunate fact of our sport that a big majority of the membership is not interested in the national growth of horseshoe pitching. They are apparently not concerned by the lack of media coverage, by the absence of sponsors and the general indifference to the sport itself. Is it all too true that 10% of the membership does 100% of the work for 90% of the pitchers who really don't care?

This year marks the first time for Regional Tournaments and a World Tournament where the bid was 60% more than ever before. With more than \$5,000 in prize money in each of the Iowa and Oklahoma Regionals plus near \$60,000 in the Pleasanton World Tournament, one would think the events would be well attended. But, they weren't, at least nowhere near what they should have been. Entries did not reach expectations for any of these 3 major events.

For some, there were legitimate reasons for not attending. But, for many, reasons merely become excuses for indifference. Something is wrong when a sports activity cannot generate enthusiasm and support among members let alone the outside media and sponsors we seek to attract. Perhaps we need a change in the direction of our sport. This is not a new idea but one expressed in 1940 as it was perceived and written about in the publication HORSESHOE WORLD. Even then, participants were calling our sport monotonous and totally lacking in spectator appeal. Now, 48 years later, we still hear much of the same as the search goes on to bring recognition to Horseshoe Pitching.

WORLD TOURNAMENT COMMENTS

By BOB CHAMPION

World Tournament time is just around the corner and more than 825 hopefuls are polishing up their games in an attempt to win one of the World Championships.

Looking over the pamphlet from Kevin Cone regarding World tournament All-Time victory leaders, it appears that Boulder's Ted Allen has a super lock on a career total number of wins. Ted won 771 games in his 31-year span at the World. At present the closest active competitor in the Championship class is Jim Knisley of Ohio. Jim has 435 victories and with some luck and maybe a little Geritol could pass many of those listed ahead of him. At present Carl Steinfeldt has 10 and Don Titcomb has 435, but both of these former Men's Champions have elected to pitch in other divisions this year.

WORLD TOURNAMENT COMMENTS—(Continued)

Among the active pitchers in the Championship class this year in the top 50 include Mark Seibold with 412; Walter Ray Williams, Jr., 248; Jesse Gonzales, 190; and Art Tyson, 187. Glen "Red" Henton is 14th on the list, but has been competing in other divisions for several years. Red won 375 in the top class.

In Women's circles the top five listed all competed last year. Vicki Winston, 10-time World Champion, has 186 wins; Ruth Hangen, 125; Phyllis Negaard, 91; and Debbie Michaud, 91. Former Champion Lorraine Thomas is not competing this year. She is third on the All-Time list with 111.

Other active women in the Championship class this year will include Boinnie Seibold with 67 wins; Fran Carnahan, 42; Tari Powell, 34, Diane Cantin, 23. Sandy McLachlin, the 1987 winner with 16 wins, should move up the ladder this year.

The girls Championship division probably will have a new leader when Debbie Bestul takes to the courts after another title. She has 22 wins, five behind the leader in this group, Lina Pateneau, with 27.

In the Senior men's division, Glen Portt is now second behind John Manker, who has 62 wins. Portt could take the All-Time lead by increasing his present figure of 54.

In the Junior boys group Edward Neeb with 31 and Chad Hyatt with 27 have a chance to move up the ladder. Alan Francis is the leader with 61 wins in 70 games, and an 81.7 percentage overall.

SYNTHETIC CLAY NOW AVAILABLE

Sports Enterprises, Inc. is pleased to announce that the research and development of a synthetic replacement for clay has now been completed. We had a complete court full of this new material at the Greenville, Ohio, Ringer Classic where all the pitchers had the opportunity to pitch in it for three days. During that time all comments were 100% positive.

HORSESHOE PALLADIUM SYNTHETIC CLAY has all the good qualities of clay. Every shoe stays where it lands. Actually it holds ringers and close shoes better than clay. It is soft. Shoes will penetrate and sink in just like clay.

This product has many good qualities that clay never had. It won't stick to horseshoes, clothes, hands or anything else used in pitching. It never requires any care.

All the dust and dirt associated with our sport are now in the past. This product is the perfect replacement for clay. No more dust, no more dirt, no more work. All you have to do with this synthetic material is pitch shoes into it.

We could spend a lot of time telling you how great this material is since we have it here to look at and pitch in, but you will have to decide for yourself. You will be amazed.

Should you be interested in this product, just give us a call at 216-688-0882.

the cost of this HORSESHOE PALLADIUM SYNTHETIC CLAY is \$3.25 per pound plus freight. A cubic foot of the material weighs 84 pounds. We can talk to you about how much material will be needed for your court.

Again, this product looks like clay and acts like real good clay, but it is a totally clean synthetic material. Just talk to any of the pitchers who competed last week in Greenville.

This material is totally different than the white stuff on display at the 1987 World Tournament.

In Memoriam

Charles T. Bailey—For all horseshoe pitches who ever met him, the Oklahoma Horseshoe Pitchers Association, friends, members and families, there will be a void in our lives and at all horseshoe events, replenished only by our fond memories and love for this wonderful man.

It has been said "Charlie was everything a horseshoe pitcher should be." With his colorful personality, he touched all of us with dedication, integrity, love and humor. He was the instrumental backbone for this sport in our state. Even as he became unable to pitch, he was always there, to encourage and support.

The last words he spoke to our chaplain, Jerry Holt—"I'm sorry, I won't be able to help at the courts any more. Tell all the players hello."

Our deepest regards and sympathy go to his dear wife and lovely family. He will be remembered; a part of us is gone that cannot be replaced. A salute to you "Charlie (Four Dead) Bailey".

It is with sadness that we report the passing of Art Kamman, long time pitcher from Iowa and Arizona, on June 18, 1988. Interment took place on June 22 in Zoar, Indiana.

He was born and raised in and around Zoar, Indiana, attending schools there. He farmed there until he moved to Arizona in 1956. He retired from the Tempe, Arizona systems. He was State Champion of Arizona for 18 years. He also won the Valley of the Sun tournament at Mesa, Arizona several times. He also attended several World Tournaments.

The sympathy of the NHPA and that of Arizona Association is extended to his daughter, Sharon Terfehn, of What Cheer, Iowa, and four grandchildren.

ONE WAY ONLY

By GLEN PORTT

My long time friend and quail hunting partner for years was industriously mowing his lawn. I had tried many times to get him to join our horseshoe club but to no avail . . . even though he was a fairly good pitcher.

"Jim, I need to sign up one more pitcher for our tournament today. How about helping me this one time?"

He looked up at me. (Did I detect a sly look in his eye?) "What's it worth?" I knew what was coming. The previous hunting season I had purchased a new 20 gauge automatic. Jim had asked me to use it on various occasions. I would always answer, "Heck, no. I don't want an *amateur* hunter using *my* gun." I could see that now—I was about to pay the price.

"Well, I'll tell you what. I'll *think* about letting you use my 20 gauge. You know you always wanted to."

"Think about it?"

"Well, OK. I'll *let* you."

"I'll do it. Who am I pitching?"

"Nothing to worry about. It doesn't occur too often but today there happens to be five women in your class. But that's no problem. You can beat them easily if you'll just use a little psychology . . . and other things."

"Other things?"

"You remember how our wives kept pestering us to come up to our hunting cabin to clean it up . . . and how we finally let them?"

"Hey, you mean how we put those rubber black widow spiders under just about everything? Yeah, I remember." He bent over laughing.

"Well, when you pitch your first opponent, look down at the backstop, kinda gasp, jump back and say, 'Did you see that black widow spider? Look close when you pick up your shoes.'

"Then when she goes ahead of you to pitch, drop one of the spiders into the pit. Upon your return, point it out (if she doesn't see first), jump in, squash it with your foot and say, 'Gosh, there must be dozens of them around. Watch close!' You'll soon have her looking everywhere . . . except at the stake."

"Is that all?"

"Well, not quite. If the spiders don't do the trick, you might have to go to those baby rattlesnakes . . . the rubber ones. We haven't cut the grass between the courts because of the rain so when she's not looking, slip one out of your pocket, drop it near the 30' mark, discover it, jump back and say, 'My gawd, a *baby* rattlesnake. If there are little ones, there must be some big ones around. Be careful!'"

"What if all this doesn't work?"

"Slip one down the back of her neck."

That night I went to visit Jim in the hospital. He didn't appear too friendly. . . if you know what I mean. Just sat there and kinda glared. "I've been thinking," he said, "it's too bad you didn't take that road long ago."

"What road?"

"You *know* the one I mean."

Well, we do have a road in our town which says: CEMETERY . . . ONE WAY ONLY.

He couldn't have meant *that* one, could he?

REGIONAL DIRECTOR'S REPORT

By MARY VAN SANT

Dale Boss, Regional Director for Colorado, reports that he recently sponsored a doubles tournament to financially assist a diabetes victim. At least 50 merchants were visited in Longmont, Colorado, in an effort to obtain door prizes for the pitchers in the tournament. At least 40 gave something. They raised \$300.00; the feeling that they had helped a person in need was felt deep inside. George Rogers of Colorado sponsors two tournaments a year to help the cancer victims of Colorado. Dale states that many people love to pitch horseshoes for a worthy cause.

Bob Wells, Regional Director for Michigan, reports that this year with the help of Donnie Roberts they have put together a welcome packet for all new members into the Wolverine Horseshoe Pitchers Association. The packet has a welcome letter, an NHPA patch, a list of the state officers and various pamphlets from the NHPA. It has been very well received by their new members. Ard Max Curtiss reports that there is a lot of activity in northern Michigan and that several new clubs have been formed in the past two years. Michigan has raised \$3,500 for the St. Jude's Children Research Hospital in the past two years. They have good publicity on these tournaments and will host another St. Jude's tournament on Aug. 13 & 14, 1988, in Brown City.

ERNIE KIM . . . CERAMIC ARTIST-HORSHOE PITCHER

By STEWART SNYDER

Ernie Kim was born in 1918 at Manteca, California, of Korean ancestry. He is an active member of the Mosswood Horseshoe Club in Oakland, California; has been its President for six years and Secretary Treasurer as well. For eight years he served Northern California Horseshoe Pitcher's Association as 2nd Vice President, and in 1985 was elected a member of Northern California's Hall of Fame.

For two years he studied pre-dentistry at Los Angeles City College, then went into Military Service. Upon return to the U.S. at war's end, he decided his life work lay in the Artistic field in which he subsequently has excelled.

Ernie designed the colorful, meaningful, timeless LOGOGRAM for Northern California Horseshoe Pitcher's Association envelopes and stationery to portray the coming '88 World Tournament in Pleasanton. To use the Logo full circuit, he designed a brass belt buckle as well as other World Tournament souvenirs, all to carry this visual motif of the '88 W.T.

Ernie worked for twenty years as instructor and director for the Richmond Art Center in Richmond, California, prior to retirement in 1982.

During this time he established world-wide recognition in creative art . . . The Cannes Festival in France 1956 . . . Buenos Aires Invitational 1962; both exhibited his outstanding work. Smithsonian Institute, Washington, D.C., and DeYoung Museum, San Francisco, include his work among their prestigious collection. Many other museums across the USA, too long a list to enumerate here, display his work. Fifteen cherished awards won in State and National competition are mementos to his artistic skill. The California School of Fine Arts honored him as instructor from 1957 through 1962.

Military leadership was evident. "Gung ho," Ernie said he was, a 1st Lieutenant performing as Parachute Combat Platoon Leader when he led his 513th Parachute Infantry into the fray—Battle of the Bulge during the Ardennes Campaign. "We really caught hell," he remembered all too well. "I lost forty-three out of fifty men after eleven days of combat. I was wounded, captured, surrendered the town which we had taken and as prisoner of war, spent three months in a German hospital for disabled American soldiers." Ernie hastened to conclude . . . "When American forces crossed the Rhine, I was among the first POWs released to be sent home."

Ernie would be first to admit he's not a great horseshoe pitcher; not because his left leg now is two-and-one-half inches shorter than the right, and the left foot has no feeling . . . But then, who needs to pitch horseshoes to gain National recognition when he can achieve it—all for good of the sport—through CREATIVE ART?
