NATIONAL TOURNAMENT INFORMATION

By TRUMAN STANDARD, Chairman

The committee for the Eastern National Tournament site would like to have all bids sent in as soon as possible so there will be plenty of time for preparation for the group that gets the bid.

Send your bid to any of the 5 committee members. Please include number of local tournament helpers, number of courts, and method of play along with your bid.

Minutes of the 1955 Eastern National Tournament

The meeting of the 1955 Eastern National Tournament was called to order by Mr. Fred Shuemaker of Peoria, Illinois, on September 10, 1955. He welcomed the pitchers in attendance to Peoria and hoped that their stay would be very enjoyable. He then introduced Claude Benedict of Johnstown, Ohio, who has done much in the promotion of horseshoes, especially the Eastern National Tournament. His remarks covered past horseshoe activities and what must be done to increase more interest in the game throughout the country in the future.

There was a suggestion made that there be a person or persons elected to head the Eastern National whereupon Dale Dixon of Des Moines, Iowa, nominated Truman Standard of Canton, Illinois, as Chairman, it was seconded by Mr. Wittlech of Quincy, Illinois. He was elected by acclamation.

Truman Standard suggested that a committee be appointed to arrange and secure possible tournament sites for 1956. The following players were appointed:

Nelson Pickering, Frankfort, Indiana; Paul Focht, 1051 W. Dorothy Lane, Dayton 9, Ohio; Lee Jacobs, 11105 Quirk Road, Belleville, Michigan; John Fulton, Route No. 5, Carlise, Penna; Truman Standard, Canton, Illinois, R. 2.

Motion was made by Milton Tate of Peoria, Illinois to limit of 5 men east of the Mississippi to control the tournament, seconded by Day, carried.

Mr. Claude Benedict of Ohio offered \$25.00 to Association for next years' office expense. He also announced that he was going to be in attendance at the "Keep Fit Program" to be held in Denver, Colorado on September 22 and 27, 1955.

Mr. Nelson Pickering of Frankfort, Indiana made a bid of \$300 to have the 1956 Eastern National held in that city.

INDIANA

By LES CRAVEN

It has been quite some time since I bombarded our Friend Jake with an article but at this time, the close of another year of pitching,

Doubtful doubles at a "magnetic" Iron Stake. I would like to enter the charmed circle. I am sorry to say that our Club at Lawrenceburg has dwindled some what due, I feel sure, to a lack of promotion and the extreme distance from many of the Good Horseshoe pitching Clubs in the State. Our closest organized town being well up to one hundred miles. Although we had a very fine tournament at our Annual Fair. We also had two fine games with the North Vernon Club.

As I look over the recent editions of The Horseshoe Pitcher I can see the wonderful growth of good tournaments the country over and am proud that Indiana has come so far in such a short time. In the last five years our entries in the State have grown from a low 22 entries to a live pulsating 110 entries for this past year, with a wonderful tournament held in the Northern part of the State with fifty contestants in six classes, with practically one half of the pitchers obtaining a 50 per cent or much higher ringer average.

I would like to give credit to the fine club at Frankfort, and the many officers over the state who have by hard work and much time made this growth possible. I would also like to give some credit to our present State Champ. I have found him to be a keen student of the game, a quiet likable chap, a gentleman and sportsman off the court as well as on. Qualities which should be developed by all pitchers who expect to succeed and put horseshoe pitching on the plane it deserves as a sport for young and older, and some who are old in years, yet young in heart.

Now some things I would like to see. I would like to see more indoor courts similar to Bowling Alleys where pitchers could go without having to drive too far. Where it would be possible to have good promotional tournaments by interested sponsors, these tournaments televised once or twice a year say in the winter time. I would like to see each State Champion lay his title on the line, or be open to Challengers by worthwhile challengers, with a 90 day time limit.

I would like to see still more younger boys be taught the Fundamentals of good Horseshoe Pitching and more interest in Horseshoe Pitching in all boys Camps, schools, and as these are the fellows who in coming years will make future Champs and near Champs.

P.S.: Whoopee! Just receive notice that the writer is a new grandpop, a 9 pound boy being born to his son's wife Sgt. David Craven at Fort Bragg, North Carolina, where he has been attached to the 777 Field Artillery, for the past two years. Craven writes that he has been very active in Horseshoes this past year having won the Championship of Fort Bragg and a fine trophy presented by the Commanding Officer of the Fort. He expects to be released in a short time and hopes to be back and compete against his friends and Buddies in some of the fine tournaments in Indiana the coming year.

IOWA

By LELAND MORTENSON

The death of Frank Jackson occurred December 27, 1955 at the age of 85 in Tampa, Fla.

Frank Jackson was the first world's champion horseshoe pitcher. He moved away from Iowa in late 1933, and apparently since moving away, he lost complete touch with all Iowa horseshoe pitchers, and with about all of the nationally known horseshoe pitchers. I had hoped to see him sometime and get information from him regarding the world championship tournaments held between 1909 and 1919, all of which he won (some ten of them). He was born October 1, 1870 and he could have told a lot

DIAMOND SUPER RINGER

There's No Finer Pitching Shoe For Anyone To Enjoy

Drop forged from special carbon steel, heat-treated to prevent chipping or breaking, without destroying dead falling qualities. Designed to catch stake with the least possible danger of bouncing or sliding off. Perfectly balanced for easy control.

Ask your Sporting Goods Dealer about the Diamond line of Pitching Shoes and accessories, including five models of shoes, ready made courts, stakes, stake holders, literature on pitching horseshoes.

DIAMOND CALK
HORSESHOE COMPANY

DULUTH, MINNESOTA

about horseshoes from about 1880 to 1920. When I was seeing him annually from 1927 to 1933, it didn't occur to me to get all of that interesting information from him. Now that Jackson is dead, I doubt if anybody will ever obtain such needed information. We really needed that information to complete the modern history of horseshoe pitching.

Jackson was a healthy, rugged pitcher. He was hardened to play a long time without getting tired. His face was tanned brown—a fellow once remarked that his skin looked tanned like leather. Even, as late as 1933 at the age of 62 when he last played in Des Moines and took second to C. C. Davis in a mid-west meet, he showed no signs of wearing out.

I think that he should be entered into the Iowa Hall of Sports Fame. I wonder if he won't soon be—I hope so.

He laid claim to being the first man in tournament play to complete a 50-point game with all ringers. He once threw 68 ringers without a miss.

* * *

NEW JERSEY

By **AL WARD**

With the new membership cards coming out, I would suggest that State secretaries put the ringer percentage and number of years pitching on each membership card when he sends them out. This would accomplish two things:

1. Provide a ready reference for the pitchers' ability when he registers for tournament play.
2. The years pitching data would tell the tournament director whether he is a finished pitcher or on the way to peak performance and thus the director could judge accordingly when placing him in tournaments.

The above is based on the results of average record keeping over the past three years. These facts are evident:

1. The tournament player who has competed for 2 or 3 years and has reached a percentage of 45 or over is not likely to vary from that percentage more than two or three points in any one tournament average.
2. Established pitchers in higher percentage brackets vary even less from year to year.
3. The only ones on which a close check is necessary are the new contestants in the game, and those who are below 40 per cent. In other words "C" Class and below.

As our main reason in Jersey for adoption of the performance placements system at tournaments, was to do way with qualifying. I think the recording of the data suggested on the back of membership cards would be highly advantageous in simplifying things even more. All this information would be at the discretion of the individual tournament committees, naturally.
