MARCH, 1975

President's Message

On November 1, 1974, I wrote to Roone Arledge, President of ABC Sports and President Ford inviting them to the 1975 and the 1976 World Tournaments. Received a thank you reply from the White House asking me to renew the invitation around ten to twelve weeks in advance of the tournament. ABC Sports has not answered.

Venon Kinser, manufacturer of the Detroit Flyer is experimenting and designing a new horseshoe stake. The executive council has approved his action so long as it does not conflict with the rules concerning stakes.

Thanks to everyone responsible for all the interesting and informative articles in the February issue. Keep up the good work. If I have done nothing else, I feel I have opened up our communications, pro or con. So, for this reason, I stated in a previous issue, let's tell and show the non-subscribers to the Digest why they should sub-scribe. Southern California, so far in 1975, have 64.3 percent of its membership (36 out of 56) signed up for the Digest, compared to a total of 52.6 percent in 1974. Thanks for the letters concerning the positive side on the increased dues and Digest

subscriptions. It's nice to receive a little sweet with the bitter and that you are not all alone. Following is a quote from a letter, "Hard to believe that some members cannot afford 30 cents per month for the increased dues or 83 cents a month for both the total dues and subscription.

At Keene, New Hampshire I made the following observations and received some good suggestions concerning the World Tournament.

- 1. Women and Juniors need a scoreboard for posting their results. (Use for other classes also).
- 2 Women and Juniors need their schedule printed (like the 36-man) so everyone will know who is playing and when. (I went down to watch the Women during the third game. It was then I realized no one knew how many games anyone
- had won or who the individual was going to play next). Design scoring machines to show number of shoes pitched. 3.
- 4. Players' name cards only had names on one side.
- 5. 36-man schedule should show city and state of players.
- Either the 36-man schedule or a separate hand-out sheet should tell how the game is played and scored for the benefit of the spectators. All players should have their name and state on their shirts when competing. 6.
- 7.
- Spectators did not know what Division and Class was pitching. (They may have come out expecting to see Class A, but were watching Class D. We should have 8. signs showing what class is on the courts).

SUGGESTIONS FROM MEMBERS:

- Police qualifying, have time limit and enforce it.
- 2. Do not pitch any class all in one day.
- 3. Posted result sheets --- office to print in two colors only. One color for wins and one for losses. (Easier to read and follow).
- 4. Women should have two scorekeepers during qualifying.
- 5. Trophies to be awarded as soon as possible after completion of each class.
- Award trophies for B, C and D classes instead of cash. Purchase large plastic numbers for the Class A scoreboard. 6.
- 7.
- 8. Purchase walkie-talkies in order to get results on the scoreboard faster.
- 9.

Design horseshoe pins, charm bracelets, ear rings, etc, for the women. This last suggestion is from your President — form an NHPA Women's Auxiliary. 10. These observations and suggestions, I can assure you will be looked into, corrected

or improved upon at the 1975 World Tournament. Thanks for all the suggestions. Elsewhere in this issue you will find the schedule and prize list for the 1975 World Tournament.

> Sincerely, Wally Shipley

COVER PICTURE . . . Howard Lewis, Oxford, Massachusetts, became the first winner of "Ringers for Cash" at Heritage Recreation Center, Sutton, Massachusetts. Howie, a 39% player, pitched four consecutive ringers and hit the jackpot for \$81.50. It looks easy, but 112 players had already tried, without success. The rules of the game are simple. The pot is started at \$25 by Heritage. Each participant puts up \$1, of which \$.50 goes into the pot. Players 50% and over must pitch six consecutive ringers, those under 50% must pitch four in a row. You pitch at one stake and stack them on — none removed until you complete pitching. The first shoe counts.

Horseshoe Has New "Home" In Sioux Falls, S. D.

By Marlow Neuberger

A new cement tile warehouse building 40 feet by 70 feet was erected this past summer by Marlow Neuberger, a local fireman, business man, horseshoe pitcher and twice past president of the South Dakota Horseshoe Pitchers Association. Neuberger has a thriving bee and honey business and built the warehouse for storage of equipment, supplies and honey. Being an energetic promoter of horseshoe he made the building extra big to accommodate four beautiful clay horseshoe courts. The local pitchers formed a "Ringer Club" and pitched in laying out courts, erecting backstops, putting in a removable wall and protective fence, putting up and painting an insulated sheet-rock ceiling and installing a furnace and lights.

Neuberger owns the building and donates the use of it to the Ringer Club. The officers of the club are: Enok Lommen, president; Henry Hallickson, Vice-President; Marlow Neuberger, Treasurer and Myrline Schliemann, secretary. There are 26 members who paid \$10 each to join the club and \$1.00 each time they play. Non-members pay \$2.00 to play. This money is used to pay heat, lights and other operating expenses.

The league consists of 6 teams with four or five players on each team. Tuesday and Thursday nights two teams play a four-man round-robin. There are a total of 21 points awarded each night, 16 for games won, 4 for rounds won and 1 for evening total.

Presently a "count-all" ringer system of scoring is being tried with no points or cancellation. It is proving to be a very easy and simple scoring system. Sunday afternoons, visiting towns have been invited in for fun time.

Walter Fickbohm a former winner of the South Dakota state championship belongs to this league. He holds the highest league average of 62%.

Myrline Schliemann our present State Ladies champion is also a member of the league and is secretary of the "Ringer Club".

"Mr. and Mrs. Malcolm Schliemann have been very active in horseshoe, If something needs doing, you can bet on Malcolm and Myrline to take care of it. These two people have added very much to horseshoe in our city, we would miss them if they were not around".

Rademacher Wins Sunshine Open At Orlando, Florida

John Rademacher of Plant City defeated Bill Keegan of Live Oak in a playoff Saturday, November 11, to retain his title in the Sunshine Open Horseshoe Tournament at Sunshine Park in Orlando. Rademacher whipped Keegan 29-25 in the playoff with Seman of Pittsburgh taking third place. Speed Gillespie of Sarasota took the Class B championship over Harvey Hochstetler of Sarasota and George Buskey of Tarpon Springs. Les Peary of Bradenton pitched his way to the Class C crown with Henry Mullet of Clearwater tying for second. Another Bradenton pitcher, Ed Tausch was tops in Class D followed by John Hess of Bradenton, Merle Wittmer of Orlando, Norman Gaseau of Clearwater and John Lukse of Ormond Beach. The next tournament in Orlando is scheduled for February 15 and 16 at Sunshine Park.

Southwest Minnesota League Honors Archie Andersons

By Arnold Erickson

About 120 Southwest Minnesota Horseshoe League players and their wives met at the Orchid Inn, Sleepy Eye, Minnesota for a smorgasbord and fellowship to honor Mr. and Mrs. Archie Anderson, long time horseshoe player and promoter. About 22 years ago Archie decided a league should be formed to play in tournaments and to help promote the game. Archie has been its first and only president since that time. In 1970 he was elected to the Horseshoe Hall of Fame for his service as a promoter. This special evening of appreciation was instigated by Arnold Erickson, Rapidan, Minnesota and B. E. Worseck, Redwood Falls, Minnesota. A short program with "Doc" Worseck acting as Master of Ceremonies followed the smorgasbord. ("Doc" told about Archie's earlier horseshoe days). Remarks of gratiude to Archie were made by Arnold Erickson, Rapidan. He remarked about the growth he has seen in the sport of horseshoe due to the dedication of people like Archie. (Arnold is also a member of the Hall of Fame as a promoter). Les Bockes, Canby talked about tournaments, his recollection of his first horseshoe tournament and playing Frank Stinson as his opponent, after that they had a class for be-ginners. Larye Ambrose, Jackson, 1975 State Horseshoe President also representing the south league, thanked everyone for coming and stated he was a recent newcomer to the game of horseshoe, but throughly enjoyed being a part of the organization and the fellowship of such wonderful people, inviting them to Jackson for the State Tournament in 1975. The Master of Ceremonies introduced the state officers present. Secretary, Mr. Robert Gjerstad, St. James, Minnesota; Darrel Sewert, Director from North League; Larye Ambrose, State Horseshoe President; Dale Olsen, former board member of long standing. Archie Anderson then was called upon to express his thoughts about his life as a horseshoe player and promoter. Archie has been the publisher of the State bulletin for many years. He expressed his appreciation and thanks for the evening. He recollected many interesting items from the past. Archie famous for his jokes in the State bulletin, said he could not recall any, being completely surprised by the group present. Albert Kersten, Springfield, oldest horseshoe player present, 82 years young. Mr. and Mrs. Anderson were presented with a gift from the entire group.

Announcement was made concerning the new horseshoe courts which are portable. Anyone wishing, or any league wishing to help share in the expenses should send their contribution to Lloyd Fredrickson, Wayzata, Minnesota.

Rioux Tops In Heritage January Thaw — Sutton, Mass.

Norm Rioux took his wins where he could find them, and walked off as champion again in the January Thaw tournament at Heritage Recreation Center, Sutton, Mass. Norm confesses to winning this one on reputation as he had one of his lowest percentages in some time. Mr. Number Two did it again — high game (88%), high average (78.9%), but Ed Domey finished second. ONE OF THESE DAYS . . . !

After an off first game Dan Beane put together six straight to top Class 2. His stiffest test came from George Gallagher, the 1974 Tournament of Champions winner. George pitched 60%, but Dan popped a 66% game for the win and class high game. "Sudden death" Sam Raymond did it again! In two consecutive tournaments Sam has come out ahead on a four-way tie in Class 3. It was a one-two finish for New Jersey in Class 4. Ray Shober on top and Rocky Fithian in second position, made Ted Lewis' four-man contingent look good. These are new players that Ted has encouraged and coached. Both have been pitching for about ten months.

Hub Sasse continues to improve. His new high, 46.3%, was good for top spot in Class 5. In Class 6, Ray Dulmaine won a one-point playoff decision from newcomer Harold Thomas, for his first win in some time. Fran Norman won Class 7, also via the playoff route, over first timer Jim Wylie. Fran had

Rioux Tops — (Continued)

an easier time of it than Dulmaine, as he won by two points! The Women's class was won again by Debby Michaud. Debby's average was down, but Cam Shepard, Anne Domey, and Bev Fontaine pitched new highs.

The highlight of this tournament was the number of new players. Out-oftowners Ray Shober, Rocky Fithian, and Ed Sever from southern New Jersey, gave good accounts of themselves, as did Ray and Peggy Degrenier, from New York; Marcel Courtois, Maine, and Larry Riendieu, Connecticut. Locally, newcomers Gardner Alden, Harold Thomas, Carmine Puzo, and Jim Wylie pitched well in their first tournament. Last, but not least, Leo Michaud finally dropped his baby sitting role, joined Debby in the tournament action, and found that he liked it.

Constructive Criticism . . . By GREG MARTER

VERIFICATION OF PLAYER'S AVERAGES

It is a very simple thing to have verification of players averages if all Tournament Directors would cooperate in one small operation, and that is to send a copy of their Master Summary Charts to a centrally located office, one to be located in every State. This way any director could ask and receive an average on any player who was entering his tournament regardless of where the players home state was located.

The State Secretary could perhaps handle this job or someone else could take care of it. This way, by current charts being turned in to an office of this type, an up to date average of any player will always be readily available.

type, an up to date average of any player will always be readily available. True professionalism will never become a reality in the Horseshoe Sport until such a step forward as this is undertaken.

"Not Just A Summer Sport In Indiana"

By JOHN AND EMMA GALL

To all Indiana Horseshoe Pitchers and N.H.P.A. Members near the Indiana State. In 1974 Indiana had 317 paid members to the N.H.P.A. That's a lot of horseshoe pitchers. We think it's about time to bring to the attention of all horseshoe pitchers in the state of Indiana that horseshoe pitching is not limited to the summer season only. We have two places to pitch indoors. They are Rush Indoor Courts at Rushville, and the new Pinecrest Indoor Club at Elwood, Indiana.

What we need is more support of these fine pitching places. It would be very damaging to the sport of horseshoe pitching to have to close one or both of these fine places for lack of support. Everyone should try to enter one of these tournaments in the very near future. There is but a small few of the 317 members that have entered one of these tournaments. We think it's about time that a few of the loyal and true believers of our sport enter one of these Indoor tournaments. It's a place for all horseshoe pitchers to be able to continue through the cold months. What we would like to see before the warm weather comes around is to

What we would like to see before the warm weather comes around is to have a full house at both the Pinecrest Indoor Horeseshoe Club at Elwood (64 entries) and Rush Indoor Courts at Rushville, Indiana (80 entries). We have March and April tournaments coming up, so there is plenty of time to enter one of these winter tournaments. It would serve two purposes to have a full house at both places. It would be a way of saying thank you to these fine people that put their hard work and time and money into indoor horseshoe pitching and the betterment of this fine sport. It would also be a nice way to limber up for the summer months. We all could start now and begin to prepare for the World Tournament in Lafayette July 25 to August 3.

Let's make this the greatest year ever for Indiana Division of N.H.P.A. So let's keep those entries coming in.

Notes From The 1976 Bicentennial W. T. Scene

A request has been made for all 1975 State champions to forward photos and a short history to the Bicentennial committee to be available for TV and news media coverage.

It was announced that Mr. Hambridge of South Africa sends his regards and states that there will be a South African delegation at the Bicentennial celebration at Levittown, Pennsylvania.

A suggestion has been made that anyone desiring to go to South Africa this year should get in touch with Robert Pence, 341 Polk Street, Gary, Indiana 46402 immediately, so that arrangements can be made.

Bellman Wins Pinecrest Indoor "Top Flight" Meet

Top Class pitchers from Indiana and Illinois put up their entry fee to go for cash prizes at Pinecrest Indoor Horseshoe Club, Elwood, Indiana, Sunday, January 26th. Tickets were sold in advance to help make up the prize money.

Pitchers from Indiana and Illinois who formed the "Top Flight" Indoor Tournament held at the new Pinecrest Club, Elwood, Indiana are: Front row (kneeling), Left to right—Clarence Bellman and Chet Reel. Standing, Left to right — Larry Griffin, Roy Billingsley, Paul Day, Henry Franke, Curt Day and Karl Van Sant.

Clarence Bellman won over Larry Griffin in a playoff game for the "Top Flight" Championship, and Curt Day was close by for third place.

Larry pitched an all-time high for Pinecrest with 95.0% in this 50-point tournament.

Southern California Association

The Southern California Association held its annual meeting January 18, 1975. We had a big shakeup with our President Wally Shipley not running for office; he wants to spend more time as our National President. The entire membership and officers wish him energy and success, and thank him for a wonderful job as president of the S.C.H.P.A. for the past six years.

Jim Weeks was elected as the new President; Jerry Schneider, 1st Vice President; Gene Van Sant was reelected as 2nd Vice President, and Emily Weeks as our new Secretary-Treasurer. The officers hope the year 1975 will be a great year.

The Clark Bell Open held in Baldwin Park, was won by the old pro, Jerry Schneider, with his only defeat coming from Bill Cessna. Jerry and John Walker finished in a tie for first place. Jerry defeated John 50 to 40 in playoff to finish on top, with Jonas Snyder, third, and Bill Cessna, fourth.

The Baldwin Park Club, with their new officers, Hank Drogemuller, President and Bill Cessna, Secretary-Treasurer, should continue with great success in the coming year.

We Beg Your Pardon

In listing the names of the World Tournament Senior Division Finalists shown on the cover of the February issue of the Digest, we inadvertently omitted the name of Ray Miller who was seated on the extreme right in the front row.

5th Annual Eisenhouer Open — Piqua, Ohio

May 23-24-25-26

The Fifth Annual Eisenhouer Open tournament will be held at Piqua, Ohio on May 23, 24, 25, 26. It will be NHPA sanctioned and an NHPA card will be required. The entry fee will be \$6.50 and score and percentage should be sent to Francis Asher, 1425 Mulberry, Piqua, Ohio 45356. Mailing deadline is May 16 and phone deadline is May 18.

In the Men's Division, Classes A, B and C will be 8-man and all others will be 6-man. The Ladies classes will be 6-women per class. There will be a Boys Division if there are enough pitchers.

Awards in the Men's Classes A, B and C will be the first 4 places plus 2

trophies, all others will be the first 3 places, plus 2 trophies. For all sanctioned tournaments, all pitchers are required to give the score-keepers 25ϕ before each game starts. This was approved at the 1974 Ohio State Tournament Convention. The club will take care of the Boy's pitching fee of 25¢ cents.

TED ALLEN HORSESHOES

Write For Prices

The best Allen shoe we ever put out. Still has the original features designed by Ted Allen in 1938: flat surface end-weights; side notches for finger grip. Hardened

points came not long after. All this, years ahead of others. Still remains the top revolutionary feature of shoe equipment.

Two Nebraska Tournament Dates Set

The Annual 4-State Tournament will be held on July 6 at Falls City, Nebraska. 100-shoe qualifying score should be sent to Don Koso, 803 East 12th St., Falls City, Nebraska 68355 not later than July 3. Tournament will start promptly at 8 a.m. in order to complete tournament at an early hour.

The Annual Falls City Open will not be held in August this year as it would conflict with the Nebraska State Tournament to be held in Falls City this year on August 23-24.

All Nebraska pitchers MUST qualify for the State Tournament on the Falls City courts on Saturday, August 23. The annual banquet will be held Saturday evening at 7 p.m. for all pitchers and their families. The annual meeting and election of officers and all other business will follow the banquet. Tournament will be completed on Sunday, August 24.

In Memoriam

The passing of Clement Birkenback was a shock to all Southern California pitchers. He passed away January 10, 1975. "Clem Kadidlehopper", as he was affectionately known by his many friends, was born in Columbus, Ohio, March 21, 1903. He lived in Baldwin Park for the past 20 years and was instrumental in forming the Baldwin Park Horseshoe Club, serving as an officer until his death. Clem never became world's champion or even a state champion, but with his unorthodox pitching style he defeated some of the best. He threw a 1¾ turn by hooking his finger around the toe of the shoe and always said, "If you throw 'em right they will stay on!" Clem designed and made stakes which are presently being used by all the Southern California clubs. He was constantly doing something to promote the game. He instigated a Handicap Money Tournament which was subscribed to by the players a year in advance and always had to turn down players because of the number wishing to participate. The money for the tournament was obtained by paper drives and selling horseshoe stakes. To his bereaved family the sympathy of the Southern California Association and the NHPA is extended.

On Thursday, January 9th, Charles Picraux, 68, of Defiance, Mo. passed away due to a tractor accident. He was the St. Charles County champion about 10 times, 9 of them in succession. Charles was a member of the N.H.P.A., the St. Charles and Warren County Horseshoe League, and the O'Fallon, Mo. League. Charles was a fine representative of our sport, both as a competitor and gentleman. All his many friends will greatly miss him. The sympathy of the O'Fallon Horseshoe League and the N.H.P.A. is extended to his bereaved wife. Lucinda.

On Saturday, January 26, while nearing the completion of game No. 5, Class C, of the Manatee Co. Open Tourney, Bradenton, Fla., Gerard E. Cole, dropped to the ground and was pronounced dead a few minutes later upon arrival of an ambulance. While Gerry was a permanent resident of Springwater, N. Y., he spent many winters in the Bradenton area. He was a long time member of the N.H.P.A. and qualified at a number of World Tourneys. Gerry was pitching against another N.H.P.A. member at the time of his death — Marion Collins of Dunedin, Fla.

Gerry's wife, Janet Cole, (also an N.H.P.A. member), was present at the tourney when the tragedy occurred. Janet was busy at the moment maintaining the master tourney records.

The Horseshoe World has suffered the loss of a grand guy and a great competitor. The sympathy of the Florida Association and the N.H.P.A. is extended.

In Memoriam

The Indiana Association has been saddened by the untimely deaths of two of its most ardent pitchers and supporters.

Dick Sommers of Indianapolis, Indiana passed away at the age of 43. He participated in almost every tournament. He was a very pleasant and fun loving person.

Ervin Hodgdon, 49, of Lebanon, Indiana, passed away on November 10. He, too, was an avid pitcher and active participant. Whether he won or lost, he always said: "I'll be back for the next tournament." His friendly smile and hand of friendship will be missed by all who associated with him.

To the bereaved families and loved ones of these two fine men the sincere sympathy of the Indiana Association and the National Association is extended.

It is with sadness in our hearts that we learned of the death of Harry Wheeler, age 57, Jameson, Missouri. He passed away on November 12, 1974 with a heart attack.

He was a well-known auctioneer and a promoter of horseshoes in the state of Missouri.

He is survived by his wife Mary, two sons, Harry and Frank and three daughters, Vicki, Leta and Beta. The sympathy of the Missouri Association and the NHPA is extended to his bereaved family.

LEAVENWORTH, KANSAS — The summer of 1974 was the beginning of the newly formed Tri-City Horseshoe League. The Tri-City League is made up of teams from St. Joseph, Missouri, Atchison, Kansas and Leavenworth, Kansas. We used the 80% handicap with a 30-point count-all system.

Bob Booe, of Atchison is the president, Bill Chester of Leavenworth vicepresident and Ted Grant of St. Joseph secretary-treasurer. The winners of the first play-off was Leavenworth. The Leavenworth club started only three years ago with only two interested members and now have more than 20 active members. These members have built 12 new lighted courts and will hold two tournaments this coming season. The first Leavenworth Open will be June 1 and the Buffalo Bill Open will be August 10.

1976 World Tournament Moves Forward

By Peter Shepard - Bicentennial Committee

I wish to thank the Leavenworth, Kansas Association, Mr. Ralph Forrstrom of Hamden, Massachusetts, William Chester of Leavenworth, Kansas and Casey Bettisworth of Illinois for their wonderful contributions to the friends of horseshoes. After our meeting with the Bicentennial Committee, I know now that we're moving in the right direction to make this the biggest and best world tournament ever held in this country. In order to move this world tournament forward, we need the friends of horseshoes and all members in the organizations, plus all the horseshoe clubs in this wonderful country of ours.

Bumper stickers are available to anyone who wishes to write to: Bristol Township Horseshoe Association - Levittown, Pennsylvania.

Our housing committee has been set up, our tours committee has been set up, and our social committee has been set up to give you people the best meals you have had. These restaurants will be available near the horseshoe courts. Shortly through the mail, each of you will be receiving from the Bi-

centennial Committee, material to read and places to see. I have said I would keep all the members of the Association informed, and anyone who comes will play. I am constantly in touch with the Pennsylvania Association by phone, at least two times a week. Our motto is: "The Biggest and the Best", and we are going to make this

the biggest and best world tournament ever.

Statisticians Report

By WALTER R. WILLIAMS, JR.

At the request of Wally Shipley, I seeded the top 100 men, 20 junior boys and top 15 women in the N.H.P.A.

This was done by finding the top percentaged players that were published in the News Digest. In order to establish an average, 3 tournaments or 15 games for the men and 2 tournaments or 10 games for the juniors and women. Players who think they could be in the top 100 list should send me their

tournament results with the date of the tournaments.

This months results are from the months of February 1974 thru January 1975 Digests.

Sunday, August 3 - 9:00 a.m. 16 courts in use. 2:00 p.m. 18 courts in use.

Remember the Convention starts at 6:30 p.m., Tuesday, July 29, by a vote of the delegates in 1974.

We are asking all delegates to PLEASE register at the office at court-side prior to Convention. This will speed up seating of delegates. All 50-shoe games will be played as in 1974. Winner must score last.

Qualifying will start on Friday in Lafayette. We would appreciate it if all local players would qualify early.

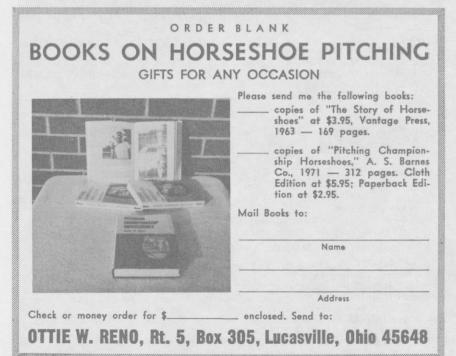

All players will receive a 1975 World Tournament insignia patch free. Approximately 75 trophies will be awarded.

Tournament schedule and prize list were approved by the Executive Council.

Special Notice To All Horseshoe Pitchers

Sent to Wally Shipley by Russell Gadoury, Mass.

You can do something to help our sport. In the February issue of the Readers Digest, page 24, is a "Gillette Cavalcade of Champions" ballot to select the top athlete of the year for 1974. In blocks 9, 11, and 12 you can write in your choice of top male and female horseshoe pitcher of the year. If each of you will take the time to obtain that issue, complete the ballot, and mail it promptly, you can help promote our sport. Time is short. The deadline for ballots is March 7. Please do your part to put horseshoes on the map. 5,000 ballots may not win the award, but that number of ballots is bound to im-press. When writing in the name be sure to write "horseshoe pitcher" also.

Indiana Spring Meeting

The Indiana State Horseshoe Pitcher's Association will hold its annual spring meeting Sunday, March 16 at the Jenks Center in Columbian Park, Lafayette, Indiana.

The Lafayette Horseshoe Club will be the official hosts of the meeting and make a progress report on the 1975 World Tournament preparations.

The meeting will be preceded by a carry-in dinner starting at noon. The 1975 Indiana tournament schedule and other business matters will be on the agenda.

"From Out Of

The Mail Bag"

Mr. F. Ellis Cobb P. O. Box 1606 Aurora, Illinois 60507

Dear Mr. Cobb:

The January issue of the News Digest had two articles "Food for Thought" and "Count-all Systems - Ringers Only". I was very interested in both articles. The major objectives of both is to stimulate greater interest in horseshoes. Below are thoughts of my own:

- 1. A shorter game will gain interest.
 - A. The game of 50 points can be an endurance race for anyone, old and young alike, especially after 7 or 8 games. Skill is the main factor.
 - B. For the spectator, the 50-point game can be very long. Many stop for 10 or 15 minutes without the end in sight and lose interest and leave. The conclusion of an exciting game is where the interest lies.
- 2. What kind of shorter game is needed?
 - A. The game has relied on the cancellation system for years.
 - B. The 50-shoe game count-all system (ringers only) is a new concept. This is fine for the 50% or above pitcher. The 25% range pitchers are the people I'm concerned with. They need the close shoe (single point) to count. If the only thing they had to count were ringers, it could be devastating to their interest. Some people say this will give them reason to improve, but this is not always true. Many people are satisfied with this lower ringer percentage and pitch only for fun.
- 3. The main reason for a ringers only system seems to be the effect of winning on a close shoe instead of ringers. All the examples mentioned favor top pitchers only. Not many of us pitch 80%. For some lower percentage pitchers, the single point is a big factor in their score. Making the close point is half the game. Yes, luck plays a factor, but doesn't it in many games? In the long run, if you're the best, you'll be on top despite the single point.

Summing up the above, I would like to suggest taking the best from both. Consider a 50-shoe cancellation game. Let's keep in mind that 75% of all pitchers are 50% or below. Let's make them happy. After all, we don't have to sell the wonderful game of horseshoes to the greats!

Sincerely,

Barry Johnson

Mailbag—Continued

Dear Sir:

I have been playing horseshoes for only a short time but during the time I have been playing, I disagree with the way they run tournaments. When I enter a match, they ask me to sign up and I pay my fee, but I end up in a higher class and do not have a chance to win anything. Most of the time the fee is five dollars, so, the A, B and C classes end up winning all the money. If a player is a Class H pitcher, let him play with Class H players. The way they work it at some tournaments is, they will make up classes of whatever they have if they don't have enough players. That's the reason why pitchers end up in higher classes. Well, so much for that. Here on Staten Island we have 5 courts that are not used too much. I contacted the local authorities about the condition of the courts and they sent men around to have a look at the courts. They did some work but not enough, however, it helped some.

Aspects Of Our Sports . . . Pros And Cons

By JIM SOLOMON OF PENNSYLVANIA

I have been in this game for many years now and during those years have heard many complaints about various aspects of this game.

I'm sure you all know the prime reason that we are unsuccessful in having this game on national television. It is not because of lack of sponsors but the length of the game itself. A good example was the game in a World Tourna-ment between Ray Martin and Glen Henton. It lasted approximately two hours.

Since time is of the essense, the game of fifty shoes was invented. This answered the problem of time but created the problem of inability to overcome your opponent at a mathematical position in the game. An example being that at the 45th and 46th shoe when your opponent is leading you by the score of 31 to 12, it is impossible for you to win, since you have only six shoes left to throw. The total count you could add to your score would be 18 if your opponent missed all six shoes. The final outcome would be your opponent 31 and you 30 which cannot win.

To qualify or not to qualify that is the question. There are various pros and cons to this question. The proponents of qualification insist that this separates the men from the boys by proving that today you have it, not carrying it forward from some previous day. This sounds logical on the surface but let's assume the following circumstances:

a. You have just driven 300 miles.

b. You could not arrive sooner than 2 hours before closing of qualification.

c. The walkways are full of mud since it rained earlier.

d. The qualifying is behind time.

Anyone of the above circumstances would prevent you from doing your best. The proponents of not qualifying say that your past records should be considered and that you should be placed accordingly. Again this sounds logical on the surface but let's assume the following circumstances.

- a. You haven't done any pitching or practicing at all.b. You had some physical trouble since the last tournaments.
- c. You are a newcomer to the tournament without any verified historical average.
- d. You are pitching 3 to 5% better than your last tournaments due to additional practice.

Any one of the above circumstances would reveal itself if you were forced to qualify.

Another complaint that I notice is that of the foul line. It would seem to me that the position of the foul line is entirely wrong. It is highly illogical to force a baseball pitcher to step only three feet forward when he is pitching to a batter. Therefore he must start at his foul line and step as far as he wishes. By the same reasoning it is illogical to force a horseshoe pitcher to step only up to a certain point and stop. Why not put the foul line at the peg and have the pitcher place his stationary foot on it or behind it as he chooses and step as far as he likes. You all know someone who steps about 2 feet and likewise you also know someone who strides a good five feet. Why penalize the five foot stepper an additional 3 feet more of pitching distance? Also why create a hazard by putting a raised foul line in front of a pitcher, as we currently do?

My final situation is one that all of you have suffered many many times. The score is 44 to 44 and your opponent throws a double. After careful aim, etc. you throw a ringer on top. Then you ready your next shoe and throw another ringer. But unfortunately for you, your second shoe jumps off. Score is now 47 to your 44. Here is the rub. Your opponent not only gets 3 points but he also gets the mud at the opposite peg. So he again throws a double. Again you top them but your second shoe again jumps off. What happened? You did not miss a shoe but you lost the game 50 to 44. Now I have a proposal for you to ponder. There are two solutions to this problem.

One of them is having a shoe perfected that will not jump off. I have made

Aspects — (Continued)

such a shoe and some of my horseshoe pitching buddies were exposed to this shoe in a tournament at New Castle, Pennsylvania last year. In seven games I lost only 2 ringers and I pitched 480 shoes and made 392 ringers. I'm sure that you can readily see the percentage increase that you could have with such a shoe. Remember that each shoe that you lose in a game lasting 70 shoes means that your percentage decreases by $1\frac{1}{2}$ %. It only takes 4 lost ringers to decrease a 75% pitcher to a 70% pitcher.

Another solution to the jump off shoe is rearranging the method of pitching turns. By this I mean the following: Again assume that the score is 44 to 44. Your opponent throws a double. You throw both shoes on but the second one jumps off. Score is now 47 to your 44. But by changing the method of the person who scores pitching first, to the person who scores pitching last, you arrive at this possible conclusion. Score 47 to your 44 but under the new method you pitch first. You put a double on and your opponent throws his shoes but his second one jumps off. Score is now 47 all. Your opponent throws and misses one shoe and you double and win the game. Can you see the reason for changing the rule? This will always give the person who does not score any points an opportunity to throw on mud and not steel.

Maybe with some collective thinking on all of our parts, we can solve some of our problems and thereby increase our enjoyment of this game and elevate it to a greater height in the sports world.

I would like to hear your views and comments on the above complaints and changes proposed. Please write to me at this address: Jim Solomon, 257 S. Mt. Vernon Avenue, Uniontown, Pennsylvania 15401.

## Maybe A Horseshoe Pitching Country Club!

### You Won't Believe It!!

### By JIM WOODSON OF TEXAS

About two years ago a small group of Texas pitchers throughout the State got this dumb idea in their head about buying a piece of property exclusive for horseshoes. They even talked of building a clubhouse and acting like a country club. I mean, they wanted to build a horseshoe pitching country club. I couldn't believe it.

It was a crazy idea and I told them so. Whoever heard of horseshoe pitchers putting out real hard earned money to get a nice place of their own. Horseshoe courts belonged in parks, or on other people's property, everybody knows that. That way things were simple, with little bother and no worry. And it kept the cost down to almost nothing, which is the way horseshoe pitchers liked it.

But they wouldn't listen, and before I knew it they were a group of fifteen. Each pledged at least fifty bills, and most said they would start out with a hundred. Some gave their money right from the start, if you can imagine that, while the rest started making five and ten dollar payments at their leisure.

Then Lakeside Club of San Antonio looked into their treasury and found five hundred bucks they could spare. And they put it in with all the other money coming in. I couldn't believe it.

Pretty soon they started spreading lies about how good things were going, so that even some of the skeptics started cooling down and making pledges. In three months time thirty horseshoe pitchers were in this project together, and money at the bank was up to fifteen hundred dollars, and growing. I couldn't believe it.

Then they ran into trouble like I told them they would. They couldn't find an acre of property in the San Antonio area that looked good, or was unzoned, or that they could afford. They looked hard and long, but nothing happened except that payments still kept coming in, and they got more dollars just on the interest from the pile they had stored at the bank. It made me feel good to know I was right. I told them so, too.

But they pulled a switch on me, and even on themselves, I think. Instead of giving up, they went out of town about twenty miles and bought four acres of hill country land at a cost of around \$6,000.00. When I heard that I gave out a low, long whistle, and shook my head real sad. After all, these were real nice guys and I hated to see them get hurt bad. They had some money in the bank for the down payment, and some in reserve to last an extra year or two, but each month they were going to be looking at a \$60.00 payment for 12 years. Poor guys. I went out and looked at the land like everyone else did, and it wasn't so hot. There were trees all over the place that got in the way, and you had to watch where you walked to keep from stopping on door droming.

you walked to keep from stepping on deer droppings.

The four acres were on three levels, and the bottom part was no good at all, except for hiking around and getting the kids out of the way. The second level, where they said the horseshoe courts would go, was all right I guess. Some leveling was needed, and I pointed out that a bulldozer didn't come for nothing. They were lucky to find a clear place for the courts, because trees were everywhere else. I had to admit the top level was good, if you liked scenery and things like that. Looking out from a spot they said would someday be the place for their clubhouse,

you could see for maybe thirty miles. All you could see though, was miles and miles of green trees that kind of ran together on hills and in valleys; and way off in the distance stood two peaks, looking alike and standing together. They named their place Twin Peaks, as you probably guessed, in San Antonio, Texas.

Anyway, after two years of this, they now got fifty guys in the program. And almost everybody was paying out pledges of \$100, and \$200, and a few are up to \$300, \$400, and even \$500. Honest. We had a big argument one day, and they opened up the books and showed me where pledges totalled \$6,000, and so far, members had paid in over \$3,000. I couldn't believe it.

I have to admit that the six permanent courts they put in look real nice, and

I guess the next six coming up will be as good. But I still say this idea they got for a private place for horseshoe pitching won't work, and that it won't catch on at other places in the NHPA like they think it will when the word on Twin Peaks gets out.

I keep telling them that horseshoe pitchers don't want real nice places like golfers and tennis players. They should know better how us horseshoe pitchers are. But I'm a nice guy and I hate to be disagreeable all the time, so last week just to keep everyone happy and smiling, I signed a pledge for Twin Peaks like everyone else. I couldn't believe it. In case anyone wants to hear more dumb things about Twin Peaks, write me at

## Levi Miller Wins Sarasota, Florida Open

Levi Miller of Sarasota grabbed the top honors of the day in the Sarasota Open, posting 6 wins and 1 loss. Levi came through in the clutch and upset the favored contenders, John Rademacher of Plant City, Florida, and Marv Richmond of Minnesota. His only loss was to Joe Holland of Michigan in his first game. After that, things went Levi's way and he came through with a fine ringer per cent average of 59.8 for the day.

Other winners were Chris Hansen in Class B; Ken Reeb in Class C; Duaine Whitmer in Class D; Red Benton in Class E, and Walter House, a winter visitor from Indiana, in Class F. This was Walter's first time in tournament play and he came through in flying colors, winning 6 games and losing only 1.

## Annual Hebron Open, June 20, 21, 22, Hebron, Ohio

The Ninth Annual Hebron Open Tournament will be held June 20, 21 and 22 in Hebron, Ohio and will be sponsored by the Licking County Horseshoe Club. All entrants must qualify at the courts on June 20, from 6 p. m. until midnight or on June 21 until noon. In the event that rain delays the qualifying rounds, last year's qualifying score will be used. There will be no refunds to entries unable to pitch at the scheduled time. NHPA card is required. Entry fee will be \$5.00. Classes A and B will be eight men with three trophies, all other classes will be six men with two trophies. Also, a trophy will be given to the high qualifier. Any women or juniors interested in pitching, must send a 100 shoe qualifying score to Don Jones, Box 62, Jacksontown, Ohio 43030, before June 13. There are many motels and restaurants nearby. Jim Knisley is the defending champion.

## Ohio Central District, Hebron, Ohio — September 6-7

The Ohio Central District Tournament will be held on September 6th and 7th at the Hebron, Ohio courts. There will be "no qualifying" this year. All contestants must send a \$5.00 entry fee and your highest 1975 ringer percentage to Don Jones, Box 62, Jacksontown, Ohio 43030 or phone 323-0660 before midnight September 1, 1975. ## Tips From The Top .... By Sol Berman

JOHN RADEMACHER, Florida - "Most pitchers are not careful enough on the backswing. If it is not right, the front swing will have to be forced, and ringers will be harder to come by."

"Keep your eyes on the target, and do not flatten the shoe prematurely, but try to drag the shoe through the swing."

BILL HENN, Kentucky - "Relax and pitch your game even if your opponent is pitching 80 or 90%. If you tighten up you will pitch short."

"Get your shoe up in the air. I'm most successful when my shoe is 10-12 feet high."

### Suggested 4-Point Publicity Plan

By Bernard Herfurth, Publicity

The following publicity program has been approved by President, Wally Shipley and the Executive Council. This is a suggested uniform 4-part publicity plan to be conducted by each state on a voluntary basis.

PLAN 1 — Early in the season the State Publicity Director in charge of this plan shall send a tournament schedule to each State Daily Newspaper.

PLAN 2 — Later after Plan 1 has been carried out, a short history of the game and the NHPA will be sent to each Newspaper. Suggest ways and means of contacting local clubs for information for those interested in learning more about the game of horseshoes. Suggest reserving a night a week offering to lend shoes and free pitching and instruction to men, women and youngsters who may be interested in pitching. Plan to stress the advantage to one's health through pitching horseshoes. Also the relatively low cost of getting involved with the game in comparison to other organized sports.

PLAN 3 — Two weeks before the World Meet at Lafayette, send each Newspaper a detailed program of the 1975 World's Championship. Enough information can be obtained from write-ups in the "Digest" prior to the World Meet.

PLAN 4 — At the present time there is a rage throughout the nation for having so-called "Tag Sales" or "Flea Markets". It is suggested that the ladies take an active part at certain chosen tournaments by conducting "sales". This could be the means of attracting some spectators who would not be apt to attend the meet. It would also give the ladies an added interest in the event. Any monies recognized could go to the local or state association's treasury. It has been tried at the New England Meet at Ed Domey's Heritage Recreation at Worcester, Massachusetts. Local newspaper publicity should be given.

Each state Publicity Agent is asked to promote this plan. If a state has no such agent, it is hoped that the state president would appoint one. If none were available perhaps the State Secretary would help in promoting the plan. This 4-point plan is not a directive to the States but a voluntary plan to supplement any publicity a state

It is suggested that all write-ups to the Newspaper be sent to the "Editor", rather than the "Sportswriter" unless the Sportswriter has been known to be cooperative. The reasoning is that the "Editor" in charge of the paper has a broader viewpoint. A Sportswriter, usually not understanding the game, often re-writes the original and comes up with silly errors. Often a Sportswriter, being mostly interested in the major waste basket or refuses it. I am not condemning the Sportswriter. If I were one, I'd probably do the same thing, knowing little about the game which does not receive very much publicity. It is suggested that all Newspaper write-ups be sent to the "Editor" on "State Association Stationery" if it is available.

The NHPA would greatly appreciate each State's cooperation. Please write to me advising if your State plans to participate. All participating States will receive recognition at the Annual Convention for their effort. A copy of this plan will be printed in

the "Digest". Any further suggestions to supplement this plan would be appreciated. Send to: Bernard Herfurth, 17 Fort St., Northampton, Mass. 01060. I hope your State has a successful 1975 season, and I look forward to a letter of acceptance on this voluntary plan by your respective State. "Any plan is a good plan until proven otherwise." Let's give it a try.

### "Rib Ticklers"

"Beg pardon, sir," began the beggar stopping a suburbanite at the ferry, "can you spare a few cents to help me across the river?

"Haven't you any money at all?" inquired the pedestrian.

"Not a cent," replied the beggar. "Umph," grunted the pedestrian, "then what difference does it make which side of the river you're on?"

Counsel to police witness — But if a man is in the middle of the road on his hands and knees, that doesn't necessarily prove that he was intoxicated." Policeman - No sir, it doesn't, but this man was trying to roll up the white stripe!

The cavalry recruit was instructed to bridle and saddle a horse. Ten minutes later the sergeant-major came along for his mount and found the recruit holding the bit close to the horse's head.

"What are you waiting for, he roared.

"Until he yawns," answered the recruit.
