## NHPA PRESIDENT'S MESSAGE

By Wally Shipley

Joe Goldstein, Public Relations  
1270 Avenue of the Americans  
Suite 1905  
New York, NY 10020

Dear Joe:

Enclosed is a check covering the balance due from the World Tournament. We have stopped payment on the other check which appears to be lost.

As you know, Joe, the convention delegates at Des Moines, Iowa voted that you must have something more concrete for 1979 before the NHPA Executive Council can sign a contract with you. It will have to be in writing and acceptable to the NHPA Executive Council by January 1, 1979.

However, if you feel something is in the making and details cannot be worked out and signed by January 1 let me know. I would keep an open mind and give you the benefit of the doubt and try to get a 30 day extension. But you would have to really know without doubt it would be a concrete offer with a written commitment.

I realize it has not been an easy assignment to sell our sport to all News Media outlets; however, the NHPA has spent over \$25,000. with you in three years. This amount may be a drop in the bucket to your other clients but not to the NHPA. I admit you have to spend money to make money. But the majority of the NHPA membership (including the Executive Council) feel we have not received the national recognition we have expected in this length of time.

I know you have tried and some progress has been made. I am sure we both agree, "you can lead a horse to water but you can't make him drink." In other words, you can't force the news media - newspapers, television and radio to take the Horseshoe publicity from the wire service and pass on to the public.

Joe, whatever it's worth on behalf of the NHPA thanks to you, Dave and your staff for all your efforts in the past three years. Really and sincerely we appreciate.

Hope to hear from you soon.

Sincerely,

Wally Shipley  
NHPA President

## PRESIDENT — (Continued)

On behalf of the NHPA and Horseshoes, thanks for all the hard work, efforts and support given in 1978. That goes for all the clubs, state associations, NHPA staff and everyone's membership. Job well done!

Would sincerely appreciate that same support in 1979; not only in promoting Horseshoes and the NHPA in your local area, but my reelection as well. I will be attempting to seek another term as your NHPA President at the Statesville, N.C. convention... more on this later.

A sincere wish goes to you, your family and loved ones for a healthy, happy, and prosperous 1979.

JOE W. DAVIS  
Mayor

Arnold Erickson, the tournament director expresses his thanks to the fine crew that took care of the book work. Also to the judges, scorekeepers and the ground crew for making the tournament the success that it was. Also to the Preimesbergers daughters and sons for all their assistance.

The Preimesbergers had a donation of \$400.00 from the July tournament for which they are going to install a Public Address system. Having gained a lot of knowledge and experience from the 1978 State Tournament, they are looking forward to the 1979 Minnesota state meet at the same place.

## *In Memoriam*

The Wisconsin Horseshoe Pitchers Association was saddened by the loss of a member when William (Chirp) Dollase, of Watertown, passed away on July 17 as the result of a heart attack while pitching in a tournament. In addition to the Wisconsin Association, he was member of the Watertown Horseshoe Club, Lions Club, and Wethonkitha Club. A well-known and liked pitcher and bowler, he enjoyed competition in many tournaments and was always willing to help at horseshoe functions.

Our sympathy is extended to his wife, Mabel, and other members of the Dollase family.

## THE ATHLETIC INSTITUTE

**By Sol Berman, Pub. Chairman**

The Athletic Institute — North Palm Beach, Florida, sponsored the 4th Annual Youth Sports Director Conference Nov. 15, 16, 17. Youth Athlete Magazine and Pepsi Cola were the other sponsors. About 35 organizations were represented.

Lee Davis, Florida, represented the NHPA Youth Directors Committee and I represented the NHPA Publicity and Promotion Committee.

The Youth Directors decided to form an organization - the purpose is to have an organization large enough to represent a large segment of Youth Activities in the U.S.A. A large organization will be able to get publicity, promotion and sponsor much easier than individual small groups.

I met with Mr. Jim Rothaus, publisher of Young Athlete Magazine, he as well as many of the Youth Directors didn't know that our organization existed. Mr. Rothaus said that his magazine features a different sport in each issue. He said he would feature horseshoes in the near future. The next issue is January/February. I gave him a copy of the News Digest and several articles about Walter Ray Williams, Steve Hobl, and Linda Pateneau.

Please send me articles on Youth Activities. I will try to have them published in Young Athlete.

## JOE SCHULTZ WINS RHODE ISLAND OPEN

Joe Schultz' four 80+ percent games and 75.6% average were just what was needed to win the Rhode Island Open held at the indoor and outdoor courts of Heritage Recreation Center in Sutton, Mass. Art Tyson took runnerup honors by percentage, a percentage helped by back-to-back 80% games. 80% games were also posted by Bernard Herfurth, Bob Traquair, and Paul Schultz.

Charlie Richardson stepped onto the outside courts after a ten-month layoff and took up where he left off, a fairly easy win in Class 2. Ed Bodinski won for the first time in 18 months, a Class 3 victory with a percentage that used to win for him.

"Thank you, Nick Vafides. Thank you, one and all." That's what Bill Knowles is thinking right now. For 2½ years Bill has had titles within his grasp, only to get clobbered by a hot hand. Not today. Hold onto your Class 4 trophy, Bill. Al Doucette won a dog fight in Class 5. There were close games galore.

Newcomers Charlie Rutkowski and Dale Stauffer won for the first time. Charlie won Class 6 on his third try, and with his first 30% tournament. Dale won Class 7 with 32.6%, and therein lies a tale. A month ago he was told to reach out for the pin more and "Why don't you try my O's?" His modest success was heartening so he tried a tournament. The result? "A 16.6% learning experience." Well, 32.6% average is half a percent lower than his previous high game in any kind of competition!

Handicap or no handicap, you're not going to rough up Rick Howe too much when he throws 80, 80, 92, 70, and no one in the junior class did.

## NHPA PROFESSIONAL TOUR

by Jim Woodson of Texas

The absolutely, positively best way to get a belly bending, knee slapping, gut busting laugh from a gathering of horseshoe pitchers is to suggest that organized pitching should make a major commitment to establishing, on a more or less permanent basis, four to six money tournaments a year for NHPA world class pitchers.

What breaks everyone up, of course, is that to suggest world class pitchers should compete for money within a framework of yearly scheduled events, is kind of hinting at, and sort of saying that horseshoe pitching should have its very own professional tour. A rather silly and foolish notion, considering the fifty year track record of the NHPA.

## PRO TOUR — (Continued)

Nevertheless, there is now an idea moving around the NHPA that suggest a mini-tour of \$2,000 plus tournaments could be a very possibility. A modest sum, this \$2,000 base figure, to be sure; but a start upward to better things, also to be sure. The idea proposes finding twelve to eighteen locations across the country willing to host a monied pro event no more than once each three years. This translates to four tournaments a year if twelve locations are found, or six places each year if eighteen hosts come forward. Money to finance the tournaments would come primarily from NHPA members willing to purchase a \$30 family sponsorship ticket. Hardly a financial burden since the tour would be around only once every three years and payments could be spread out over this period. Grass root financing of \$30 pledges would easily guarantee a \$2,000 or \$3,000 base. Additional funds could be raised by low cost gate admissions, or by the traditional method of asking the local business community for support.

Aside from the obvious fact that internal dollar support would solve the NHPA age old problem of finding a steady and reliable source of income for financing tournaments, the \$30 sponsorships would also create a new breed for organized horseshoes—spectators with clout. Suddenly, there would be a cluster of tournaments supported by a paying audience, and tournament directors would be faced, finally, and at last, with coming up with a program that would satisfy a paying gate, rather than gearing the contest to please the competitors on the field.

Directors concerned with keeping the spectators interested and awake, almost certainly would rush to do away with the long, drawn out, oh so boring fifty point game; and even the kind of boring, fifty shoe game. In its place, so say the supporters of this idea for a series of professional tournaments, would be short and sweet, bang, bang, twenty shoe games, with the winner having to score last to win. This might distress the world class pitchers who seem to prefer the longer game of stacking four dead for a dreary hour before the game mercifully drags to a climax, but with the dollar dictating, the important thing would be to satisfy the on-lookers who laid out of the money. Goodness, wouldn't an eight man, triple round robin of short games that peaked almost immediately, grab and hold the attention of the spectators. A string of four dead that crossed the twenty shoe mark would not be a preliminary skirmish to gain position—oh hum—but rather, would be sudden death overtime where every shoe delivered would be a potential killer weapon, or a suicide missile.

O.K. now, promise to keep a secret? The professional round robin would just be an excuse used to pay top world class pitchers to spend some time with local NHPA people. One of the great ironies of our time, if you will forgive this tendency for dramatics, is that horseshoe pitching reaches a small measure of respectability — in terms of crowds, personalities, and colorful activities — only once each year, at the world tournament. Unfortunately, this marvelous image of the NHPA is witnessed each year almost exclusively by the same narrow segment of veterans, the very ones who don't need special tournament enrichment and glamour to stay in the game. Meanwhile, back home and unaware of the color and excitement that is offered in horseshoes at a major league level, sits the casual NHPA member, that not so rare bird who seldom has an opportunity to mix with world class talent from around the country, and who is destined to flee from the drabness of the local NHPA in no more than two or three years.

These professional mini-tour events would be the road show that came to the people. In addition to the feature event, which would be opened to the general public for a small gate admission, there would be a multitude of exclusive activities for the holder of \$30 sponsorship tickets and their family. A pitching seminar conducted by the world class pitchers, for example. Then, a fun spirited, hoot and holler, pro-am team contest, with each five or six man team captained by a professional. Finally, and best of all, a marvelous post tournament party, where the \$30 sponsors, and their families, and the world class pitchers would all relax together, and get to know each other better.

So there it is, a nucleus of an idea that suggests the possibility for starting and financing a mini-pro tour for world class horseshoe pitchers with in-house financing and spectator recognition. In order that this concept does not pass from the scene without comment or action, it is suggested that the NHPA executive council and a representative group of world class pitchers meet at the 1979 World tournament to consider the possibilities.

## HERFURTH "FRONT MAN" FOR 1979 WORLD MEET

Bernard Herfurth of Massachusetts, was elected to be "Front Man" for the 1979 World Meet, by the delegates at the 1978 Iowa Convention.

The need for a "Front Man" BEING THAT THE "Off Court" needs and conveniences of the N.H.P.A. membership have often been sadly lacking at past world meets. "Off Court" activities meaning, motels, eating spots, publicity, and places to go and things to do.

A member arrives at a World Meet site and has to inquire about motels, eating spots, etc. A list of all motels, all presentable eating spots, will be listed in the Digest. Too many times the host club gave only a partial list of motels.

In a future Digest issue, Herfurth will list his plans to work with the Statesville host committees to make the membership's stay in Statesville a pleasant one.

The N.H.P.A. realizes that many members plan the World Meet annually as their vacation. There should be a minimum amount of disappointments concerning off the courts activities.

The 1979 Statesville World Meet is being sponsored by the City of Statesville, their Chamber of Commerce, the Merchants Association and the local Jaycees. With such fine endorsements a good tournament should be in the making.

Herfurth plans a brief visit to Statesville in February, and another the last week in April during the Dogwood Festival, and plans to arrive a couple days ahead of the opening of the World Meet.

Any member who has any suggestion regarding how to make "Off Court" activities more pleasant is asked to write Bernard Herfurth, 17 Fort St., Northampton, Mass. 01060.
