A large, stylized horseshoe is the central focus of the cover. The interior of the horseshoe is a solid dark circle. Inside this circle, the words "THE HORSE SHOE WORLD" are printed in a bold, white, sans-serif font, stacked in four lines. At the bottom point of the horseshoe, there is a small, circular globe showing the Americas. The entire horseshoe shape is rendered with a heavy, grainy, stippled texture, giving it a three-dimensional, metallic appearance.

KEEPING STEP WITH MARCH OF TIME

The manufacturers of pitching horseshoes must keep step with the march of time, as it ushers in the ever-increasing demand for better pitching shoes and better equipment.

The pitching shoes of the past years do not meet the requirements of today, especially with the demands of pitchers who are endeavoring to improve their game.

In the introduction of this new "Spin-On" pitching shoe, we offer the pitchers of the nation, one that embodies every feature in the advanced science of designing and perfecting balancing. Nothing has been overlooked to make them the best pitching shoe we have ever made and we believe they will appeal to pitchers of all styles, regardless of the grip or the turn they use.

They can be had in all tempers—hard, medium, soft and dead soft. We are offering a special soft shoe with hardened heel calks, which will add greatly to its efficiency and durability.

Looks like there won't be any 1936 tournament . . . the Great Lakes Exposition and the Wheeling, W. Va., Centennial were prospects but both failed to meet the requirements . . . too bad, as there are a lot of champions and near champions "rearin' to go" . . . but why not do a little "rearin'" on the membership drive . . . and then maybe we will have enough funds to put on our own meet one of these days . . . it's easy to ask for big prize money, but getting it is another job, as the editor of this magazine has found out . . . we are on the right track now . . . let's raise our own funds or at least part of 'em . . . this month's magazine is extremely late due to our taking a vacation . . . we hope you won't mind too much . . . the August issue will be out early in the month.

WHO ARE THE CHAMPIONS?

Who are the champions of horseshoe pitching?

Are the champions those fine fellows who know just where to place a ringer to the best advantage? Yes, they are champions and they do the game a lot of good, but they aren't the only champions in this game.

Let us give credit to the fine sportsmanship of the high-caliber and energetic leaders who are doing such a fine job in the membership campaigns in the various states. True, many of them are disappointed and so are we, that they haven't been able to bring in more memberships. But they are on the job, still working, and they will win if the pitchers—yes, (some of the champions have failed to pay their dues yet) and some of the champions, too—will give them their support.

It takes more than talk and ringer percentages to make this game go. It takes some cash!

Again we say that these boys who are doing the membership work are the real champions in this game!

OHIO NOSES OUT WYOMING IN MEMBERSHIP RACE

Ohio jumped into the lead in the membership race of the National Horseshoe Pitchers association. The Buckeye outfit took the lead early in July and has maintained it throughout the month—up to the date this is written.

Wyoming, the state that started things off with a bang and held first place for so long, slipped into second position when the Ohioans got under way. Massachusetts now has third place.

Others in their order are: Southern California, 4th; Arizona, 5th; Michigan, 6th; Missouri, 7th; Pennsylvania, 8th; Minnesota, 9th; Illinois, 10th; New Jersey, 11th; Colorado, 12th; New York, 13th; Connecticut, 14th; Northern California, 15th; Wisconsin, 16th; Oklahoma, 17th; North Dakota, 18th.

Rhode Island has purchased 100 membership cards but has reported no names and therefore cannot be given a place in the above listing of positions. We will say, however,

that there are several states in the above list that have less than 100—isn't that too bad? We hope some of these states show some speed between now and the next issue. Finances for a 1937 tournament will have to come in a lot faster than they have or there won't be one.

There is a ray of hope, however, in the fact that several states have just received their cards and are declaring themselves in the race to win. So look out, Ohio!

HOLD SANCTIONED MEET

On Sunday, June 21, on the Simmons Court, Port Richmond, Staten Island, the Richmond County Horseshoe Pitchers Association held its first sanctioned meet of the season. Pitchers from many miles around answered the call.

From Lincroft, N. J., came Larry Mahoney, present New Jersey state champ, his brother Joe, Wm. Kelly, and Wm. Gaffney; Patterson, N. J., sent the Puglise brothers, Joe, former New Jersey state champion, and Paul, who can always pitch an interesting game; Englewood, N. J., was represented by Al Anderson, Joe Willig and the smiling Lee Davis; this meet also brought out Vito Fileccia from Brooklyn, New York; this boy is the present Staten Island open champ, and is the second best in the State of New York. For the past two years he has finished second in the state championship meet held at Rochester, N. Y.

The surprise of the meet was furnished in the first round; Larry Mahoney played the local boy, Elden R. Carl, and to the amazement of even Larry himself, Carl won 50 to 42. Carl's average was 52.6; Larry, 47.3. E. R. Carl is improving very fast, and before the season ends he hopes to be able to take over Vito Fileccia.

Class A was well matched, there being three men tied for second place, viz., Joe Puglise, Larry Mahoney and E. R. Carl. In the play-off Mahoney beat Carl and Puglise. day's surprises, four men tying for day's srprises, four men tying for first place—Milano Tilden, Ed Foggin, Bill Kelly and Joe Puglise; they played a round robin to decide first, second and third place. Final results Joe Puglise, first, Ed Foggin second and Bill Kelly third.

Frank Haight, who usually pitches a very good game, tried a new turn, resulting in his losing every game. Mike Hanly another good pitcher, wanted to keep Haight company, and

only won one game. Final scores:

LAKESIDE HORSESHOE TOURNAMENT JULY 29-31

The Lakeside association announces the annual Lakeside (Ohio) horseshoe tournament for July 29-31, 1936. Since the Ohio open horseshoe tournament has been discontinued this event will be the highlight of the season for horseshoe pitchers at Lakeside. A suitable trophy will be presented to the winner of the tournament which will be conducted on the round robin plan.

At the conclusion of the tournament play, Blair Nunamaker, former world's champion, will give an exhibition, and the "Wolverines," one of the strong Detroit clubs, will play an exhibition match with a team picked from the players who are on the grounds for the tournament.

MCNEIL IS WINNER

Pegging the horseshoes with uncanny accuracy, George MacNeil, of Absecon, captured the Camden County Open Horseshoe championship when he outpitched 10 others in a tourney conducted by Sears, Roebuck and Company.

The Atlantic county entrant breezed through the field without a defeat and was forced to battle it out with Kyle Mac Murtie, a local entrant, in the ninth round. Both had triumphed in eight straight contests and staged an interesting fray to decide the Class A titleholder.

MacNeil defeated his rival by 50 to 30.

The winner tossed 33 ringers in the deciding game, while the Camden lad found the peg on 26 occasions.

In the Group B division, Emil St. Onz, of Pottstown, Pa., gained the high honors after turning back Harry Baxter, of Camden, in a best two out of three game series after finishing the actual competition in a dead heat. The two pitchers chalked up eight conquests out of nine sessions. St. Onz won the first play-off tilt by a 40 to 30, dropped the second, 40 to 34, but completely trounced his foe in the all important game. The score was 40 to 2.

The last division of the afternoon, the C class, in which only six players took part, Bill Peters, a Fairview youngster, annexed the title after a two-game playoff with Richard Brown, of Philadelphia. The scores were 30 to 21, and 30 to 12.

Leon Wolper, store manager, presented the three winners with silver loving cups while the runners-up were given a pair of horseshoes.

Twenty-six players took part in the tournament which was efficiently handled by Eric Brown, president of the American Horseshoe Pitching association.

ENTHUSIASM HIGH

Enthusiasm ran high among the horseshoe pitchers of North Andover Thursday night when H. (Nick) Bulger, on invitation from General Manager John G. Pickles, addressed a large gathering of fans at the North Andover club.

Through the untiring efforts of Mr. Pickles the game has gained a large following in the suburban town and "Nick" stressed the fact that loyalty to their leader first, last and always would place them out in front in a few short years, whereas petty dickerings would disrupt the club in short order.

The following officers were elected for the present season: President Frank Manchester, Jr.; vice president, Irving Dow; secretary Rennie Bottomley; treasurer, Leon Lewis. Bulger was elected an honorary member of the club.

The teams and make-up follows:

Pickles—John C. Pickles, manager; Ralph Pratt, John J. Pickles, Dana Glidden, Irving Dow, Bob Cole, Al Sanford and Stanley Gallant.

No. Andover Club—Frank Manchester Jr., manager; Herbert Freeman, Arthur Kirk, Richard Smith, Rennie Bottomley, Lawrence O'Brien, Ronald Foley and Frank Manchester, Senior.

Brooksides—Leon Lewis, manager; Fred Phelan, Fred Goodrich, Raymond Galloni, Arthur Labrie, Henry Martin, Billy Goodrich and Charlie Ruebel.

The Independents line-up will appear later.—Lawrence (Mass.) Tribune.

GAME IS POPULAR

Horseshoe pitching has reached a new peak of popularity in Erie, Pa., with the organization of the Erie Horseshoe club and the installation of 20 new courts in Glenwood park. The Dispatch-Herald is aiding the Erie club in the holding of the Western Pennsylvania championship meet August 22-23.

Earl Strick, of Erie, is one of the Pennsylvania association's district commissioners. Paul Hewitt is president of the Erie club, Grove Longnecker is vice president, and Archie Massing is secretary.

MARYLAND STATE HORSESHOE LEAGUE

At the conclusion of the fifth week, Mt. Rainier is leading the Maryland State Horseshoe League by one game with 25 victories against 20 defeats. Berwyn and Hyattsville are tied for the runner up position with 24 games won and 21 setbacks. Takoma Park is in the cellar position with 17 and 28.

The league is a handicap affair in which the less efficient pitcher is given two-thirds the difference in ringer percentage. Three men constitute a team with a round robin—nine games—making a match. Fifty shoes are thrown by each player to complete a game with only ringers counting. No cancellation takes place. The idea has gone over big with the pitchers of the Old Line State.

Temple Jarrell of the Berwyn club is leading the individual ringer percentage with 445 ringers in 750 shoes for 59 per cent. Lee Fleshman, Hyattsville, former state champ, is in the runner-up position with 54 per cent.

BUCKEYE STATE NEWS

A Page Devoted to the News and Views of the Buckeye State Horseshoe Pitchers Association

DAYTON GETS TOURNNEY

Dayton has been awarded the 1936 Buckeye State Tournament to take place September 5th, 6th and 7th (Labor Day).

The tournament will be conducted on the new Riverview Park Courts, within ten minutes walk of the center of the city. There are 18 lanes in a row with a 42-inch heavy mesh wire fence surrounding the battery of lanes. There will be eight flood lights of 3000 candle power each; one at each end of the court and three to each side. Seats to accommodate all who attend will be placed in a position of advantage and arrangements are being completed to post the scores after each pitch on each court, that spectators may know the scores at all times.

Drinking fountains and rest rooms are close to the horseshoe courts. Riverside Park adjoins the Great Miami river and Wolf Creek empties into the river at the park.

Among the high spots for visitors in Dayton are the two aviation fields, Wright Field and Patterson field; the National Military Home for Disabled Soldiers and Sailors; the five conservancy flood prevention dams; The American Amateur Trap Shooters Grounds, the National Cash Register, the Frigidaire, Delco, Inland and Dayton Rubber Works.

The Log Cabin, first house ever built in Dayton, with the old spinning wheel and other antiques, stands on the banks of the Great Miami river at Main street bridge. Lawn Tennis courts and soft ball grounds adjoin the horseshoe courts at Riverside park.

Dayton, the home of aviation, is a clean city, with good water, fine hotel accommodations at prices to suit all, and a class of congenial people who will try to show each of you a splendid time while you are here.

Yes, sir, the Dayton horseshoe pitchers are already cultivating their high standard of Sunday deportment and company manners, anticipating the honor of entertaining the Ohio horseshoe pitchers and their families.

The Delco team of the Dayton Industrial League and the East Dayton team of the National League, each won the first half of their split season championship. Both teams won all of their contests.

CENTRAL OHIO HORSESHOE LEAGUE IS ORGANIZED

The Central Ohio Horseshoe League was organized recently with the following teams: Ohio Horseshoe Co. and Glen Echo teams from Columbus; Purol Pep team from Heath, O., and Reynoldsburg team from Reynoldsburg, O. Several other teams will join the league in a few days.

Any team wishing to join our league in Central Ohio, write to F. M. Brust, care Ohio Horseshoe Co., 866 Parsons Ave., Columbus, or telephone Garfield 2913. Brust is commissioner for the Central Ohio District.

The Columbus games are played at Olentangy park on six of the finest courts in the state. The park management issues six passes to each team good for 12 admissions.

The State Tournament committee at Dayton is contemplating a second cash prize list for the second group—those who fail to make the first group of 16 highest qualifiers. The amount of the cash prizes for the second group will appear in the August Horseshoe World and on the programs. The tournament secretary is Orrie Beatty, 413 Westwood avenue, Dayton, Ohio.

THE PRESIDENT'S NOTE BOOK

New features will be added to the Buckeye State tournament to be held at Dayton, September 5th, 6th and 7th (Labor Day). Teach contests for state championship will be for both the ladies' teams and the men's teams. The president has asked each district commissioner to develop a champion team for his district. These teams may compete for state team championship at the Dayton tournament, provided advance notice is given to the tournament secretary, Orrie Beatty, 413 Westwood avenue, Dayton, Ohio. A ladies individual championship will also be on the program.

District commissioners are reminded that the Constitution stipulates that each district shall hold a district convention, at least 15 days before the date of the state tournament. District commissioners for 1936-1937 shall then and there be elected and installed into office and

be sent to the state tournament representing their particular district. District Commissioners automatically become directors on the state board and are asked to attend the convention meeting and election to be held at Dayton Sunday morning at 9:30.

The president desires a picture of each district commissioner that it may be printed in the programs. The pictures should be sent in at once. If so requested, the photos may be returned in good order. Be prompt, please.

Three National Association officers are expected to attend the Buckeye State Tournament at Dayton. They are, President Tanner, Secretary Raymond Howard, and Vice President Dr. Alan Pottle. National association business may then be considered by the national officers.

It is the desire of this office to enlarge the scope of the 1936 Buckeye State Tournament by developing a state champion men's team and a state champion ladies' team. The district commissioners are asked, therefore, to develop a champion team in their district by Sunday, August 2nd. The team must have pitched together for at least four weeks prior to August 2nd. Approved by the commissioner of the district.

This office will expect the district commissioner to send in the name of his district champion team; inter-district contests will then be arranged for Sunday, August 16th. The winners of these inter-district contests will then be eligible to enter the state tournament team championship competition at the state tournament, wherever it may be held.

The champion ladies' teams of Cleveland and Springfield will be assigned lanes in which to compete of championship in their class. Full particulars will appear in the August Horseshoe World.

Dayton Welfare Department has installed 18 lanes in the new Riverview Park Horseshoe Courts are now in completion and in the opinion of the writer, none better can be found anywhere. The Dayton boys are proud of the new courts and the Miami Valley League will pitch their regular schedules on the new courts.

(Continued from Page 4)

Dayton has placed a bid for the State Tournament with the State Secretary, D. O. Chess at Cleveland. The Dayton boys are "rearin' to go" with the state classic, September 5th, 6th and 7th (Labor Day).

 * NEW PACKING METHOD *

A new way of packing pitching horseshoes has just been introduced by Giant Grip Manufacturing Company, Oshkosh, Wisconsin. It is a combination that in appearance looks something like a croquet set. Two pairs of pitching shoes and one pair of stakes are packed in a wooden box with a hinged cover, so that the complete set may be put away after the players are through with them.

Illustrated here, this set has been received with enthusiasm by a number of dealers, because it answers the demand often made upon them for something more than just a pair of pitching shoes. The box is substantially made.

ILLINOIS TOURNEYS

L. E. Tanner, president of the National Horseshoe Pitchers association, will again be in charge of the Illinois association's tournament at the state fair this year. The tourney will be held August 19 and 20.

An added day, August 18, has been set aside for a tournament for boys 18, years and under. We are glad to see Illinois giving this encouragement to the boys.

A prize list of \$500 in the main event and \$100 in the boys' tourney is announced.

IS IN THE WEST

Jimmy Risk is working in a factory at Long Beach, Calif., and pitching shoes in that city.

TO HOLD OPEN TOURNEY

White Plains, N. Y., open tournament will be held at the Hale avenue courts, White Plains, July 26. It will be open to all holding membership cards of the National Horseshoe Pitchers association.

WOWIE! \$17,000 COURTS

The most costly horseshoe courts are being constructed in San Fran-

cisco. The Golden Gate courts are beauties and are said to cost \$17,000. W. F. Pearce writes: "I enclose snapshot of Golden Gate horseshoe courts in San Francisco, constructed at an estimated cost of \$17,000, at which we have hopes of seeing pitchers gather in 1939 for the National championships in connection with the World's Fair to be held then. 'Tis a grand idea and we would welcome a visit to San Francisco."

H. CHRISTY WINS TOURNEY AT FORT GEORGE

Despite the threatening skies and weather that held no promise for a fair afternoon, 23 enthusiastic horseshoe pitchers were on hand to enter a nopen horseshoe pitching tournament at Fort George on Sunday, July 5th.

The tourney was two hours late in starting the qualifying rounds, but the battle was on at 2 o'clock, just one hour behind scheduled time.

The contestants in Class A presented a fine exhibition of pitching with nine out of the 10 men pitching a ringer percentage over 300 headed by H. Christy who had 607 average for the nine games played.

Entering into the eight round H. Christy and W. White were leading the field with seven wins and no loses each. White faced Joe Jordan as his next opponent and won by a score of 51-16. Christy had a battle to the end with Wilkinson and with the score tied at 37 up with two shoes to be pitched by each player to decide the game, Wilkinson pitching first, put on a double ringer. Christy registered his first shoe for a ringer with his second shoe striking the peg and bounding away that spelled victory for Wilkinson 40-37.

In the ninth and final round Christy and White met in what proved to be a one-sided game in favor of Christy to the tune of 43-20.

The score of games then showed that Christy and White had each won eight and lost one which called for a play-off. This was agreed upon as a 50-point game which Christy won 50-17, and with it the honors of the day.

In Class B five out of the six men had an average of 340 or better, with John Stella showing the way for an average of 520. He, too, was forced into a play-off with M. Clifford of High Bridge Park as each player had won four and lost one game in the round robin of six men. Stella handed his opponent a tanning by the score of 41-17, in 50 shoes pitched by each player. In this game Stella had an average of 660 ringer percentage, while Clifford

traveled at the rate of 500 ringer percentage. Not bad for Class B players.

The Class C elimination again showed contestants playing out of their class. Meisenhelder won his last game with 560 while Blyman had 500 average.

SAYS GAME IS O K

Mrs. John Weston Davis, one of Spokane, Washington's best lady pitchers, says that she can recommend the game to all ladies as a health builder. She and Mr. Davis are both very much interested in the sport, Mr. Davis being the city champion.

VISIT OREGON

Mr. and Mrs. C. E. Jackson visited Oregon recently and gave pitching exhibitions at Elgin and Wallows. A fair-sized crowd attended at both places. The Jacksons gave a fine exhibition and amazed many of the spectators with their stunts, many of which were dangerous.

At Elgin, Mr. Jackson defeated Roy Smith the two best out of three, while at Wallowa, Smith defeated Jackson two best out of three. Percentages ran into the 60's and 70's. The Jacksons have been touring the Pacific Northwest for the past few weeks and contemplate going East within the very near future.

OHIO CHALLENGES ILLINOIS

In extending an invitation to National President Tanner to attend the Buckeye State Tournament at Dayton, the Buckeye State President concludes as follows: "Mr. President, please inform the Illinois horseshoe pitchers that Ohio intends to step right out in front, in the state competition for enrolled membership, and that we intend to stay out in front—just try to stop us. Let the Illinois boys watch us register, then step on the gas if they want to keep near us—that's our challenge to Illinois."

HAUSSNER WINS HORSESHOE TOURNEY

The results of the two-day Member's Handicap Tournament of the Fort George Horseshoe Club, 196th Street and Fort George Avenue, to the rear of the George Washington high school stadium, shows Teddy Haussner to be the winner, with Eddie Dobias second and Vito Fileccia, the club ace, finishing in third place.

The weather on Decoration Day was cold and windy and the players in combating the elements were forced to accept a low ringer percentage in all of the contests. Fileccia fell far below his average when he made but .564. Christy had a mark of .500, while O'Neill averaged .368 for the day.

Sunday was more pleasant and proved just right for Eddie Dobias to come through to win his five games without a loss. T. P. O'Gara secretary of the Fort George Horseshoe club, was handicapper and director of the tournament.

The leaders in the two-day tournament follows:

	W	L	Pts
