NHPA PRESIDENT'S MESSAGE

As promised the Executive Council answers the Womens, Junior Girls and Boys comments, suggestions and ideas that they presented to the Delegates at the 1976 Convention in August. Ouote:

WOMEN: We women who are members of the NHPA have some ideas we would like to voice

- Our main point is that the World Tournament seems to be totally geared to the men in Class A. We feel that the women as well as all the other divisions, should have a decent share of the publicity and equal consideration in all areas. Those areas include having a scoreboard for all A classes so that spectators will be able to see what's going on.
- ANSWER: One of the scoreboards was purchased from the Levittown Club at close of Tournament for this purpose and should be available at all future W.T.'s.
 - 2. We also feel it's unfair to the spectators and competitors alike for 5 championship divisions to pitch at the same time. We feel as if we are being pushed aside and gotten out of the way as an unimportant prefix to the tournament.
- ANSWER: Donnie Roberts and Greenville have worked out a tentative schedule which we hope will satisfy most. However, the Council recalls in 1974 we had a request to pitch the women on a separate night. We did on Friday, but we had complaints that it was too late in the week and it was at the same time as the men and the family couldn't watch both. In 1975 I believe the only complaints was the Junior Boys greatly overshowed everyone that evening. In fact Men's Class A could not even follow their performance. I am only trying to point out its not easy to pitch everyone at the right time. But, we will keep trying to satisfy.
 - 3. It's also hard to understand why any championship classes must play on the evening of the long convention day. It's hard to pitch your best when you've been sitting for several hours.

COVER PICTURE... The picture shown this month is a revised edition of the one shown back in 1969. At that time Eugene "Gungie" Strauss of Lomita, Calif. was three years old and was pitching 20 feet using a regular 2-½ pound shoe and averaging 35 percent ringers. Now at the age of 10, after laying off for 6 years, he is back pitching again and pitching 40 feet and has won four first place trophies and numerous other place trophies. In September he won first place in the Class C tournament at San Diego, California. He averaged 62.4 percent for the tournament and in the playoff games he had games of 69 and 70 percent. He pitches the reverse turn and one-quarter.

PRESIDENT'S MESSAGE — (Continued)

ANSWER: It appears some class will always have to follow the convention. For we don't have a lot of rest time and allow for weather problems.

4. One argument against giving us equal consideration is that there are very few women horseshoe pitchers. Perhaps if we are given a little more consideration and publicity there would be more of us. Thank you.

ANSWER: We agree, not only the women's class needs more publicity, but our entire sports needs a shot in the arm. So, let's get behind Sol Berman's publicity committee, Joe Goldstein and Mike O'Hara. If we all do our part I am sure Horseshoes and all classes of pitchers will benefit.

GIRLS: Ladies and Gentlemen of the convention, speaking on behalf of the Junior Girls of the NHPA we would like to present the following ideas.

 We feel that where as the championship mens class has the statistics posted on a large board, we deserve the same treatment because we too are a championship class.

ANSWER: Scoreboard will be provided.

2. We believe that pitching 5 championship classes at once as they are this year (1976) is highly frustrating to spectators and participants. For example, say you are a spectator and there is a member of your family or a friend in each division they have to run from one court to another. Why these championship classes aren't separately pitched on different afternoons we fail to understand.

ANSWER: As stated, we hope to eliminate as many championship classes as possible in pitching at the same time.

3. Last, we feel that it is very unfair and makes no sense that when you are already 17 at the first of the year you can pitch in the Juniors Class and yet you are not considered an adult. For you can not be a delegate. So, depending on your birth date there could be one year 17-18 that you are neither a Junior or an Adult. We think that the solution of this problem would either lower the delegate age to 17 or raise the Junior age to 18.

ANSWER: Council has agreed on my suggestion in lowering the delegate age to 17. So, this will be presented to the By-Laws Committee. If they accept then it will be presented to the 1977 Delegates.

In closing, we wish that you would open these topics to discussion because to us these matters are very important.

BOYS: We the Junior Boys ask the Executive Council to give serious consideration to developing a greatly expanded awards program, especially directed towards league and other local programs. The Council should also consider associate membership or other means of sanctioning league actively.

You have to work at local level. Many are not interested in NHPA just back yard. For NHPA to gain any benefit, it has to do more for the pitchers in the game already. Awards program is one of the best ways. All we have now are tournament patches. We need more.

ANSWER: We need more.

ANSWER: We are working on these suggestions which by the way sounds like a carbon copy of the article in the November issue by Russ Gadoury. Who was the original author? Anyway, the Council hopes to have a program ready by convention time or sooner.

Unquote.

On behalf of the NHPA thanks to the three divisions for having a representative speak on their behalf. You did a fine job. I personally encourage you to have a spokesman each year. For if you don't the NHPA won't know your likes or dislikes. However, we would appreciate if you would try to keep your requests within reason.

This council realizes it's impossible to satisfy all players at a W.T. But, if there is ANYONE who disagrees with this statement we would be most happy to hear from you with your guaranteed fool proof solution.

Sincerely,

PICTURES AND HISTORIES OF 1976 HALL OF FAME INDUCTEES

Perhaps many of the News Digest subscribers and others have been waiting to see the pictures and histories of the 1976 Hall of Fame inductees to appear in the Digest. Due to the time and circumstances in acquiring the necessary photos and histories is the reason for the delay. They are now presented as follows:

Danny Kuchcinski, now of Indiana, player. Danny started pitching at the age of 10. He won his first world title at the age of 18 in 1967 at Fargo, North Dakota. The youngest winner since 1933. He qualified for the World Tournament at Keene, N.H. In 1969 he again captured the World title for the second time as well as winning the Eastern National crown. His best performances during world tournament meets are: highest qualifier, 92.5 percent: best overall tournament average, 84.9 percent High single game average, 97.1 percent and the most consecutive ringers, 66.

These are the best records of any player that has not already been inducted into the Hall of Fame.

Danny Kuchcinski

Sue Kuchcinski

Sue Gillespie Kuchcinski of Indiana, player. Sue began pitching at the age of 13. She won her first world title at the age of 15 to become the youngest lady champion. She won it again in 1964 and had the most consecutive ringers in a world meet of 30 straight. In 1965 she repeated for her third title in Keene, New Hampshire.

Her best performance in world tournament competition she had 83 ringers in 100 shoes. Her best overall average was 81.1 percent. Highest single game average of 93.3 percent and most consecutive ringers 30.

As a husband and wife team, Sue and Danny are keeping horseshoes in the limelight by giving exhibitions which they have been doing for the past several years. They both intend to try for world titles in the near future.

Bert Snart of Manitoba, Canada as a promoter. Burt got his start in the game back in 1935. He promoted horseshoes in the Canadian Armed forces for four years starting in 1943.

He organized 42 clubs throughout Canada, which is an outstanding achievement. For 25 years he was Provincial Tournament director in 500 to 600 tournaments during that time. He has done promotional work many times on TV and radio with many personal appearances.

He is most proud of his government awards for his efforts from 1967-70 and 73. Since 1970 the Dauphin club in Manitoba has been awarding the "Bert Snart Trophy" in his honor.

HALL OF FAME — (Continued)

Bert Snart

Dale Carson

Dale Carson of Maryland, oldtimer. Dale has been pitching for fifty years. He will remember the summer of 1976 as the year that he and his wife celebrated their 50th wedding anniversary and along with that, 1976 will be remembered as the year he was inducted into the Hall of Fame.

Dale has pitched in 10 World tournaments and qualified in 9 of them in the championship class. In 1968 he qualified with 568 points out of 200 shoes. He has averaged 75 percent in several of them. His highest single game effort in world tournament competition was 89 percent.

He also won the Pennsylvania state title back in the 1930's. He has also won the Ohio State Open meet against such top flight players as Paul Focht, Harold Reno and Curt Day of Indiana.

Debbie Traquair Wins Women's Tournament of Champions

Debbie Traquair won the first womens' Handicap Tournament of Champions held at Heritage Recreation Center, defeating Janet Riendeau 46-21 in the championship game. Traquair and Riendeau qualified by winning their respective qualifying rounds. In the battle for third place, Edith Gadoury defeated Anita Pateneaude 44-36. All four finalists set new career high averages.

44 (38%)
36 (28%)
4-1-34.8
4-1-36.4
3-2-41.2
2-3-29.6
2-3-46.4
38.8

The championship game matchup was settled early. Traquair quickly overcame the 14-point spot and moved ahead 34-11 after thirty shoes, pitching 50 percent. Janet made a strong move on the last twenty shoes, but it was too late. Debbi improved on her previous high tournament of 34.0% by averaging 40.4% in the qualifying round and pitched a fine 44% in the championship game. After winning Debbi said, "This will take care of this month's car payment."

An additional \$50 in prize money was donated by Pete Shepard, New England Regional Director. This generous contribution made it possible to post a substantial prize fund. First place paid \$50, second \$25, and third, \$15. All handicaps were based on the participants' highest tournament average over the past twelve months. The Women almost had a World Champion among their numbers. Ruth Hangen expressed a desire to enter, but could not arrange the necessary time off.

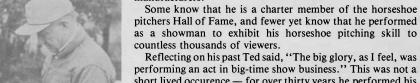

There is an amusing story associated with this tournament that also demonstrates the intensity of much of the competition. Anne Domey came into the tournament with a high average of 36%. Edith Gadoury was in at 46%. Edith had practiced at least 200 shoes every day the week before, and in the last week pitched 500 shoes Monday, 300 Tuesday, and 200 Thursday, to build up her endurance. Anne had pitched about an hour in the previous week and not much before that. They met in game one, Anne ahead 16-0 with the spot score. She built the lead to 24-0 on 7 for 10! Two consecutive four deads followed before Edith could score. Edith won the game but had to pitch 6 for 8 to tie at 50 shoes, and 4 for 6 in the six-shoe overtime. In game 5 Anne did her darndest to beat Debbi Traquair, but 44% wasn't quite good enough. So much for "I'm not pitching worth a hoot", and so much for the "get lots of practice" theory.

A DAY WITH TED ALLEN

by Stewart Snyder

Ted Allen's contribution to the highly developed game of horseshoe pitching is more than most people realize. He is a leader in this sport because he designed and produces the revolutionary ALLEN pitching shoes; shoes that have set a high standard of perfection in design

— a design that is covetously imitated by other shoe manufacturers.

performing an act in big-time show business." This was not a short lived occurence — for over thirty years he performed his skilled horseshoe pitching acts booked in big-time shoes that traveled throughout America.

Today the challenge of competition continues, but is most evident now in the production of his Allen pitching shoes. He spends his days finishing shoes that arrive from the foundry in 50-gallon steel drums; tempering the points, grinding,

weighing, painting, and packaging for shipment.

Ted pointed to two shoe box files on his work bench and was pleased to mention, "These are all new orders. They come in all year long now, not so much seasonly as in the past."

But when people think of Ted Allen, they think mostly of ringers and records, of world championships and trophies, and of the glory that comes with outstanding achievement on the courts

Glory is not the self-assessment of this extraordinary horseshoe pitcher, but it is the admiration accorded to him by common consent of those who know the man; of those who are qualified to pitch against him, and of those who would emulate him, even in some small way.

To Ted Allen, glory is a reality, yet for all its honor and fanciful connotations, he remains just plain — Ted Allen.

HORSESHOEIS A LIFETIME SPORT

by Donnie Roberts

Sports are emphasized more and more everyday in our school and life style. The television is polluted with one event after another. Maybe some horseshoe matches will appear there some soon.

The local high school in Pike County, Ohio has a physical education program that works on lifetime sports. Bowling, golf, archery, and horseshoes are just a few of the sports they teach. All of these, particularly horseshoe, are sports that people can participate in at almost any age. As Coach Morris Gullion puts it, "Let's teach something people can do after they get out of school for the rest of their lives, not something that only superstars can do." Of course there are superstars in horseshoe.

During November the Physical Education Classes at Piketon High School worked on horseshoe pitching. Part of their program was a visit to the Pike County Indoor Horseshoe Courts to hold a School Singles and Doubles tournament. There were forty participants in one class. Eddie Jordan won

the singles event. Tim Mowery and Eddie Jordan won the doubles event.

Pictured are Eddie Jordan with Coach Morris Gullion and Tim Mowery and Eddie Jordan with Coach Gullion.

SOLOMON, HARRISON, ROBERTS, & HIGGINS CLASS WINNERS IN ELI RENO MEMORIAL

The Second Annual Eli Reno Memorial Indoor tournament was held at the Pike County Ohio Indoor Facilities during November and December. This event is held every year in memory of Eli Reno an avid horseshoe man in Pike County for many years. The event is sponsored by Ottie Reno, Eli's son.

This year we had 70 entries from five states. Ohio, Kentucky, Indiana, Illinois and Pennsylvania were the states represented. Last year we had 68 entries that played. There were some tournament records broken. Ken Kuglar of Hamilton, Ohio had 26 consecutive ringers which broke the record of 20 held by Stan Manker and Gary Roberts. Jim Solomon hit a game of 88.9% to beat an 84.8 record held by Stan Manker. Solomon's 82.1% tournament average set a new high for the Eli Reno Event. Carl Young and Jim Solomon went 98 shoes which is a new record.

Several prizes were given to the various classes. A copy of Ottie Reno's newest book "Pitching Championship Horseshoes" was presented to first and second in every class. The first place winner in each class received a nice trophy and free entry fee into the next tournament. Also, in all classes \$1.00 in prize money was given for every game that each pitcher won.

RENO MEMORIAL — (Continued)

All classes were 8 or 9 persons and all games were 50 point cancellation. All two person ties are decided by how those two people did with each other during regular play. The person who won the game finishes ahead. In case of a more than two tie we use how the games came out if possible. Otherwise we go to percentage for more than two ties.

The Pike County Horseshoe Club would like to thank everyone for coming to our tournament that they will come back again. Thanks to Ottie Reno for sponsoring the tournament. Gene Reno donated \$20.00 to the person with the high single game which Jim Solomon won with 88.9. Helen Roberts hit 81.4 in one game and Janet Reno hit 79.1 in one game.

RICHARDSON IN UPSET — WINS CHRISTMAS CLASSIC AT HERITAGE

by Russ Gadoury

Charlie Richardson wasn't sure he wanted to enter Heritage Recreation Center's Christmas Classic because he hasn't been pitching well, and was not happy being in Class A, being eighth seed, but then went and WON THE WHOLE THING! What happened was, he was in the right place at the right time. You knew it was that kind of day when Domey, Tyson, and Schultz have two losses after three rounds. Matters were so tight that if Charlie had lost to Sweeney in the last round there would have been a six-way tie at 4 and 3. Thanks, Charlie, for not putting us through that experience. And congratulations. One question though. I know that gift items were the prizes, but don't you think, under the circumstances, you should have chosen a trophy instead of a cutlery set?

Ed Bodinski is all smiles. After winning Class 3 of the Turkey Shoot with the best percentage of his life, he followed it up with a victory in Class 2 of the Christmas Classic. Quote, "That's 13 for 14 so far this winter", unquote...Fran Norman, always a strong contender, parlayed a 6-1 record into a Class 3 win...Ray Peloquin exhibited some strong pitching once he loosened up and won Class 4, defeating newcomer Bob Martin in a playoff. Peloquin's only loss was to Bill McMahon, who filled in two classes up. Previously Bill McMahon had won Class 6 with his best tournament ever, 36.5%, one percent higher than his previous high the month before, good only for third place. You all know Bill from "Keep pitchin', cause you're gonna be in A someday" fame. He's working on it.

Class 5 was won by "Hard luck" Bill Knowles. For years he's been trying to get into the Tournament of Champions. No matter how well he pitched, he'd look at enough 60% and up games to knock him out of top spot. Bill nearly turned back for home about three times because of the icy roads, but did not.

CHRISTMAS CLASSIC — (Continued)

Jim Laliberte came alive as a horseshoe pitcher last April in a doubles tournament. It got him started on the tournament trail. The effort paid off last week in Class 7, winning a playoff from Joe Szlozek with one of his best games, 32%.

CHAMPIONSHIP CLASS — Charles Richardson, MA, 5-2-61.6; Ed Domey, MA, 4-3-68.6; Don Weik, CT, 4-3-67.8; Art Tyson, NY, 4-3-66.7; Paul Cormier, MA, 4-3-64.5; Russ Sweeney, MA, 3-4-62.6; Joe Schultz, NY, 3-4-59.6; George Trabucchi, CT, 1-6-53.2.

A TRIBUTE TO IOWA'S LUCILLE HOPKINS

Des Moines, Iowa December 22, 1976

Mr. Charley Hopkins 124 S. Cherry St. Ottumwa, Iowa 52501

Dear Mr. Hopkins:

Your newspaper account and Memorial Service folder telling of Mrs. Hopkins' death was received by Mr. Danny Sease on December 21 and prompted him to phone me regarding Lucille's passing on November 20.

The entire membership of the Iowa Hawkeye Horseshoe Pitchers Association offer their Christian sympathy and condolences to you in the hour of your bereavement. May His tender mercies comfort and strenghten you in these days of heartache and transition. Your lives were so much intwined with each other for mutual helpfulness and direction.

The 20 year tenure of service rendered by Mrs. Hopkins as the sec. & treas. of our State Horseshoe Pitchers Association is remembered with deep appreciation and especially among the Iowa pitchers with their many years of experience in tourney play out over the state.

She was nominated and became one of the first members of the Iowa Hall of Fame entries, being installed in the 'Hall' during a service at the Iowa State Fair last August. To be so honored by the State Ass. must have brought her sensitive spirit the heart-felt joy which comes from being appreciated for a job or service well done.

Her contributions as a member of the National Executive Committee is also remembered with a sense of gratitude.

Our Christian Faith assures us of His lasting love and that not even death can bring about an interruption in such a Divine relationship!

An eternal love relationship is affirmed (Rom. 5.21) "... grace reigns unto eternal life by Jesus Christ our Lord." It is also stated in the New Testament (1 Cor. 15.20) "But now is Christ risen from the dead, and become the first fruits of them that slept."

And if the grave for Him was not an end, but only an incident in life eternal, then we may rest assured that in His love there is no such sadness as the broken melody!

All we have loved shall meet us once again with eyes that are transfigured in the

And that is how Christ has met this element, and mastered it in His victorious way, and made it possible for breaking hearts to bear the voiceless sorrow of farewell!

We thank you, Lucille Hopkins, and revere your memory!

Sincerely, Rev. David Shaeffer, Publicity Director FOR THOSE WHO DESIRE THE VERY BEST

PAUL CORMIER WINS 1976 TOURNAMENT OF CHAMPIONS — BECOMES FIRST TWO-TIME WINNER

Twice Paul Cormier reached the championship game of horseshoe's Handicap Tournament of Champions at Heritage Recreation Center in Sutton, Massachusetts. Twice he has won. This year his championship game victory came at the expense of Clyde Hewett. It appeared at first to be a walkaway, as Hewett could not get going. Paul quickly overcame the 15-point spot score to pull ahead at 30 shoes, 31-20. Clyde reached deep within himself for that last reserve of energy (he had already pitched 750 shoes today) and tossed ten ringers in twelve shoes to close to within two points, 32-34. He then faltered and Paul moved out to a 44-35 win and \$100 first prize. Cormier had stated earlier, "I could sure use the money."

Cormier made the finals by winning his qualifying round at 6 and 1, with most games near his entering (high tournament) average of 67%. His only loss was to Bart Sargent, at 26% pitcher who shocked Paul with a double on the last two shoes with the score tied at 67-all. In the final round he also lost just one game, to Ed Bodinski in round 8. This is where the "ifs" began. If he lost to defending champion Ed Domey, and Bodinski beat double flipper Charlie Bonani, a three-way tie would have resulted. But Cormier beat Domey and Bonani beat Bodinski. That settled that

Meanwhile, the tobacco-chewing old boy from downeast Maine was having himself some fun on the other four courts. During his qualifying round Hewett placed second at 5 and 2, including wins over past champion and last year's runnerup George Gallagher, and Arthur Tyson, who won the group and became the only man to reach the finals in all four years of the tournament. What were Hewett's chances of winning his finals group? Slim. Who is in his group? Four class A pitchers, including Carl Steinfeldt! Of the four, who does he defeat? In order, Joe Schultz, Don Weik, Steinfeldt, and Tyson. In fact, his only loss was to another Maine pitcher, Pat Gallant, who was the only other pitcher to defeat Steinfeldt. To make the Maine story complete,

HERITAGE CHAMPIONS — (Continued)

Steinfeldt's next closest game was against a third Maine pitcher, Roger Bolduc, who tied Carl in the first qualifying game at the end of regulation 50 shoes. A great weekend for the state of Maine.

The Tournament of Champions was honored to have World Champion Carl Steinfeldt numbered among its 71 competitors. Someone raised the point that here is one top pitcher who isn't afraid to mix with the "lesser" pitchers in a handicap tournament. Carl certainly gave everyone an idea of why he is World Champion. He began his qualifying round with 78.6%, and followed with percentages of 86, 82, 84, 82, 82, 86, for seven wins. In the finals he pitched 86, 92, 76 (a loss), 88, 90 (a loss!), 84, 88, 82.1%.

St. Pierre Manufacturing Company, maker of the "American" horseshoe, was the sole sponsor of the tournament this year, contributing \$200 to the prize fund.

F. Ellis Cobb, Editor Horseshoe News Digest P.O. Box 1606 Aurora, Illinois 60507

Dear Editor:

In regard to the NHPA President's Message in the December issue of the Digest, I hope that the membership will give long and careful thought to his suggestion of starting a land and building fund. I feel this must be done if we are going to survive as far as World Tournaments are concerned.

If each of the approximately 4500 members would donate even \$10.00 each for the year of 1977, that would certainly give a sound base to start out with. Some members would probably want to make a larger donation.

I think there is a possibility that in most cities a 99 year lease could be obtained for space in a City Park, thus, eliminating the land cost. Also, this building could probably be rented out for special occasions.

Another paragraph of the President's Message dealth with the idea of a reduction in the annual fee. I can see no reason for such reduction as I know of no sport that gives you the healthy exercise, competition and comradship that the game of horseshoes develops, and all of this for the cost of a carton of cigarettes or for a couple to attend one movie. All of the members of a family can enjoy the game. We cannot advance if we continue to try to hold to the conception that horseshoes is only a barnyard game.

I am certain that other members will have much better suggestions on this than I, but we certainly need to move forward.

ROCKY GULLICKSON NAMED TO LITTLE AMERICA FOOTBALL TEAM

Rocky Gullickson, son of horseshoe pitcher and promoter Will Gullickson, was named to the 1976 Associated Press Little All-America football team announced Dec. 8. A 21-year-old, 6-foot, 232 pound offensive guard for three years at Moorehead, Minn. State University, Gullickson was picked on the first team of the select groups which includes all four-year colleges in the National Collegiate Athletic Association and National Association of Intercollegiate Athletics outside of Division 1 (major schools). Rocky pitched horseshoes in the 1967 World Tournament — Junior division — the event which was coordinated by his father, a long-time pitcher and promoter who received the Arch Stokes Award at the tourney.

AUTHORS' CORNER

WHAT'S HAPPENING TO THE GRAND OLD GAME OF HORSESHOES by Ed McFarland

Something must be done. We have people running the game now who just don't realize what they are doing to our game. I remember when you could get a great pitcher like Grover Hawley from Bridgeport, Ohio to travel more than 50 miles to Pittsburgh, Pa., to play a match game with Dale Carson, our newest old timer in the Hall of Fame, and all for \$5.00 which was to cover his expenses plus his profit. When Grover got to the courts he would "warm up" about a half hour and you could count the misses on one hand.

Now we have a President, Wally Shipley, who raised our dues from \$1.50 to \$5.00 a year. It gives the National Organization more money than they need to pay expenses so they use the extra money to promote the game. We have such things as "progress means change" and we have a Medical Doctor, Sol Berman, who wants more of the little guys to get a chance to play against the "greats". Our leaders are even bringing in kids to the game like Walter Ray "Deadeye" Williams, John Passmore, Mark Howe, and even a new Hohl who haven't pitched but a few years but who can just embarrass us old timers with their high percentages. Everybody knows it takes at least 10 years to develop as a horseshoe pitcher and when these kids can pitch 80% after only about three years of pitching then all our concepts of the game are thrown out of kilter.

Now then here comes another upstart and he's from Texas where they think "BIG" and he says we have to have a new concept in order to promote the game. He says we have to put in "hard cash" and be involved, otherwise, we will have no real interest in the game. You know who I am talking about — Jim Woodson, who has made the name "Twin Peaks" famous as far as horseshoe pitching is concerned. Jim has "conned" a lot of people all over the country into investing in "a Horseshoe Country Club". Let me give you some advice, if you are coming through Texas, stay as far away from San Antonio as you can because if you talk to Jim Woodson you undoubtedly will be delayed. I remember when I would get ready to pitch horseshoes, my wife, Joyce, would say "get your old clothes on" and I would put the oldest clothes I had on. When I came back to Texas Jim Woodson said the players had to wear "white" including shoes and socks so they would look like they were in uniform. Now Joyce says "you better polish your white shoes and don't forget to wear your white socks. Have you painted your shoes, you know how Jim is." But, the main reason you should avoid San Antonio is that you might become infected with "Woodson's Disease" which means that if you happen to see Jim he will either ask you "do you have a hammer and nails and time to work or do you have money?" If you don't have time but money he will give you a beautiful certificate saying you have an ownership in a horseshoe country club. He is like a magnet and when he turns on that big smile just reach for your check book. "Woodson's Disease" will make you think that horseshoe pitching is a comparable sport to tennis, bowling, and golf. What made tennis, bowling, and golf so popular is the profits from game related items. If you succumb to "Woodson's Disease" you will have to watch your dress and everything else connected with horseshoe pitching. We will have all kinds of game related items - maybe even a pocket computer that will keep track of shoes, points and ringers of you and your opponents. It will become downright expensive and then Jim will be negotiating "television rights" for a pro tour. Everyone will start pitching horseshoes and us 65 and 70 percenters will be just average pitchers instead of big shots like we

We have another leader who has a lot to do with the game — Bernard Hurfurth. He doesn't realize you are supposed to decline and start making excuses when you get old. He just won his third state championship and he's older than most of us, and this is in a state where the competition is fierce. But if we stick with Bernard and we will all have some kind of emblem to be proud of for long, loyal service.

Now we come to Texas again and find Bob Graham is Chairman of the Regional Directors and he is working hard to make the Directors something more than an "honorary" title. He hasn't let this bother his pitching, though. He travelled far to several tournaments last year, came in 21st in the World tournament, won the Championship of Texas, and is listed 63 on "Deadeye" Williams 100 best pitchers. I'm going to get him to help me with my pitching if he will. After all turn about is fair play.

PERL PEPPLE RETIRES FROM ACTIVE HORSESHOE PROMOTION

Since April of 1943, when he first gained insight in the art of pitching horseshoes, Perl Pepple has promoted the sport throughout the Topeka, Kansas area, both in Topeka club activities and as chairman of Capitol City Post of the American Legion.

Under orders from his doctor, he regretfully tendered his resignation to the Legion and the Topeka club and the Kansas State Association. In it he expressed his appreciation to all who in the intervening years have given him cooperation and financial support. Reflecting on his career in retrospect, the memory of those people will strenghten me as "I fade out of the picture". For the American Legion, I consider it an honor and a privilege to be a member of the greatest organization in the world that stands for Freedom, Justice and Democracy for all.

EXCERPTS FROM THE 1976 HALL OF FAME MEETING

The Hall of Fame committee held its annual meeting at Levitown, Pa. during the 1976 World Tournament. Eleven of the committee were in attendance.

President Wally Shipley made the opening remarks and thanked all the members for their activities during the year and asked them to stay on for another year.

As there seemed to be a mix-up in communications concerning pictures for the Hall of Fame plaque inasmuch as it was not up to date. Chairman Bernard Hurfurth assured the committee that the plaque would be brought up to date for the World Tournament at Greenville, Ohio in 1977.

Plans for the purchase of a small trailer for the Hall of Fame plaque were discarded because of the high cost.

Individual plaques for the new members were not on hand for the presentation. So that this should never occur again in the future the committee chairman will have charge of obtaining them a year in advance.

It was voted that the candidates for the Hall of Fame must have been a member of the NHPA for a period of ten (10) years. Any mistake in a candidate's history to this affect will require an extra five (5) year waiting period.

The excellent Hall of Fame book prepared by Lloyd Fredrickson will be left to his safe keeping so that it can be properly updated as time goes on. Lloyd did a terriffic job in arranging this book in which the contents cannot be duplicated.

Suggested guidelines for future Hall of Fame chairmen are being written by the present chairman, Bernard Hurfurth.

It was also voted to induct future Hall of Fame members at the annual convention rather than on the usual Saturday afternoon as done in the past. Most members plan to attend the convention the first part of the week and would not have to stay until the following Saturday for induction. Having the induction during the convention assures an audience for those most interested in the affairs of the NHPA.

A book of State histories and book of World Champions is being planned for future assignments. The book would serve to preserve for posterity, the history of our sport.

IN MEMORIAM

It is with deep sorrow that we report the passing of Mrs. Lucille Hopkins, of 124 South Cherry

She was an ardent worker for the game of horseshoe and was the Secretary of the Iowa Hawkeye State Association for twenty years. During this tenure of office she made countless friends who mourn her passing.

She was a member of the First Christian church of Ottumwa. She was married to Charley Hopkins on December 25, 1934 in Ottumwa and he survives. She was preceded in death by an infant son in

Services were held on November 22 at the Johnson Funeral Home in Ottumwa with the Rev. Neil Guy officiating. Interment was at Ottumwa Cemetery.

The sympathy of the Iowa Hawkeye Association together with that of the National Horseshoe Pitchers Association is extended to her bereaved family.

Illinois pitchers and those in the Galesburg, Illinois club were stunned to learn of the sudden passing of Casey Bettisworth, on January 8 in Plant City, Florida.

Casey, as he was affectionately known, had entered in the Plant City tournament and had played two games and had stopped to rest. While sitting, resting, he was stricken with a fatal heart attack.

He and his wife Shirley were spending the winter in Florida.

Casey was a staunch supporter of the game and was a terriffic competitor any time he was playing in a tournament. He was a very congenial person and was well liked by all who knew him.

He was a long time member of the National Horseshoe Pitchers Association and News Digest subscriber. His presence in the Galesburg club of which he was a member of many years standing, will be sadly missed.

He was always a title contender for the Illinois State Championship and took part in World Tournament competition as well.

Casey was a conductor of the Burlington Railroad for 31 years, having retired in March of 1975. He was a veteran of World War II.

"From our chain a link has fallen, In our land his star has set, But enshrined in Memories tablet His true worth we'll never forget."

To his loving wife, Shirley and her bereaved family and relatives, the heart-felt sympathy of the Galesburg Horseshoe Club, the Illinois State Horseshoe Pitchers' Association and that of the National Horseshoe Pitchers' Association is extended in this sad hour of deep bereavement.

It was bitter cold outside, but inside a very warm feeling dominated the first annual Colchester, Illinois Holiday Indoor Open tournament. John Law of Gladstone, Illinois was the winner. FIRST ANNUAL BOZEMAN, MONTANA INDOOR OPEN WON BY BELZER

The response to our December tournament was not as large as the November one but we feel it was very good considering the time of year and the fact that the M.S.U. football team was playing for the national title at the same time. Pretty stiff competition, I'd say.

MICHIGAN'S WATER WONDERLAND DATES SET FOR JUNE 18-19

The fifteenth annual "Water Wonderland" national open will be held at Burr Oak, Michigan June 18-19.

An exciting development, this year, is that the Burr Oak bid included an agreement by businesses of Burr Oak and Sturgis to donate \$225.00 for trophies for the tournament, according to Wolverine State Horseshoe Pitcher's Association — W.S.H.P.A. — Secretary, Casey Moubray. "This will enable us to increase the prize money in all classes," he said.

More information will be in a later issue of the News Digest after the W.S.H.P.A. scheduling meeting, February 27th at the Chief Okemos Sportsmans Club in Dimondale, Michigan.

James Ostrander will handle the entry registrations again this year. His address is 5717 Hilliard St., Lansing, Michigan 48910. Telephone 1-517-TU2-8685.

OHIO BUCKEYE ASSOCIATION HOLDS ANNUAL MEETING

The annual meeting of the Ohio Buckeye Association was called to order by President Leo McGrath. There were 71 members present.

He complimented all pitchers from Ohio who were at the World tournament, there being at least sixty who signed to pitch.

Francis Asher, Secretary, read the minutes from the 1975 convention. Robinette moved and Williams seconded that they be approved as read. The Treasurer's report was read. Williams moved and Dombrosky seconded that it be accepted as read.

By a unaminous vote it was decided to have an Intermediate class for pitchers 60 to 65 and an Old Timers class for those 66 and older. Players must indicate which class he will pitch in when he signs in at the State tournament.

All sanctioned tournaments should still collect 50 cents per man and send it to the Ohio State Secretary-Treasurer to be given to the D.C.H.C. for expense at the 1977 World Tournament.

Officers elected for 1977 are as follows: President, Leo McGrath; 1st Vice-President, Harold Anthony; 2nd Vice-President, Katherine Harrison; 3rd Vice-President, G. Rice; 4th Vice-President, Lester Hite; 5th Vice-President, Donnie Roberts; Secretary-Treasurer, Francis Asher.

Greenville Park Board bid for 1977 State Tournament was unanimously voted to return. 211 pitchers took part in state tournament.

NATION'S CAPITOL BICENTENNIAL WON BY GRANT POWERS

At the White House Southland Park, known as the Ellipse, our Nation's Capitol hosted its annual open tournament in October, 1976.

Again Grant Powers, the power pitcher from Baltimore, demonstrated his ringer making knowhow by winning the championship title for the second year. His honor was also shared by Owen McAteer and Gary Copeland who won the C and D Classes.

Renewing rain dates for this event presented quite a problem because of continued bad weather. After several postponements, it became apparent that future tournaments will have to be planned with new rain date ground rules in mind. During the morning of the tourney, it was necessary to bail many gallons of water out of each pit before the clay could be "tuned".

With the retirement of Mayo Pittman of the D.C. Recreation Department, we are fortunate in having a continuity of his good policy of "smiling kindly" on the Nation's Capitol horseshoe program. We are grateful to Sam Fisher and Dr. William Rumsey for the sponsorship renewal. In keeping with last year's suggestion, the entry fees for this tournament were donated to the N.H.P.A. Booster Fund.

Santa Smiles on Early Season "Also Rans" at Orlando, Florida Christmas Meet

Two Orlando pitchers, Pete Peterson and Herb Hitchcock, joined Florida's '76 Class A Champion, Levi Miller of Sarasota and Norm Gaseau in winning their respective classes at the Orlando Horseshoe Club's Christmas Tournament, December 18, after they all had stumbling starts in previous Fall meets.

Miller took first in Class A with a 5-0 clean sweep. Peterson who could manage only a 39.7% ringer average and a last place finish in the Orlando tournament of November 13 zoomed to a 53.4% average and grab the winner's cash in Class C a month later. Pete Orlando's teammate, Herb Hitchcock, gradually working his way up through the crowd all Fall, finally bagged a first in Class D. (As chief groundskeeper'' of the Sunshine Park pits, Herb's opponents suspected him of magnetizing the stakes!)

Norm Gaseau finally hit top form to cop first in Class F. Joe Holland of Michigan beat out Dick Ferguson in a pitch-off for first in Class B. RADEMACHER TAKES CLEARWATER, FLORIDA OPEN

John Rademacher dethroned defending champion Jack Fahey to take the Clearwater (Fla.) Open held on Nov. 6, 1976. It was not an easy victory for both Rademacher and Fahey were tied at 6 wins and 1 loss at the end of regular play. However, Rademacher "poured the coal on" in the playoff game and won with an 81.8% ringer average. We are happy to see John return to his usual game after a mysterious ailment. ANZALDI AND WORSECK INDUCTED INTO MINNESOTA HALL OF FAME

At the annual meeting of the Minnesota State Association held in Blue Earth, Minnesota, Larye Ambrose was elected president, Norm Morrison 1st Vice-president, Len Lipovsky 2nd Vice-president, and Nancy Gjerstad, Secretary-treasurer.

Though a well organized process of all officers involved, the list of candidates was narrowed down to two names which were submitted at the annual meeting and then voted on. This year's two candidates were Joe Anzaldi and Bernard Worseck. Anzaldi as a pitcher and Worseck as a promoter. Both men were unaminously elected.

Anzaldi was the key figure in organizing the Minnesota Hall of Fame several years ago and has been a top flight pitcher for the past 24 years. Worseck has been a promoter of the game for many years.

JACK FAHEY SWAMPS CLASS A AT SUNSHINE OPEN — ORLANDO, FLA.

With three pretty girls to relieve the usual load on scorekeeping for the veteran horseshoe pitchers, as well as improve the scenery, the Sunshine Open Tournament put on by the Orlando Horseshoe Club jointly with the City's Recreation Department drew a record November turnout for that city. It also produced a smashing wipeout of Class A competition for Jack Fahey of Bradenton.

Continuing his climb from Class E status and a lowly 29.7% average a year ago, Paul Scheub of Sarasota hit a nifty 53.1% to top Class B. Paul's success with the end-over-end turn scorned by most pitchers as a "flop shoe" has led a few others like Joel Berrall of the Orlando Club and Director for the November 13 tournament who pitches a similar turn to opine "Maybe there's hope for us Nudniks yet!"

Ken Reeb of Winter Haven took 1st place in Class C with a 51.7% average a 5-0 match to serve notice that he too was knocking on the door of the Class A boys, and Northern sun-seekers heading for Florida now.

The little town of Deland produced two first place trophy winners — Carl Degner in Class D and also C. Lines in Class F. C. Miller of Sarasota, no kin of 1976 Florida Class A Champ, Levi Miller, but a "comer" none-the-less, took first in Class E.

The 8-court Orlando layout, considered one of the best in Florida, won high praise for the Club's pit crew and the excellent plasticity of the clay which may have helped boost the ringer averages. Newly painted backboards (white) also improved ability to "get that bead on the stake."
