UTAH

WHAT HAPPENED!
By ARCHIE GREGSON

The method of play used in the 1954 World's Championship Horseshoe Tournament is as follows:

Thirty-five high qualifiers and the defending champion (Ted Allen) were divided into 6 groups of 6 men each. Six men were selected from the group of 36 and one was placed in each of the six groups. The selection was based on past performance in National Tournament play. The balance of the men were placed in groups according to their qualifying scores.

At the end of the first nights play of 5 games, two men in each group winning the least games were dropped and the balance advanced to the Semi-Finals. The 24 men in the Semi-Finals were divided into 3 groups of 8 each and placed in these groups according to percentage they pitched in the Quarter Finals. The Semi-Finals were played on Saturday and Monday nights and the two pitchers winning the most games in each of these 3 groups advanced to the Finals.

(All ties were broken throughout the tournament by taking the highest percentage. All shoes were measured and weighed before tournament play and wide shoes were brought within specifications.)

The six men played a round robin beginning at 7 P.M. Tuesday evening under unusually good conditions: clay was perfect, no wind, extra bleachers were placed on all sides of the courts.

They gave, without a doubt, the greatest performance of horseshoe pitching for six men that have ever been assembled in one group. They pitched before a capacity crowd of several thousand people and in each round of the five games, world's records were threatened.

In those five games 3,468 shoes were pitched, of these 2,896 were ringers, for an average of 83.5 per cent for the 6 men.

In the first game, Isais and Steinfeldt battled for 140 shoes. Isais winning 50—45 with 84.2% and Steinfeldt losing with 82.8%.

The next round Isais and Zimmerman battled for 152 shoes (just 12 shoes short of the world record) Zimmerman winning 50—40 with 87.5% against Isais' 86.8%. In that same round Dean lost to Allen 50—20. Allen pitched 90.1% and Dean 81.2%. The game went 112 shoes.

In the third round, Jones and Allen fought for 138 shoes, Jones winning 50—37 with 84.7% and Allen losing with 83.3%. In this same round Isais pitched 63 out of 70 against Dean for a ringer percentage of 90 and Dean lost with a 75.7%.

In round four, Steinfeldt and Allen battled for 154 shoes (just 10 short of the world record) Allen winning 50—48 with 87% against Steinfeldt's 85%.

In the final round of the evening Isais and Allen went 140 shoes. Isais won 50—47, both of them pitched 85%.

In the Finals Carl Steinfeldt averaged 80.4% and lost every game! Dean had 78.9% winning only 1 game, Allen had 85% winning but 2 games, Jones had 83.5% winning 3 games, Isais had 85.2% winning 4 games and Zimmerman won them all with 86.5%.

The crowd was wild and stayed until the very last pitch at 1:30 A.M. On the last night of play, Wednesday evening, Guy Zimmerman and Fernando Isais met on the courts after the Dolan and Page match in the B Division, which Dolan won. The boys played before an overflowing crowd, three terrific games.

Zimmerman took Isais for three straight; the first game went 117 shoes, Zimmerman 50—88.6% to Isais 36—85.4%. The second game went 128 shoes. Guy only missed 14 shoes for a ringer percentage of 89% and Isais threw 85.9% only getting 39 points. In the third game they threw 142 shoes, Zimmerman had 122 ringers for 85.9% and Isais collected 40 points on 118 ringers with an 83% game. The total percentage for Zimmerman for these three games was 87.8% and Fernando averaged 84.8%.

The crowd was absolutely spell bound. After the match a traveling trophy was presented to Zimmerman and also a permanent trophy, by the Salt Lake County Commissioners. Bill Adams, son of the late Colonel Adams presented Zimmerman with a beautiful wrist watch and to Isais a \$25.00 bond. Trophies were then awarded to Harry Dolan winner of the B Class, Katie Gregson winner of the Ladies and Byron Bowman winner of the Junior tournament. Guy and Fernando presented their shoes which they pitched in the tournament to the two leading Junior pitchers, Byron Bowman and Rex Atwood. May they become champions!

The Commissioners reported that they would like for us to return next year and that an offer will be presented later.

It was a wonderful tournament and certainly one that we will never forget.

UNOFFICIAL MINUTES OF N.H.P.A. CONVENTION

Murray, Utah, July 22-29, 1954

The annual Convention of the National Horseshoe Pitchers Association was called to order by President Dale Dixon at 10:40 A.M. Wednesday, July 28 in the Recreation Hall in Salt Lake County Fair Grounds, Murray, Utah.

Before taking up the official order of business, Arch Stokes reported the following: That Salt Lake County will make a bid for the 1955 tournament before we leave. That they will not dictate the method of play (that is to be left up to the officers of the tournament and that they would like to have a method of play to hold the pitchers here for the entire tournament.

The minutes of the last Convention were read and approved. The financial report of May 1st, 1953 through June 30, 1954, was read showing:

Cash Balance May 1 1953.....	\$ 671.96
Receipts	2,123.50
	<hr/>
	2,795.46
Expenditures	1,451.47
	<hr/>
Cash on Hand, June 30	\$1,343.99

President Dixon stated that we plan to send tournament results, unofficial minutes, financial report, and membership report to each member of the National Association this year and also there will be quarterly reports during the year. He also stated that the method of play used this year was devised for the sponsor's benefit in order to create spectator interest and that it was the sponsor's desire that the 1954 tournament be conducted in the manner used this year.

Pete Harman reported that the majority of people to whom he had talked was in favor of the previously used round robin system and the majority of the pitchers to whom he had talked was in favor of the round robin system. The consensus of opinion was to have the old round robin system, but have a climax at the end—possibly a 4 or 6 man round robin. The Salt Lake County people want a method of play keeping the pitchers here for the duration of the tournament.

Wayne Player was introduced and told of the increased interest among the boys in this area. The Recreation Department has purchased 60 pairs of horseshoes and that many boys are interested in pitching. He expressed his gratitude to the horseshoe pitchers who helped instruct the boys this year. Mr. Player also mentioned that they would like to see a method of play used next year that is fair and one that would have a climax. Delegates from the following States were seated:

JOHN RITCHIE COMPANY

198 Broadway, New York 38, N. Y.

Northern California 2; So. California 1; Colorado 2; Illinois 2; Iowa State and Eastern Iowa 3; Kansas 1; Nebraska 1; New York 2; Wyoming 2; Missouri 2; Utah 3; Wisconsin 2, making a total of 23 delegates.

President Dixon stated that one of the important issues to be decided this year was the method of play for next year. He asked for suggestions from the floor, members as well as delegates.

Harry Dolan, California: Suggested using 36 man round robin, taking top six players for a play-off for champion as a climax.

Milton Tate, Illinois: Was in agreement with the above mentioned method.

Casey Jones of Wisconsin: Stated he was against having a play-off. If the round robin was used, that should decide the championship and there should be no play-off.

Ted Allen of Colorado: Suggested we have a round robin and use four men for a play-off.

Stan Dahl of British Columbia: Suggested that each National Association member be sent a copy of the type of play to be used and an invitation to attend and participate in the tournament.

A show of hands was asked from members in Convention showing preference of either 4 or 6 man play-off. The majority were in favor of a 4-man play-off. Ray Ohms, Utah, moved that we use a 36-man round robin with the top 4-man play-off for the 1955 tournament. Seconded by Ted Allen. Motion carried.

The next point to be settled was how to establish an official shoe.

Dixon Victory Horseshoe

This shoe has been tried and approved by the best pitchers of the nation.

Designed for easier grip and natural turn. Will not raise sharp places to cut hands.

N.H.P.A. APPROVED

PRICE PER PAIR \$3.75

•

DES MOINES, IOWA

A committee of Carl Steinfeldt, New York (Chairman); Lowell Edmondson, Indiana; and Truman Standard, Illinois, had been appointed to work on this and the following recommendations were made:

An official shoe shall be as follows:

1. $2\frac{1}{2}$ lbs. or less in weight. 2. $7\frac{1}{4}$ inches or less in width. 3. $7\frac{5}{8}$ inches or less in length. 4. $3\frac{1}{2}$ inches or less opening. 5. Said opening shall not be more than $\frac{3}{4}$ inch from the extreme end of the shoe determined by measurement from a straight edge placed across the extreme ends of the open end of the shoe.

Truman Standard moved that the above recommendation be accepted as weight and measurements for an official shoe. Mr. Melvin of Kansas seconded the motion. Motion carried.

The handicap system was mentioned as a means of increasing the interest of the average horseshoe pitcher. It was suggested that various methods of handicapping be studied and perhaps some system or systems could be suggested by the National Association to those clubs or states desiring such information.

Since the count all system was tried in the B tournament this year, President Dixon asked for a hand vote by all members in Convention as to whether they liked the system. The vote was unanimously against the count all system.

ELECTION OF OFFICERS:

1st Vice President: Arch Stokes was nominated by Mary Jones. Steinfeldt moved that the nominations be closed and that Arch Stokes be elected by acclamation. Seconded by Casey Jones. It was so ordered.

2nd Vice President: Carl Steinfeldt was nominated by Casey Jones. Earl Winston moved that the nominations be closed and that Carl Steinfeldt be elected by acclamation. It was so ordered.

3rd Vice President: Lowell Edmondson, Danville, Indiana was nominated by Earl Winston. Elmer Beller, California nominated by Ray Ohms. Motion was made and seconded to close nominations. Motion carried. Voting by secret ballot and Elmer Beller was elected as 3rd Vice Pres.

4th Vice President: Mrs. Truman Standard, Illinois, was nominated by Arch Stokes. Steinfeldt moved nominations be closed and that Mrs. Standard be elected by acclamation. It was so ordered.

Treasurer: Steinfeldt nominated Mary Jones, Random Lake, Wisconsin. Ohms moved that the nominations be closed and that Mary Jones be elected by acclamation. It was so ordered.

Secretary: Casey Jones nominated Archie Gregson, Calif. Sam Somerhalder, moved that the nominations be closed and that Archie Gregson be elected by acclamation. It was so ordered.

President Dixon asked for permission to authorize Archie Gregson to purchase a duplicating machine not to exceed \$200, and a typewriter not to exceed \$150 for the National Horseshoe Pitchers Association. Permission was granted.

Arch Stokes moved that part 5, Section I, Article II of the By-Laws be amended so that a National member will be permitted to play in a tournament in which non-members of the N.H.P.A. participate and not be liable to suspension. Seconded by Albin, Wyo., motion carried.

Motion by Katie Gregson that alternate pitch be optional for use in any sanctioned tournament. Seconded by Casey Jones. Motion carried.

President Dixon appointed A. L. McNeil and C. W. Palm both of Wyoming to rewrite Rule 4 of Official Rules and present it to convention next year. Steinfeldt moved that the secretary set up rules of play for next year's tournament and that each member be notified regarding those rules in plenty of time preceding the tournament.

There being no further business the meeting was adjourned.
