Boys' Tournaments

AS we look back over the summer's events we note an increase in the number of boys' tournaments held this summer. This is as it should be.

The boys of today are to be the pitchers of tomorrow. They should be given every attention by the grown-ups, so that they will carry the game on. The younger generation will never know anything but the scientific methods of pitching and in such a manner the term "barnyard golf" will gradually be outgrown.

Let's help keep the youngsters interested in the game. It is good exercise, a wholesome sport and a grand old game!

HORSESHOE CLUB**ELECTS OFFICERS**

Red Wing, Minn.—The Red Wing Horseshoe club elected officers at its annual banquet at the Boxrud tea rooms Tuesday night and then adjourned to see "Putt" Mossman give an exhibition at the Dakota street courts.

Harvey L. Johnson was elected president and J. W. Winberg was chosen secretary for another term. B. T. Gilbertson was named vice president.

Short talks by President Johnson, Mossman, Olaf Benson, Albert Mohn and others featured the banquet, which was attended by 35 horseshoe enthusiasts.

After the business meeting, Mr. Benson awarded prizes to the following tournament winners: Wilbur Swanson, first prize, trophy; Norman Madison, second prize, gold medal; Clarence Gilbertson, third prize, bronz-art medal, and Alfred Halverson, fourth prize, bronze medal. Other merchandise prizes also were awarded.

A resolution thanking Albert Mohn and Fred Reichert for the use of the courts was adopted.

Because of the banquet ending late, Mossman's exhibition of difficult horseshoe feats was cut to a half hour. He has been engaged for another exhibition, 90 minutes in length to be given here Friday evening, Sept. 28.

**PLANS EUROPEAN TRIP
FOR HORSESHOE STARS**

* * * * *

Dr. J. H. Becker, of Des Moines, Ia., has a plan by which he expects to take the 50 best horseshoe tossers in America on an exhibition trip to Europe during the summer of 1930. Dr. Becker states that the tossers will pitch before the Kings of England, Denmark, Norway and Sweden, and will also appear in the leading cities of Germany, France, Italy and Spain. The Des Moines man is now conferring with the leading sporting figures of the United States and Europe and he will be able to get special rates on the steamships.

Dr. Becker will be able soon, he says, to present the full plans for the trip, by which there would be no expense whatsoever for the players who make the trip.

Under the present plans a tournament will be held in Des Moines in June, 1930, to select the 50 high men, according to word received by The Horseshoe World.

GREAT INTEREST AT GLOVERSVILLE, N. Y.

The championship of Fulton county was the attraction which brought out a large number of good horseshoe tossers for the tournament recently held at Gloversville, N. Y.

In the first round ten players qualified as class "A" by virtue of their respective pitching. There were ten who fell below that mark and who were placed in class "B".

The tournament was conducted by the Y. M. C. A. Horseshoe club of Gloversville, and under national association rules. The success of this tournament was largely due to the efforts of President Harold C. Forbes and physical director Wallace W.

Manning who are directly responsible for the developing of the game in this section of N. Y. State. This tournament was organized and promoted in a most creditable manner and large crowds attended the games which were played at Darling Field at night.

The competition was very close and afforded many thrills for fans and players alike.

In Class "A" the diminutive Claude Walrath piled up eight victories and lost one, while Bert Yeates won seven games and lost two, was runner up. Up to the last game both men had won the same number of games, Yeates, a veteran of the silver slipper game set such a hot pace in the final

match that the experts thought the youthful Walrath would crack under the strain, but coming up from behind and pitching a steady game Walrath kept forcing the issue and won out over Yeates to clinch the championship.

Class "B" entrants found the going rather rough against such players as Joe Kalil, George Van Heusen, Let Holmes of Princeton. In the semi-final round Let Holmes was eliminated leaving the other two leaders deadlocked for the championship. In the play-off which followed Joe Kalil before a large gallery of admirers decisively defeated his opponent, George Van Heusen, and was declared champion of Class "B."

The winners of Class "A" and "B" will be awarded gold medals emblematic of their respective titles at the annual club banquet which will be held at the close of the season.

Laundry Team Cops St. Louis Shoe Title

By GUS U. KLEMMME

THE Justin T. Flint Laundry team which won the Municipal Horseshoe Pitching Championship of St. Louis this season is the fourth consecutive municipal championship team piloted by Gus U. Klemme. Klemme's other teams to win the championship were the Curlee Clothiers in 1925 and 1926, and the Klemme's in 1927.

The Flint Laundry team in winning the title finished the season with 192 victories and 38 defeats, 18½ games ahead of the Sunset Burial Parks who again finished in second place. The Angelica Autos again ran third.

The Flints, by tossing 5334 ringers, of which 1045 were doubles, out of 12,870 shoes for the entire season, for a ringer average of .414 established a new team season ringer average. This is the first time in the history of the Municipal Horseshoe Pitchers league that any team has been able to average better than 40 per cent ringers during the season.

The Flints also set a new ringer average for the league for one match (16 games) when they tossed 421 ringers out of 917 shoes for an average of .464.

In the individual departments of play, Flint players led in practically all departments.

O. Parker and A. Michel of the Flints ranked one-two in games won and lost during the past season. Parker led all the players with 52 victories and 4 defeats for a winning percentage of .928, while Michel won 41 games and lost 5. George Rathke of the Angelica Autos was third with 46 victories and 6 defeats. Five of the nine high ranking players in games won and lost were members of the champion Justin T. Flint team.

Rathke, of the Angelicas led all players who participated in more than one-half of the games in ringer averages by collecting a percentage of .458. O. Parker of the Flints was second with a .438 average and A. Mercer also of the Flints, third with .435. J. Putman, of the Sunsets with .479 and Henry Dietz, of the Flints, with .463, collected the two highest ringer average, but only participated in one-half of the games.

Henry Dietz, of the Flints, shot the best four games by tossing 135 ringers out of 232 shoes for an average of .581.

A. Michel, of the Flints, shot the best single game with 25 ringers out of 36 shoes for an average of .694.

G. Fortschneider, of the Angelicas, shot the shortest game needing but 22 shoes to win, 15 of the pitches were ringers.

Henry Dietz tossed the most ringers in four games with 135, while Dietz and Michel, of the Flints, and J. Collins, of the Sunsets each tossed 39 ringers in one game.

Rathke tossed the most doubles in four games with 24, while Dietz and Putman each tossed 12 doubles in one game.

Rathke tossed the most consecutive doubles with 7, while Dietz and Collins each got 6 in a row.

The individual season averages in games won and lost, percentage, ringers, double ringers, shoes pitched and ringer percentage follows:

"CLEVELAND" HORSESHOES for Pitching

**DROP FORGED**

from the Best Open Hearth Manganese Steel

HEAT TREATED

We can furnish these shoes if desired, of either soft or hard steel.

Hardening by heat treating gives the grain of the steel an even consistency throughout and absolutely prevents breakage. It also prevents nicking and roughing up from usage.

However, many players, prefer a soft shoe, so that we carry both in stock.

The Perfect Balance of the "Cleveland Shoe" makes a shoe easy to control when pitching.

Complies with the Official Regulations

Letters to Editor

A WORD FROM THE CHAMP

Mr. Howard, Editor,
The Horseshoe World.

In regards to Mr. Lodwick's article in the July issue, would like to say that there are a great many things to consider in regards to consistent ability, and the hard part is to develop your ability.

Does any reader of this article think it would be just to handicap anyone who has worked twice as hard as the other player who has neglected the necessary things that are required to develop consistent ability?

Some day I am going to give, free, the secrets of my success and the reason for such downfalls as Frank Lundin, Putt Mossman, Jimmie Risk and others that have been good and slipped

down to the bottom of the list. I will probably give a series of "Consistent Ability—How to Develop It and Keep It."

Just this summer I have been asked more than any other year. They ask why it is that sometimes we can go out and throw 60 per cent with ease, and at other times we can't throw 50 per cent, no matter how hard we try?

All these points will be included in my series of lectures which will probably be started in an early issue of HORSESHOE WORLD in 1929.

C. C. DAVIS,

World's Champion 1922-24-27-27-28

Mt. Clemens, Mich, Sept. 5

Mr. R. B. Howard,
London, Ohio.

I reply to the article donated to THE HORSESHOE WORLD by the Jackson Brothers, in the August is-

sue. In regards to the two games they played me at Mt. Clemens, I must say, as any other horseshoe fan will say, that in these two games, played with one of the Jackson Brothers, I came to the grounds that night, didn't even limber up for the two games I pitched with them, and I believe any horseshoe fan will agree with me that it is hardly a fair test for me, they being professional pitchers, and had been pitching for an hour or more before I got there.

I don't think I could ever hope to beat either of the two boys, but believe I can make a better showing the next time I play them. My friends in and around Mt. Clemens will surely think there is something wrong when I can't make more than three ringers in a 50-point game.

"Hey," Port Huron, let's hear from you.

OIL CITY, PA., TOURNEY

(Contributed)

Milo DeWoody, of Hasson Heights, Oil City, and well-known in Uncle Sam's postal service, topped the tossers in the Saturday afternoon, Aug. 25, fourth annual title tournament for Oil City horseshoe pitching honors. In a field of ten contestants he won six games and lost but one. The runner-up was Charles Gerrish, for second place, while third standing went to Frank Buchna who was defending champion of his 1927 title.

Suitable prizes go to each of these players also a consolation award is being given by the club to Lawrence Kluck who was the greatest loser.

Respective wins and losses are as follows: DeWoody won 6 games and lost 1; Gerrish 6 and 2; Buchna, 5 and 2; E. P. Brakeman, 4 and 2; Robert Shaner, 4 and 4; Harry Remus 3 and 3; Fred Poulson 2 and 5; Leo Bender 1 and 5; Edward York 1 and 5; L. Kluck, 1 and 6.

The club promoter, F. M. Schantz, took general charge of scores and was dictator of the tourney. Many volunteer scorekeepers were on hand among the 30 spectators, and gave valuable service by making complete score-sheet record of nearly every game played. Surprising absences were noted from the tilts this year, including past champions Pete Burns and Joe Parham. Most of the veteran devotees were on deck, however, and the competition was very close.

The new champion's scores in his seven games are: DeWoody 50 to Poulson 34; 50 to Remus 46; 50 to York 15; 50 to Shaner 43; 15 to Gerrish 50; 50 to Brakeman 13; 50 to Buchna 48.

Gerrish lost his two games to Brakeman, 47 to 50 and Shaner 49 to 50.

Buchna's two losses were to Gerrish 34 to 50, and DeWoody 48 to 50.

Brakeman's two losses were 39 points against Buchna, and 13 against DeWoody.

Ringers and doubles were very prevalent all through the 34 games. Score-sheet highlights follow:

All four shoes were to be seen several times looping a stake during the afternoon, and each time of this occurrence someone would shout, "Bring the kodak!"

Three players pitched a game of over half his shoes being ringers, or above 50 per cent games; DeWoody doing 57 per cent against Brakeman; Gerrish 55 per cent against DeWoody;

and Buchna 54 per cent against Remus. The new champ pitched 24 ringers out of but 42 shoes to beat Brakeman. Five or more double ringers in a single game were tossed on by Buchna in four games by Brakeman, DeWoody and Gerrish in three games, and by Poulson in one game. The most doubles, 7, and singles, 33, made in one game, was by Gerrish, when he lost to Shaner; 65 ringers in this game by both players was the greatest game total of the day. This was also the longest game, 92 shoes being pitched by each player. Two games tied for being the shortest, 42 shoes being pitched by DeWoody to beat Brakeman, and the same number of shoes tossed by Gerrish when he defeated DeWoody.

The closest game's score was 50 to 49, when Shaner shoved the necessary gain over Gerrish. The fewest points in a game, 8, were made by York when he played against Gerrish.

The round robin style of tournament proved very satisfactory, no critical tie resulting, and the various standings were easy to be determined by director Shantz and the club officers present. The tourney was completed in one afternoon by this method.

The Oil City Horseshoe Club officers and members wish to hereby take occasion to thank the local press, the donors of prizes, and all those who participated in any way to the present good condition and success of this ancient sport in Oil City.

SWANSON KEEPS

HORSESHOE TITLE

Wilbur Swanson retained his city horseshoe championship in the finals of the tournament of the Red Wing (Minn.) Horseshoe club, by defeating Norman Madison, 17-year-old phenomenon, in a stubborn three-game match.

Swanson captured the first game, 54 to 46, and Madison came back to take the second, 53 to 39. The last and deciding game went to the champion, 55 to 47.

Madison had a good opportunity to cinch the game in the third inning of the last game, which was played in a driving rain, when his opponent threw wild on both shoes. He, however, handicapped by the weather, failed to make his usual showing and lost both counts.

In the next to the last inning, Swanson scored one point where Madison again had a chance to score a ringer and take the game. The champion then threw a double ringer and

took the game and the title.

Madison failed to score in three innings of the final game.

The battle was witnessed by a large number of horseshoe enthusiasts, who remained to see the finish, despite the downpour.

The Eighth California Horseshoe tournament was held the latter part of September at Huntington Park, Calif. Geo. E. Krinbill, of Long Beach, secretary, was in charge.

WINS COUNTY TITLE

Charles Gerrish, of this city, is the Venango county horseshoe champion. The local man took the title in the first county tourney at Franklin Saturday. Robert Shaner of this city, was the runner-up. Third place went to Merle Long, of Franklin. Fourteen players were entered. In the finals Gerrish defeated Shaner 50-21, 50-14. James Chapel, of this city, scored several games and took general charge of the scores.

Drawings were made and each player had to win two games in order to progress to a further round. In the first round, Gerrish defeated Leo Bender, of Oil City, 50-0 and 50-11; McCartney, of Franklin, defeated Poulson, of Oil City, 50-34, 10-50 and 50-43; Long defeated Bartlett, both of Franklin 50-36 and 50-44; Charles Cozad defeated Walter Beno both of Franklin, 50-41 and 50-35. Robert Shaner, of Oil City, defeated W. Bell of Franklin, 50-38 and 50-43. W. Peterson defeated J. Spencer, both of Franklin, 50-23, 39-50 and 50-33. P.

S. Sheffler defeated W. Wible, of Franklin 50-38 and 50-48.

In the second round Long defeated Cozad, 50-38 and 50-17, Shaner defeated McCartney 50-30 and 50-27; Gerrish defeated Scheffler 50-18 and 50-0. Peterson drew a bye.

In the third round Gerrish defeated Peterson, 50-15 and 50-10; Shaner took three games to eliminate Long, 34-50, 50-24 and 50-13.

Most of the high spots of the tournament were contributed by the new champion. In four of his eight games he made 50 per cent ringers or better with the old mare's steel booties. His top percentage was his last game when he pitched 56 per cent against Shaner including seven doubles in his 26 ringers out of 46 shoes pitched. This was the highest number of double ringers for any one game. The longest contest, 40 innings, or 80 shoes pitched, was between Peterson and Spencer. The shortest game was of 15 innings when Gerrish shut out Scheffler.

The most ringers made in a game, 28, were tossed by Gerrish in his first game with Shaner. In all his eight

games the new champ flung a total of 171 ringers out of 372 shoes pitched, averaging over 20 ringers to each game for a ringer percentage of 46 for the tourney. This is a new record for pitchers in this vicinity.—Oil City (Pa.) Blizzard.
