**LATTORE & LEVAGOOD**

22001 PARK STREET

DEARBORN, MICHIGAN

Improve your ringer percentage with the new Lattore Modern Horse Shoe. Made of drop-forged steel, reinforced to prevent breakage at the top caulk and perfectly balanced, it brings to thousands of pitchers throughout the United States the best and most economical Shoe on the market.

Another wonder feature is the large hook. These Shoes are furnished in any temper, hard, medium or soft. Order a pair and be convinced. Price \$2.50 per pair postpaid. Write for agent's prices for four or more pairs. Agents wanted everywhere. Get busy now for the rush orders.

**PITCH "OHIO" HOOK MODEL SHOES  
AND IMPROVE YOUR GAME**

USED BY

Bert Duryee, Ohio State Champion for the last three years, and runner-up in last National Tournament.  
Chas. S. Gerrish, champion of New England States.  
Harold Seaman, champion of New York State.  
Merle Stoner, former champion of California.  
Jackson Brothers of Iowa.  
Joe Dubie, champion of Montana.  
And many other champions.

**BERT DURYEE**  
Ohio State Champion

Joe Dubie, Champion of Montana, says: "I believe the "OHIO" Shoes are the best on the market. I successfully defended my title last fall making an average of 62% ringers, which is better than I have been able to do with any other make of shoes. You are to be congratulated on your fine shoes, both in material and shape."

You too can win with Ohio Shoes. A trial will convince you.

Hard, medium or soft temper, price \$2.50 per pair, postpaid. This price includes the 10% sales tax.

Write for agent's price in lots of 4 or more pair.

LONDON, OHIO

No. 4

WE BEG your pardon for being a little late with this issue, but we "waited up" for two pages of advertising from one manufacturer and an advertisement from a new firm in the field . . . we promise you the May number will be out soon after the first . . . as this is being written your editor is preparing to go to Chicago to see what he can do to help arrange for a tournament at the Century of Progress world's fair . . . we thank all our readers who have been writing the Century of Progress officials urging them to put on a tournament . . . we will try to present the wishes of all our readers while in Chicago . . . and there's a possibility an amateur organization may be set up . . . we will give the details in the next issue . . . there's lots of good horseshoe news in this issue and a great deal was crowded out so watch for a bumper crop of "ringer rythm" in the next issue . . . hope for the best at the conference in Chicago!

April, 1933

## HOPE OF A NEW DAY

THERE is great hope of a new day for horseshoe pitching in America.

For a great many years the Horseshoe World has urged more attention to the amateur side of horseshoe pitching. This magazine has also sought a conference of horseshoe leaders, that there might be a thorough discussion of problems of the game and plans made to place the sport on a broader and a better organized basis.

Through the efforts of B. G. Leighton, the Century of Progress officials and others this conference is being held in Chicago. Our hope is being realized and we cannot but feel that the horseshoe game will emerge from this meeting a bigger game, better organized, with an opportunity to grow in even greater proportions than it has in the past few years.

There need be no scrapping of our present National Association, but it may be augmented by an amateur set-up.

### OUR READERS COME FIRST

In publishing THE HORSESHOE WORLD, our readers come first. The magazine is printed monthly for them and every article is run with the idea of interesting them. Suggestions to the editor for the betterment of the magazine are always welcomed.

The time that your magazine expires is printed on the address slip, directly after your name, showing the month and the year.

Subscription price \$1 per year, cash in advance. Canadian subscription \$1.25; 10 cents per single copy.

Entered as second-class matter, March 18, 1924, at the Post Office, at London, Ohio, under the Act of Congress, March 3, 1879.

Pitchers Association

# Blair Nunamaker Retains World Title Crown

## Decisively Defeats Canadian Challenger At Miami Country Club

**B**LAIR NUNAMAKER, of Cleveland, Ohio, is still horseshoe pitching champion of the world.

He accomplished two things in a championship match with his Canadian challenger, Alphone Beillargeon, of Montreal, held at the Miami Biltmore Country Club, at Miami, Fla., last month.

He emphatically defeated Beillargeon and made a new ringer record.

Nunamaker won the six straight games from his opponent who seemed to become nervous under the strain of pitching a world's championship match before a crowd.

The scores were 50-9, 50-16, 50-22, 50-9, 50-8 and 50-5.

Nunamaker accomplished one-half of what he set out to do in the line of record-smashing, for he threw 198 ringers out of 264 shoes, thus establishing a new competitive world's record for high percentage of ringers. His mark was .752, which erased the former of .731 held by Charles C.

Davis, of Cleveland, who was Nunamaker's predecessor as champion. This record is the most important one in the ancient sport of barnyard golf and stamps Nunamaker as the greatest pitcher in the history of the game.

Beillargeon's percentage of ringers was up near the 50 point, but that wasn't good enough against the calibre of the Clevelander's confident pitching. Nunamaker reached his peak in the fifth game, when he pitched at least one ringer in each of the 25 innings, and won with a brilliant percentage of .735, and a score of 50-8. In this game Beillargeon himself threw 18 ringers, but only two of them counted.

Nunamaker pitched with speed and precision. His tosses had flatter trajectory in the air and settled at the base of the stake. He used the one-and-one-quarter turn style of pitching. Beillargeon's tosses described higher arcs and were aimed to hit

the stake farther up. He employed the one-and-three-quarters turn.

The shortest of the games was the 4th, which Nunamaker won at 50-9, with his opponent counting only two innings, and receiving credit for only three of his 13 ringers. Nunamaker in this game threw 11 double ringers in 17 innings, a great display of efficiency and accuracy.

Nunamaker, who has been wintering in Florida, is returning to Cleveland, O. After April 15 he will be located at 1303 East 141st street, East Cleveland, O.

He hopes to put on some exhibition games and hopes he will be able to average over 85 per cent ringers in his next title match, if he is challenged again.

Horseshoe fans of America are hoping that the Century of Progress Exposition in Chicago decides to hold a national meet and that Nunamaker can play in a regular tournament to defend his crown this summer.

### MAKES FINE RECORD

#### Guy Zimmerman Delights Large Crowd With His Shoe Tossing In Florida

In pitching 100 shoes on sand courts at Zephr Hills, Fla., Guy Zimmerman, Sac City, Iowa, who has been spending the winter in St. Petersburg, and giving exhibition pitching at different places, made 290 points, 95 ringers, of which 45 were double ringers. He missed putting one ringer on the peg in the 13th, 19th, 24th, 43rd and 48th innings. Beginning with the 25th inning and ending with the 42nd inning he pitched 18 consecutive double ringers. The score was kept by Geo. Lucas, Mt. Carmel, Ill., and the pitching was witnessed by a large crowd, among whom were G. A. Stevens, president of the club, whose home address is 706 Turtle St., Syracuse, N. Y.; Thos. Engle, 1725 East Paris road, Grand Rapids, Mich.; Glascoe C. Bailey, Lanesboro, Mass., and A. M. Perkins, Richland Center, Wis., who made affidavit that the record was made.

### USED MOSSMAN SHOES

Blair Nunamaker, who recently successfully defended his title as world's champion, used the new model Mossman shoes in his match at Miami Biltmore Country Club.

The Mossman Co. makes an important announcement in this issue regarding their new shoe and they also announce a prize contest.

### SEEKS EXHIBITIONS

Blair Nunamaker is seeking exhibition games of trick and fancy pitching. He will play all comers at clubs or outings. After April 15 he will be at 1303 East 141st street, East Cleveland, Ohio.

The Horseshoe World would like to have a card from the secretary of every state horseshoe association, giving the names and addresses of officers for season of 1933. These will be printed in a directory form. Don't fail us—do this today. Perhaps some state officials fail to take the magazine—if such is the case in your association, please notify your secretary.

\*\*\*\*\*  
\* WE DO IT, MR. BARBER! \*  
\*\*\*\*\*

C. B. Barber, Stromburg, Neb., in subscribing for the Horseshoe World writes, "I want to see who can find enough material about horseshoe pitching to fill a magazine for a whole year."

We have been filling a magazine 12 years, Mr. Barber, and we hope you like the magazine.

Mr. Barber has five courts back of his office for his pleasure and that of his customers.

### TIFFIN HORSESHOE CLUB REORGANIZES

Tiffin, O.—The Tiffin Horseshoe Club, pennant winner in the North Ohio Horseshoe League last year, has reorganized for the coming season. Hestor Black was named president and William Daywalt, secretary. Twenty players were enrolled.

Rev. Charles DeVries, of Pepperell, Mass., is a horseshoe pitching fan.

NEWS, OFFICIAL  
REPORTS, ETC.

From the  
**Secretary's Desk**

D. D. COTTRELL  
Secretary  
746-C Fifth Ave., No.  
ST. PETERSBURG, FLA.

The results of the World's Championship Horseshoe Pitching match held between Blair Nunamaker, present champion and Alphonse Beillargeon, champion of Quebec, and challenger, was held as announced, on the grounds of the Miami Biltmore Country Club, Coral Gables, Fla. Nunamaker won the first six out of a scheduled series of eleven games and thus successfully defended his title. The games in the order in which they were played are given below:

	P	R	DR	SP	Pct.
Nunamaker	50	27	11	36	.750
Beillargeon	9	14	2	36	.388
Nunamaker	50	35	15	46	.761
Beillargeon	16	24	5	46	.522
Nunamaker	50	39	13	56	.696
Beillargeon	22	29	7	56	.518
Nunamaker	50	26	11	34	.764
Beillargeon	9	13	3	34	.382
Nunamaker	50	33	12	42	.785
Beillargeon	8	18	4	42	.423
Nunamaker	50	38	14	50	.760
Beillargeon	5	22	3	50	.440
Totals—					
Nunamaker	300	198	76	264	.750
Beillargeon	69	120	24	264	.455

In the World's Championship Tournament held in Waterfront Park, St. Petersburg, Fla., Feb. 4 to 9, 1929, when Nunamaker won his title, he won 14 of the 15 games in the series. Bert Duryee, Wichita, Kansas, was the only player that won a game from him. In the 15 games he made 730 points, 660 ringers, of which there were 234 doubles, 950 shoes pitched for a percentage of .695. This tournament percentage of ringers was only once beaten and that was by C. C. Davis who won the World's Championship in St. Petersburg, Fla., in March, 1928, when he made a record percentage of .702 ringers in pitching 2138 shoes in the finals. To date Nunamaker's percentage of ringers of .750 stands as the record percentage in any contest in which the world's championship was won. The rules of the National allow three such contests each year, which leaves a chance for some

others to challenge Mr. Nunamaker before the end of 1933. It is hoped however that there will be a National Tournament held somewhere this summer if the Exposition at Chicago does not hold it.

A permanent organization of The New England Horseshoe League was held Saturday, March 18th at the club house of the Medford Horseshoe Club, Inc., Medford, Mass. There were eight clubs represented at this meeting and they voted to affiliate with the National Horseshoe Pitchers Association. The National rules will govern meets of every description and no person can participate in a sanctioned meet unless his club is a member of the New England Horseshoe League or he becomes an individual member by the payment of 50 cents to the league which entitles him to all its privileges. An officer of the league will be present at all sanctioned state and championship meets to see that they are conducted according to National rules. A membership fee of \$3.00 per club will be charged this year and should be sent to Harold H. Wilkinson, Sec.-Treas., 21 Joseph St., Medford, Mass. The other officers of the N. E. Horseshoe League for this year are C. Archie Graves, president, 145 South St., Boston, Mass., Basil Harris, first vice president, Portsmouth, N. H.; A. E. Miller, second vice president, 130 Main St., Brattleboro, Vt. The affiliation of this league with the National Association gives it jurisdiction over all tournaments, meets and other horseshoe matters throughout the New England States and all correspondence about these matters should be sent to the secretary, Harold H. Wilkinson, and not to the National secretary, to save time, as your National secretary will have to refer such letters to him. It is hoped that there will be full cooperation with this first organization in New England by all the club and others interested in the game in that section and that this league may grow to be a power in fostering the best interests of the sport.

Mr. W. J. Moore, Pouce Coupe, B. C., Can., writes that there are a

number of good players there and that they are thinking of organizing a club and wants information about affiliating with the National Association. A letter was recently received from W. Popp, 107 MacDonald Ave., Winnipeg, Man., Can., also ordering the book, "Horseshoe Pitching—How to Play the Game." The horseshoe game seems to be booming in the territory of our neighbor on the north, judging from the letters that have been received.

A Horseshoe League is being organized in Connecticut consisting of eight cities: Bristol, Hartford, New Britain, South Manchester, Middletown, Essex and Meriden, and an eighth city not yet decided on but with several prospects according to a letter received from H. L. Gauthier, 99 Franklin St., Meriden. A meeting for deciding about the summer schedule, etc., is to be held soon. He asks about affiliating with the National Association and has been referred to the newly formed N. E. Association for information on this subject, as a member of an association affiliated with the National is as much a member of the National as though the membership had been sent direct. Any horseshoe players in this state in the territory adjacent to Mr. Gauthier better get in touch with him and help as far as possible in the organization.

The Multnomah Amateur Athletic Club, Portland, Ore., wants to hold a Pacific Coast Horseshoe Pitching championship in which men, women and juniors will each compete in separate classes, the latter part of August, 1933, according to a letter received from Mr. James J. Richardson, manager of the club. He wants these meets to be held under the auspices of the Oregon State Horseshoe Pitchers Association under the sanction of the National Association and say that this date is tentative and subject to change provided it will in any way interfere with the National championships or any event which might be held at the Chicago Fair. He says the Multnomah Civic Stadium is located five minutes walk

from the main business section of the city of Portland and seats 23,000 people, and is equipped with a lighting system for night events. The National association would like to see such a Pacific coast event and the Oregon Association should do everything it can to promote this meet. Your secretary has been waiting to hear from Mr. M. C. Athey of the state association, who was to write to the National Association about the matter according to Mr. Richardson.

There is much to think about in the fine article of Mr. Johnson on the "Series Method" and "Admission Fee System" in the March World. While not all players or tournament contestants may not agree with him, a discussion of his article is sure to bring out much that will be helpful to the sport.

Have you taken advantage of the special combination magazine offers, offered by the Horseshoe World with new and renewal subscriptions?

### GREAT INTEREST IN GAME IN CANADA

James Labbatt, 265 Woodbine avenue, Toronto, Ontario, is president, and Bert Campbell, 63 Kippendale avenue, of the same city, is secretary of the Dominion of Canada Horseshoe Pitchers Association.

Mr. Campbell reports that great strides have been made in the Ontario province during the past five years.

George Walwin, of Witby, was champion of the last Dominion sin-

gles contest. Partnered with Joseph Golden, of Mt. Dennis, Ont., they easily won the doubles match.

Other officers of the association are: Rev. Stewart, of Linwood; L. W. Bullock, of Guelph; A. Berscht, of Wellesley; George Whyllie, of St. Catherines; J. Walwin, of Whitby; W. J. Milligan, of Orille; J. English, Toronto; H. C. Shipman, of Attawa, and R. G. Stevenson, Edmonton.

### LOSES FARM TITLE

Following are the results of a three-game match in which Stewart Straw of Berwindale, Pa., lost his title as State Farmer champion in a tournament at the State Farm Show at Harrisburg:

	P	R	DR	SP	Pct.
Bigi .....	134	94	22	194	48.5
Straw .....	114	91	19	194	47

Bert Gwinn and Cecil Grandy are two Mt. Clemans, Michigan, good tossers.

C. A. Benedict, Johnstown, O., is chairman of the American Legion State Horseshoe Committee. He is planning an American Legion State Horseshoe Pitching Contest August 1 to 8. All Legion posts are being asked to co-operate. If you are a Legionnaire you will be interested.

The Rotogravure section of the New York Herald Tribune of Sunday, April 2, carried a fine picture of Blair Nunamaker doing trick pitching at Coral Gables, Fla.

THERE IS ONE  
BEST  
IN EVERYTHING

THE SHOE THAT'S  
DESIGNED FOR  
RINGERS

It is only a short time now until the robins will be singing in the old cherry tree, from Maine to California, and the horseshoes will be flying in every town and hamlet in the United States. Tens of thousands of pitchers will be buying new pitching shoes, and, of course, they will want the best—the shoes that will guarantee them the highest ringer percentage. They will find the shoes they are looking for in the Gordon "Spin-On". All the greatest records have been made with them. Isais and Allen made 305 ringers, 135 double ringers in a fifty-point game. Lecky and Isais—233 ringers in a fifty-point game. Risk and Allen—226

ringers. In a series of ten twenty-one point games, Lecky, Isais, Brown and Pease pitched 486 ringers, 179 double ringers. The "Spin-On" shoe is so designed that a shoe striking the peg in a spin will hold. The spin break in front of the toe calk will hold a spinning shoe and the inset heel calks add greatly to the ringer percentage of any pitcher. Order a pair of the "Spin-On" shoes and be convinced that they are superior. We furnish them in any temper desired—hard, medium, soft and dead soft. Special prices to clubs. Write us for our attractive agent's proposition.

# A NEW HORSESHOE

## A NEW PRICE

We, as a company, have done all within our power to please the Horseshoe Player. We originated the now famous hooked shoe and placed it on the market seven years ago. It met with instant success. More records were established with our shoe than with all others combined. It was used by more World's, State, County and City Champions than all others manufactured. We improved the shoe year by year, until it is now recognized by players throughout the country as the most perfect shoe in balance and control, and is used in every section of the United States and Canada, where the game is played.

This year, we have a new model for your approval. A new idea, but with all the fundamentals of our first designed Mossman Horseshoe. It is new in balance, length, size and design. New in records—for Blair Nunamaker, World's Champion, used our new model shoe to successfully defend his title, March 18th, 1933, at Coral Gables, Florida, and set a new high ringer percentage record of 752%. A percentage never before attained in World Championship play.

If you want the real modern shoe, the last word in balance, a shoe that works with you, almost talks ringers, send for a pair of the PUTT MOSSMAN HORSESHOES "1933 Model," and we know that you will be more than pleased with them and never sorry for your small investment.

A test will convince you that the "1933 Model" Putt Mossman Horseshoe is the most perfectly balanced shoe manufactured today.

We wish to call your attention to our contest advertised on the reverse side of this page.

## Putt Mossman Horseshoe Company, Inc.

14 WEST MAIN ST.

ROCHESTER, N. Y.

# New York State Championship Horseshoe Tournament

The ninth annual New York State Horseshoe Tournament was held at the Rochester Exposition, Rochester, N. Y., on the 10 fine courts laid out on the beautiful Exposition lawn. The tournament ran for a week. In response to the 200 entry blanks and letters sent out to players all over New York State, 46 were on hand to start the tournament. This is the largest field to enter this tournament to date.

It was decided by the tournament committee, that each contestant would pitch 200 shoes, scoring all points made. The first 16 high players would be placed in the first or championship division, and would play a double round robin, 50-point games, the winner of the most games to be declared New York State Champion for 1933. This division was to play just afternoons, and in case of adverse weather conditions, the second division would finish anyway they were able, in order to let the championship division complete its schedule. The winner of the New York State championship was to receive the following prizes: A beautiful loving cup given by the Democrat and Chronicle, a local paper. The sterling silver platter, a contentant trophy, which has to be won twice in order to be kept, given by the Rochester Journal and Post Express, another local paper. The gold championship medal, and the first money. He also was to receive his certificate of state championship from the National association, of which the New York State Horseshoe Pitchers association is affiliated with.

The rest of the players below the first 16 were to go into a single round robin, to be run mornings, and play 25-point games, the winner of the most games to receive a beautiful loving cup given by the L. G. Balfour Co., Atterboro, Mass. The rest of the prizes for this division were merchandise prizes given by local merchants. This division was for experimentation. So many players come so far to pitch, and if they do not get into the money or the few qualifiers, they are discouraged and out traveling expenses, without being able to pitch one game. This method gave everyone a chance to pitch, and to have something worth while to stay the week for in Rochester as planned. All players were agreeable

to the plans, and a very successful tournament was held.

Frank Niven, president of the Putt Mossman Horseshoe Co., Inc., of Rochester, N. Y., was general manager of the tournament and in co-operation with his able executive committee he conducted a fine tournament, which ran off smoothly according to plans, with no ill feelings or dissatisfaction from any of the contestants, who all co-operated to make this an outstanding tournament. Using new methods and systems for tournament conduct, he was able to hold the interest of the crowds, which milled around the courts all week. With added attractions, special announcements of events, by use of a time schedule, large score boards which gave up to the minute results, a system of scoring which consisted of tabs strung on wires over each court, took the place of the old bulky score boards on each court, by keeping triplicate scores on paper, and favored with ideal weather conditions, a fine tournament was conducted, which will always be remembered by the contestants and fans.

One of the special features was the exhibitions by Blair Nunamaker, present world's champion, who gave two exhibitions daily. He held the spectators breathless with his proficiency in doing all the tricks, and his pep and personality added greatly to the interest in the tournament. On Friday, he pitched a ten-minute marathon, using four shoes, and pitching as fast as he could, he made 110 ringers out of 144 shoes pitched in that length of time. An average of 764 per cent ringers, and a new world's record. He left no question in the minds of all who saw him in action, as to his right to be world's champion.

In the first division, Bob Brown, of Rochester, successfully defended his state title, by winning all but two of his games, these he dropped to Van Auken and Pooler, early in the week. He set several state records, among which was his 411 points in the 200 shoes test. Friday he set another record when he averaged 607 per cent for all his games that day, and his total average percentage of 548 per cent also set a new record. He pitched two of the best games in the tournament. They are as follows:

	Pts	R	DR	SP	Pct
Brown	50	45	13	70	.645
Holzahuer	38	41	11	70	.585
Brown	50	42	13	62	.677
Rockefeller	28	36	10	62	.580

In the second division, John Stella, of New York City, and Eastern States Champion, who failed by a few points in making the first division, had an easy time winning all his games, and gained possession of the cup by so doing. He outdistanced the field at the state and although hard pressed at times, managed to keep them coming and cinched the second division championship. Much is expected from him next year, when he will return to try for higher honors. Jack Niven, Rochester City Junior Champion, and son of the tournament manager, gave a good account of himself and landed up in fourth place and gave all the boys a run for their money.

Ken. Woolston, the youngest player was only 14, while Don Blaine, 69, was the oldest player. Both played good games even though they were not in on the prizes.

Hillebrant, a first division player, entered again, making his ninth straight state tournament, that he has played in. He is the only player holding this distinction.

A new player, Johnson, in the first division, pitched good shoes for his first tournament and bids strong to be a good contender for the title next year. Rockefeller jumped from a mediocre player into championship timber and landed in third place. Holzahuer again won the runner-up position, being a threat at all times for the title.

The annual meeting of the state association was held Thursday evening along with the banquet. This was well attended and the usual business was carried out. A rising vote of thanks and appreciation was given Mr. Niven for his hard work and effort in putting on such a fine tournament, with such a modern trend.

Mr. D. D. Cottrell, the National Secretary, spoke to the boys and gave them a brief history of the game. He said the games were growing every day and more interest was being taken in it all the time. He urged the players to back their

organizations, and support the National Association. He also spoke briefly on the work of Mr. Howard and the Horseshoe World. He always has some good things to say to the players, and his being at the banquet gave it spirit needed. His advice and level headedness has always been respected by the players. The following officers were elected:

President, Wm. J. Farrell, Roches-

Name	Address	W	L	Pts	OP	R	DR	SP	Pct	Prize
