## RUMORS

Every now and then old Dame Rumor gets busy and the "party lines" seem to "buzz" with misinformation.

Due to some misunderstandings in other tournaments, rumor now has it that they may not pay off at Moline. Rumor has it that horseshoe equipment manufacturers are back of the National meet. Rumor has it that the National Association failed to pay off at some tournament.

All of this propaganda is pure bunk. The National Association never pays the prize money. It only sanctions the tournament after its officers are satisfied that everything is O. K. If they were as cautious as some expect we would never have a National tournament. Your officers do the best they can.

We happen to know that a pretty big concern in the implement capital of the world—Moline—is putting up a big chunk of the prize money. Everything points to a well-managed, fine-spirited and successful tournament at Moline.

# NEW JERSEY NEWS NOTES

The South Jersey open horseshoe pitching championship held at Camden today, July 14th, was won by Larry Mahoney, 15-year-old New Jersey state champion. Young Mahoney continued his winning ways to add this title to his collection. He has been undefeated this year and holds the following titles: New Jersey state, North Jersey open, New Jersey invitation, Tri-State (N. Y., N. J., Pa.) champion and the South Jersey open.

In winning the title, Mahoney established several new records for the tourney: new high ringer percentage average of 63.6 per cent; highest ringer percentage in a single game, 75 per cent, and tied Joseph Puglise's state record of making a ringer in every inning of a game. He scored 350 points against his opponent's 101 points. Joseph Puglise of Paterson, former champion, did not defend his title.

Mahoney's closest game was with Haagsma, of Jersey City, who scored 35 points and averaged 43.7 per cent ringers, while Mahoney averaged 53.1 per cent ringers, his poorest average for the day. Mahoney's averages were, 60.5, 53.1, 75, 64.2, 61.5, 66.8 and 72.2 per cent respectively, against the following players: Dunbar, Haagsma, Mongillo, Robertson, Baxter, MacNeil and Santoro.

Haagsma, of Jersey City, a newcomer to Class A ranks, made a surprisingly strong finish to nose out MacNeil, one of the favorites for second place. MacNeil had the second highest ringer average for the day, 45.6. Dunbar defeated Mongillo in a very close match, 50-42, each averaging 37.8 per cent ringers. Mongillo led at 42-41, when Dunbar ran out the game with three ringers. The upset of the day came when Haagsma defeated MacNeil 50-24. Haagsma jumped ahead and never relinquished the lead. Dunbar defeated Baxter in a close match 50-46; Dunbar 42.4 per cent and Baxter 36.3 per cent. MacNeil and Dunbar had a tough tussle. Dunbar was leading 40-31 when MacNeil got five straight ringers, a miss and then a double to run out the game, 50-43. Dunbar 35.6 per cent and MacNeil 41.6 per cent ringers.

J., finished second and Wm. Yodder, of Camden, third. Gaffney won a tight game from Leonhardt, of Bridgeton, N. J., 50-49. The lead kept changing hands continually until Gaffney came from behind at 47-49 to nose out his opponent. Leonhardt had other close games with Murphy of Jersey City, whom he defeated 50-44, and Yodder to whom he lost 43-50. Class B welcomed two newcomers to its ranks Leonhardt and Carll, of Bridgeton, N. J. Leonhardt finished fourth in his first tournament, losing to Gaffney, McMurtrie and Yodder. Yodder lost games to McMurtrie and Gaffney.

## PERTH AMBOY, N.J. BUILDS TEN OFFICIAL CLAY COURTS

The department of parks and public property of the city of Perth Amboy, N. J., of which Albert G. Waters is director, has just completed the building of ten new official clay courts. They were erected under the personal supervision of Charles Kocheck, recreation supervisor of the city. The courts have been carefully graded and the distance between stakes has been surfaced with cinders and rolled hard.

The courts are located at Washington Park, next to the children's wading pool and along side of the Ball park. The setting is among a group of trees. Washington Park is situated next to the Vocational school.

Exhibition matches will be arranged and several state wide tournaments are being planned by the New Jersey Horseshoe Pitchers Association. It is expected to boost horseshoe pitching as a sport in Perth Amboy. With fine facilities available, Mr. Kocheck, whose enthusiastic cooperation made the courts possible, expects a revival of the game.

## ORGANIZE NEW CLUB

A new horseshoe club has been formed in Chicago known as the Parkside Horseshoe club. Dan O'Connell, 1411 E. 71st street, is one of the leaders.

# Moline Committee Ready For Entries

The latest information from Moline indicates that entries are coming in and letters to the Moline club and to the Horseshoe World office indicate that some mighty good pitchers have their eye on the crowns worn by our good friends, Miss Schultz and Mr. Allen.

Andrew F. Peterson, president, William Scott, vice president, and Dave Swanson, secretary of the Moline Horseshoe Pitchers association, as well as all the club members, are busy boys these days.

They are going top speed, arranging for what they hope will be the best world's championship horseshoe tournament ever held. The dates are August 29, 30, 31, September 1 and 2, and the place is the good old city of Moline, Ill.

Fine co-operation from all civic groups has heartened the Moline hosts and they are "sitting up nights" now waiting for the boys to send in their entries. It isn't a bit too early to do that, either, and what a help it would be to the Moline folks to know how many to expect.

More complete details of the tournament and convention were given last month and are being omitted this month so as to make room for other horseshoe news.

All we can say is—it's going to be a big tournament, a big convention.

Go by rail, auto or airplane, but be there!

\* ALL ABOARD FOR MOLINE \*  
\*\*\*\*\*

Come all ye faithful. The one big moment has arrived for the horseshoe pitchers to show, both their interest in and loyalty to our great game.

Your attendance at this convention will have a great bearing on our game's future. If we have a large attendance every city in the country will "sit up and take notice" and that will mean bids for the 1936 convention. No attendance, no bids, no more national association, no more fun.

Let's show Moline, Ill., that they picked a live one when they took over the National meet. Put a sign on your door, "Gone to the World's Horseshoe Pitching Championship, at Moline, Ill., Aug. 29 to Sept. 2."

then fill up the old bus and step on it.

Register at the LeClaire Hotel. Mr. Harvey, the hotel manager, is president of the chamber of commerce, one of the sponsors. Let's show them that "we help those who help us." Their rates are low and our meetings will all be held there, so it is also convenient.

Even if you do not pitch, go to attend the meetings of the National Association and the banquet. See what and who makes the National association "tick." The officers want new rules and regulations; so do you perhaps; then be there or "forever hold thy peace."

Seeing Ted Allen, Charlie Davis, Blair Nunamaker, Fernand Isais, Jimmy Risk, Old Frank Jackson, Guy Zimmerman and scores of other stars battle it out, is well worth every mile

you travel.

For those of you who cannot attend and want "up-to-the-minute news," write to the Moline Daily Dispatch and have them mail you their paper from August 25th to September 7th. Read the news anyway for a few cents.

And don't forget to shake the hands of Andy Peterson and his committee, in appreciation of the work they have done for horseshoes in 1935.

I'll be seeing you in Moline.

## A MESSAGE FROM THE PRESIDENT

Greetings:

At the state tournament and convention to be held in Cleveland on August 31st, Sept. 1st and 2nd., the same procedure will be followed as in Springfield, Ohio, in 1934, namely:

Each league or association will be entitled to two delegates, and must present certificate of election or appointment signed by the president of the organization he is delegated to represent.

The president of each league or association affiliated with The Buckeye State Horseshoe Pitchers Association, is hereby appointed a committee of one to meet with the members of their league or association and formulate a Constitution and By-Laws to be presented in convention at Cleveland for consideration of delegates.

It is not too early to consider who you wish to nominate and elect as your state officers for 1935-1936.

It is advisable that whatever district plans to hold the 1936 State Tournament and Convention be prepared to present their bid at the tournament and convention in Cleveland.

Come to Cleveland.

HENRY J. GUNSELMAN,  
President.

## BUCKEYE STATE HORSESHOE PITCHERS ASSOCIATION

### Bulletin No. 11

In Bulletin No. 10 for June, we stated something would be done about the conflicting dates with the National Tournament at Moline, Ill., if possible. Owing to our dates having been tentatively set to wind up on Labor Day since the 1934 state tournament and other activities built around it, it was impossible in justice to Ohio boys to change, and to cancel our 1935 tournament out of the question, as interest was too keen and would have been little short of a catastrophe. We therefore apologize to the officers of the Moline association who worked so hard in securing the National tournament for 1935, and assure them we also are disappointed as state officers in not being able to be with them. We simply had to go along with our boys. We should benefit in the future by closer co-operation respecting dates.

### Fellow Sportsmen

The job of being an officer in either the national, state, league or association and club, spending one's time and money trying to promote it, is really a thankless one. As state officers we have stressed in our bulletins what was intended to make players conscious of the merits and possibilities of their sport and get their help by supporting the national, state and magazine, however; the question is still being asked, "What benefits will leagues or associations and individuals receive in joining the state?" This is an old question discouraging to your officers

as it indicates the questioners are not conscious apparently of what their support means comparable to other sports. Of course, financially, there is none in dollars and cents, but, let us ask those asking the questions: Why do we hand out large sums to join a great fraternal organization or club, pledge to our churches, etc., and rejoice that our association with them is acceptable, with no thought of financial returns? Further, what is life itself if we are not to enjoy it to the fullest? Our diversion should come in for serious consideration as it is restful mentally and physically keeping us young in spirit and lengthens our lives. We should not lose the thought that, we are all "just kids," the only difference with some of us is, that we are just a little older kids, and that we "rust out" quicker than we "wear out."

A 10 club outfit with 30 members each club would cost just ten cents per member a year to affiliate with state associations, a charter for each club and individual membership cards furnished all members. Try to figure how far that sum would go in other leading sports.

True sportsmen are thrilled in seeing their sport self-supporting and considered among the greatest in our country, and being personally able to associate with manhood and womanhood second to none in character. Ours has the merit if you players do your bit in making it self-supporting it will be among the greatest.

Subscribe to our magazine and send one dollar to the National secretary to support the National Tournament fund so we will not have to go begging every time a tournament is secured. Line up with your state association and receive the thrill of a lifetime, and above all, co-operate by going along with a vote of the majority in all matters. If our sympathy is against the majority, then remain neutral. This is stressed to the nth degree in all great organizations and is sound, and all true sportsmen do just that.

D. O. CHESS, Sec.

## Horseshoe Pitching at New England Rendezvous

At last New England folks are to be made horseshoe pitching conscious.

The directors of the New England Rendezvous, the great outdoor show, guides' tournament and carnival, that will bring thousands of lovers of the open to the shores of Lake Maranacook, in the heart of Maine, from July 26 to August 4, have determined to give the grand old game of "barnyard golf" a premier place on the program.

An official invitation is being sent to the National Horseshoe Pitchers Association of America, bidding all members to come to the Rendezvous and have the time of their lives. Not only will they find satisfactory arrangements and prominent position for their favorite sport, but also, they will have an opportunity to witness the most thrilling and picturesque demonstration of woodland sports and crafts that has ever been staged.

Sad to relate, New England has,

of recent decades, dropped from the once prominent position it held in the game of horseshoe pitching. Time was when every backyard had its quoit of pegs and shoes and every picnic was the scene of a contest. But as the great sport has waxed strong in the Middle West, it has waned in the Northeastern States.

Dont' get the idea that New England hasn't some premier horseshoe tossers; there are some dandies. P. V. Harris, of Holden, Mass., is second vice president of the national association. There are scores, hundreds of enthusiasts, but little has been done to get them together in a great contest, such as those that are staged in other sections of the country.

Rendezvous directors intend that New England shall have at least one big contest; big enough to bring the old sport back to its former popularity. Attractive prizes will be offered and winners will receive certificates of merit signed by the gov-

ernors of all the New England states. All contests will be held under association rules.

Ample accommodations are being provided for all who may attend. There will be an enormous tent city for those who enjoy camp life, fully equipped with fireplaces, stove wood and cold, pure water. "Trailer Row" will afford suitable spaces for those who live in rolling houses pulled by their automobiles. For those who desire housing during their stay, there are good hotels, private houses that cater to tourists and many comfortable camps close at hand.

The visiting horseshoe pitcher will find good fishing, plenty going on from morning to night, hair-raising log rolling and other sports of the woods and streams, fly and bait casting competitions and a lot of other things to take up the time that he can spare from practising. In short, acceptance of the Rendezvous invitation means a mighty good time for all who accept it.

## NEW JERSEY STARTS FUND

To Send Larry Mahoney, State Champion, to the Word's Championships at Moline Ill.

New Jersey opened a drive July 7 for funds to send Larry Mahoney, state champion, to compete in world's championships at Moline, Ill. Contributions will be received, exhibition matches will be arranged and benefit card parties and dances are being planned. The first contribution of \$5 was received from a "Friend" at the opening meeting of the committee, Al-so \$1 from D. E. Brown of Camden. The committee is as follows: "Addie" Kind, chariman; Foster Spinning, president of the Madison Horseshoe club of Red Bank; Wm. Lake, Jr. and W. E. Santoro. This fund has the sanction of the New Jersey Horseshoe Pitchers Association.

On Tuesday, July 23, a benefit match has been arranged between Larry Mahoney and Jos. Puglise of Paterson, former state champion. It will be held at the Madison Horseshoe courts in Red Bank, at 8:30 p.m. The match will be best of a five game series. A crowd of 500 spectators is expected to attend the event, which promises to be one of the outstanding events in horseshoe pitching in New Jersey.

Larry Mahoney holds the following titles; New Jersey State Championship; Northern N. J. Championship; Tri-State (N.Y., & N. J. & Pa.) Championship; N. J. Invitation championship Jos. Puglise is the former New Jersey State Champion and holds the Paterson City Championship.

On July 26th, the Madison Horseshoe Club is sponsoring a benefit card party and dance at the St. James auditorium in Red Bank, N. J. prizes for High scores will be given. Players from all sections of the State are expected to attend. One of the most popular orchestras of the seashore resorts will furnish the music.

On July 19, Larry Mahoney will be interviewed over the Red Bank radio station in a fifteen minute sports program.

## COTTRELL ON THE JOB

D. D. Cottrell will manage the American Agriculturist-State Fair horseshoe tournament at Syracuse, N. Y., August 27 and 28. This will be the 13th year Mr. Cottrell has been in charge.

## IMPORTANT NOTICE TO ALL PITCHERS

The men and women who pitch in the world's championship tournament at Moline, Ill., August 29 to September 2, 1935, must show a membership card showing that (1) they are affiliated direct with the National Horseshoe Pitchers Association; (2) that they are affiliated with a state or district organization that has its National Association dues paid up on the tournament date, or (3) that they are dues paid members of a club that is affiliated direct with the National. In past tournaments some pitchers played whose membership might have been questioned. This will not happen at Moline. After all, the National Association keeps the game alive and if it wasn't for it there would be no championship tournaments so we are compelled to take this action to keep out those who intentionally or unintentionally "ride free."

Pitchers in Illinois, Iowa, Indiana and most other states should know that their state organizations do not belong and that it will be necessary for them to secure \$1.00 individual membership cards. The list of states and clubs affiliated are given in this issue. Read them and if you need to send in your \$1.00 do it NOW. Don't wait until you get to Moline. We will ask the registration committee at Moline to take no entries from any pitcher unless he or she belongs to the National directly or indirectly.

Shoes

**G**IANT Grip Pitching Shoes are superior in quality to ordinary forged shoes. They are straight and finely balanced—they will absolutely pitch straight.

The hammer forging production makes it possible to forge the Shoes to the most exacting patterns, balancing weight — and keeping the Shoes straight. This process also thoroughly refines the steel, and they are tough and practically unbreakable—made in accordance with all official requirements in sizes and weights.

They're made in a variety of styles — the Champion, the newest "hook heel"—the Official and Winner, in plain patterns. All official shoes, only made in different patterns to suit individual tastes.

Let us all get aboard for Moline. Some of us can hardly wait until we see the boys out there on the firing line, battling for the crown. Let us all boost—let us all help. Let every mother's son of us get behind the National Officers and the boys down at Moline and help them make of the tournament, one to be long remembered. Experience has taught us that the pitchers of the nation must be behind a movement to put it over in a creditable and successful manner.

We are on our way out of the doldrums. The way is plain to us all. As we are coming out of our Rip Van Winkle sleep, we see the dawning of a better day for the good old game of horseshoe pitching. All we need now is a Moses to lead us to the promised land.

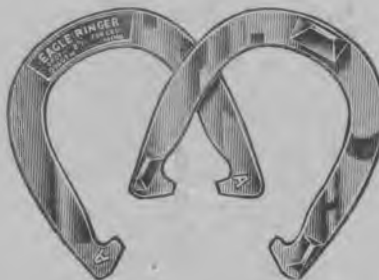

In the dawning of this new day for horseshoes, we see the average pitcher coming into his own. In the past, we have overlooked him and given all our attention to the star pitchers, yet the average pitcher has been the real support of the game. Thousands of pitchers all over the country have entered the contest in the thousand shoes to be pitched per month for May, June, July, August and September. This contest will probably bring to light hundreds of real percentage artists, of whom we have never heard. Go to it, boys. Keep your scores correct and see that they are properly signed by score keepers.
