FROM YOUR PRESIDENT...DAVE LOUCKS

As part of my goal to improve communications and have a better informed membership, I feel most of you would be interested in some of the discussion and decisions made by the NHPA Executive Council in 1986. We met twice. The first time was a brief 2 hours during the Ainsworth World Tournament and the next time was an all day session at the start of the Las Vegas tournament. All seven Council members were in Ainsworth; Vince Yannetti was not in attendance in Vegas.

Following is a brief of most of the business we covered. Items that were brought to us in confidence or that had individuals involved have been omitted if there was no

direct bearing with the membership at large.

AINSWORTH: A possible National AAU and NHPA affiliation has been under off and on discussions for several years. The Council agreed in principal that at this time, no apparent benefit to the NHPA would result from such an affiliation. AWARDS: We discussed Stokes, Hall of Fame and Presidential, who would be honored and how they would be presented. CONVENTION: The agenda and the new manner in which delegate voting would be handled was presented. NEWS DIGEST: Still a point of debate among members. How can we get issues to all NHPA members? Can we send some free issues or should the dues including the subscription rate? The delegates will vote on a proposed rate increase. It passed. SANCTION-ING OF NEW HORSESHOES: Several new models have been presented recently and council agreed that a shoe must not have more than 3 caulks or exceed 1" in maximum thickness when setting on flat surface, top to bottom. Two new shoes were discussed; the SS Hugger which met all design parameters but with no sample presented, sanction was not issued until more than a drawing could be seen. A Flip-Grip shoe from Cartwright was not approved as it exceeded the 3 caulk and 1" measurement. SPECIAL DIVISIONS: It was proposed by Don Titcomb that a special Women's and Junior Division of the NHPA be established each with its own officers. The Council felt this would not be in the best administrative interests of the NHPA. JUNIOR DUES AND W.T. REGISTRATION: Since the current \$1.00 per year membership dues doesn't cover expenses and is not consistent with the Sanctioned League Program, a possible increase was discussed. Also since most states charge Juniors a tournament entry fee as does the National AAU, should we impose a registration fee in the W.T. to help offset junior expenses? Several members had suggested this. Subject was tabled until the Las Vegas meeting where it was unanimously agreed to propose a By-Law change to increase Junior dues to \$3.00 annually. All Council members also agreed to charge Juniors a \$10.00 Registration Fee at the Eau Claire W.T. COMPUTER NEEDS: The Council had received requests to purchase personal computers and software to assist the Directors of the Sanctioned League and Game

PRESIDENT'S MESSAGE — (Continued)

Related Sales programs. After discussion of other NHPA areas in need, the subject was tabled for investigation and further discussion at the Vegas meeting. INVESTING NHPA FUNDS: We currently have \$80,000 in CD's drawing low interest. Should be be a bit more risky and invest in some other things that might not be as secure but provide a larger return? After investigation by Donnie Roberts and discussion with the NHPA Auditor, we later agreed to leave the money in CD's, at least for awhile.

LAS VEGAS, NOVEMBER 1986: The bulk of this meeting centered on tabled items and World Tournament details. COMPUTER PURCHASES: An item tabled in Ainsworth now is open for discussion as Ed Domey makes a presentation on behalf of the Sales program and more needs are disclosed for the Secy/Treas membership files, Digest subscribers, accounting etc. and for the President who will undertake to develop a newsletter to Charter Officers and start a central NHPA Stat Center for maintaining pitching percentages. The six council members unanimously approved the purchase of four computers with printers and accessories for use by the National Buyer, Sanctioned League Director, NHPA Secy/Treas and President. After a 2-3 month investigation of available equipment, approximately \$10,000 will be spent for these computers. The funds will come entirely from the profits accumulated in the Game Related Sales Items account. HORSESHOE WARRANTIES: It had been reported to us that several members were breaking shoes and having trouble getting warranty replacements as the manufacturer was no longer offering a warranty. It was suggested that the NHPA not sanction shoes that did not carry a warranty. The council voted unanimously to not get involved with a manufacturer's warranty or lack of one. CONSTITUTION & BY-LAWS: Chairman Bob Malley resigned. It was proposed and agreed that this function become the duty of an NHPA Vice-President. Bonnie Seibold, 4th VP now has this responsibility.

WORLD TOURNAMENT ITEMS: A daily newsletter proposed by Bob Champion will be issued under his direction. We hope to sell an Ad or two to offset the production cost. Registration fees will again be \$25.00 for all adults and \$10.00 for juniors. Late Registrations will be taken through July 1st. An additional \$25.00 fee will be imposed for late entrants who are placed in the tournament. DRESS CODE will be enforced. PACERS will pay scorekeepers as will all adult pitchers, 50 cents per game. OFFICE HELP will be allotted a maximum of \$2500. It is expected that there will be five people on each of four teams working on rotating shifts throughout the tournament. Each worker would thus received \$125 for the tournament. NHPA Council members will do pre-tournament work as assigned by Donnie. Eau Claire format of play and member suggestions from Ainsworth discussed at length. The outcome and unanimous approval of the Council was the subject of the President's message in

the February Digest.

RINGERS REMEMBERED

By KEVIN CONE

There has been 2,275,384 games, on record, pitched in the Men's championship class at the world tournament and only two perfect games — Guy Zimmerman in 1948 and Elmer Hohl in 1968. That makes the odds 1 in 1,137,692 of pitching a perfect game in the world tournament. This is a conservative figure because all the other classes games are not even included. If we keep playing the game the way it is we will have one perfect game to look forward to in the next 20 years. By my calculations it will be in 1988.

You might wonder what I'm getting at. My point is WE HAVE GOT TO SHORTEN THE GAME of horseshoe. This question has been asked for over 35 years. Thanks to Carl Steinfeldt, who most generously sent me all his past Digests since 1950, I have been researching our past and we are still debating the same issues as we were in

RINGERS — (Continued)

the 1950's. It's about time we start doing something about them. As you can see in the past the odds have been against us but if we were to shorten the game our odds

would greatly increase.

If we ever want to get any meaningful exposure, TV coverage, we have to get the game down to a time frame where we can have several games on in an hour to two hour time frame. The big reason pool recently got some national exposure and more money in it was because of their reduced and shortened version of regular pool-9-ball. This allowed them to expose more players in a shorter time span but yet let the viewer still see quality pool. College basketball, even as popular and successful as it's been, has joined in by installing the 45 second shot clock in an effort to try to speed the game up. These are just two examples of the importance of the media to generate wider spectator interest and money. To further illustrate the media's role in sports, over 50% of the revenue generated by the National Football League comes from television. Now is the time for us to let America know that horseshoe can become a spectator sport as well as America's family game. I think we can have the best of both worlds. By exposing the top pitchers, our sport will become more known, therefore generating more interest, which in turn will lead to what we all really want, for others to enjoy and respect our sport as we do.

In the December 1953 issue of the Digest it says The Bakellite Co. developed an odorless plastic clay called Pyrocon that didn't stick to shoes and didn't dry out.

Whatever happened to it?

The remarkable Curt Day finished either 1st or 2nd in eight of the 17 world tournaments he pitched in and never out of the top ten. IN fact, the lowest he ever placed was sixth. What an amazing career by one of the best horseshoe pitchers to ever pitch and one of the greatest competitors to ever participate in any sport.

At the 1927 World tournament the top 12 finalists divided up 3000 dollars in cash. We are trying to compile a list of those who have been members of the NHPA for 50 years or more. If you have or know of someone who has please send me the details. Kevin Cone, R.R. 1, Box 137, Alta, Iowa 51002.

TRIVIA QUESTION: Has anyone ever pitched 90% and lost in World tournament

play?

DONNIE ROBERTS VISITS EAU CLAIRE, WISCONSIN

Donnie Roberts, NHPA Secretary-Treasurer, and 1987 World Tournament Director visited Eau Claire, Wisconsin on January 24-25-26 and 27 to go over all the details of the 1987 World Horseshoe Tournament. The Bestul family, local coordinators for the 87 event, picked Donnie up at the airport and provided housing for the four days.

We spend endless hours planning every detail of the 87 World Tournament to

make everything just the way you would want it.

I will mention just some of the areas that were planned and discussed. The tournament will be held at Hobbs Ice Arena. 32 Indoor Courts are provided here. There are 18 more perfect outdoor courts just a few blocks away at Carson Park. RV spots are at both locations.

We will have food and beverage at the site. A complete snackbar and beer garden will be available. Game related items, souvenirs, and crafts will be available at the

site.

The Convention will be held on Tuesday, August 4 at the Civic Center Inn. This will, also, be the site of the Hall of Fame Banquet and Junior Party. The Civic Center Inn is the official NHPA headquarters for the 87 event. The Hall of Fame Banquet will be held in Sunday, August 2 in the PM. Social hour at 5:30 P.M., sit down meal at 6:30 P.M., awards at 7:30 P.M., followed by live music and dancing at 9:00 P.M. The Junior party with live DJ and pizza is the same evening at the same location.

The recognition ceremonies will be held on Saturday, August 1 in the PM.

I could go on and on but you will get all the details of Eau Claire as time goes by.

EAU CLAIRE — (Continued)

The key item at this point is to let you know that Eau Claire is ready. This will likely be the largest world tournament ever held and in the best facilities ever provided. We are indoors where horseshoe belongs. I visited every Motel, most of the business places, the press, city officials, all camping locations, chamber of commerce, Ice Arena officials and many others. If you have any question about Eau Claire, just write or call.

The Bestuls and the Eau Claire Horseshoe Club are doing a fantastic job preparing for us. I had the honor of speaking to them at a pot-luck dinner before I left.

NHPA DRESS CODE

Horseshoe pitching is an individual sport and therefore each person's dress need not be standardized. At the same time a person's dress shall lend to all participants enjoyment of the game and shall not be objectionable to anyone taking part or to anyone watching. While on the courts, the following conditions will be observed.

- 1. All clothing shall be neat and clean.
- 2. Men and boys shirts must have sleeves. No tank tops.
- 3. Women and girls cannot wear halters or bare midriff type clothing.
- 4. Shorts may be worn, but nothing shorter than tennis shorts.
- 5. No cut off shirts, shorts, or trousers.
- 6. Shoes must be worn. Socks are optional.
- 7. Pitcher's name and state must be on back of shirt or blouse in neat fashion. (Pitcher's last name a must.) (World Tournament Requirement Only)

The above seven conditions outline the NHPA Approved Dress Code. They will be enforced at the World Tournament and other Regional events that are under the direction of the NHPA. State charters and local clubs are encouraged to follow these guidelines for all sanctioned tournaments.

Violators will be asked to take corrective action. Failure to do so will be cause for removal from the tournament with forfeiture of all entry fees and prize money.

IT'S A MYTH, SO ENTER FORTHWITH...

By DONNIE ROBERTS

Everywhere I travel, I hear horseshoe pitchers talking about the World Tournament. They all seem to think that you have to be an 80% pitcher to enter. Pitchers don't seem to realize that the World Tournament has classes for everyone. If you are a 5% pitcher we will have 75 other 5% pitchers there to play. Actually the World tournament is the best tournament of the year for a low class pitcher to enter. It is the only place where a 15% pitcher will be in a whole class of 15% pitchers. Usually in a small tournament the percentage spread is pretty big in lower classes. Not so at the World. No matter how high or low you think you pitch, we have a class just for you. Averaging 2% is good reason to enter the world tournament. I'm not good enough to pitch in the World Tournament is an invalid statement.

After a one year attempt at another procedure in 1986, we have reinstated the popular move up procedure to the World Tournament. To repeat a statement I made a few years ago when the move-up system was started, "A pitchers chance to move up and to go all the way to the top is limited only by his own performance." Every pitcher who enters has the chance to become World Champion.

I might mention that every class will get back all of its registration fee in prize

money. Over 50% of all entries will receive prize money.

I only wanted to mention in this article that you should enter the world tournament regardless of your ability because we have a class for you. See you in Eau Claire.

EARL WINSTON CANDIDATE FOR RE-ELECTION AS 1ST V.P.

I will welcome your support for 1st V.P. of the NHPA once again. In the past I've held many and various positions in the organization and feel I can still serve the membership.

In 1978 and again in 1986 I helped Iowa and Nebraska in their conquest of the world tournament.

I've attended all called council meetings in Missouri and Nevada and will continue to aid and support the NHPA.

The Japs, with a seemingly inexhaustible supply of foot soldiers had relentlessly pushed their way through S.E. Asia, coming closer and closer to the prize of the

This goal had to be denied. They had to be stopped. The one way to do it? Interdiction...24 hours a day...around the clock. The order? Destroy the enemies' supply lines...leave no bridges...stop river traffic...leave no railroad trestles...bomb railroad tracks and roads...make it impossible for the supply lines to support the forward troops with food and ammunition.

The 490th did its job. Historical records reveal, that among other accomplishments, the squadron was credited with the amazing total of 1000 bridges completely destroyed. A member of the 490th is now a Hall of Famer but is better known for being a participant in 'The greatest horseshoe game ever pitched'...Glen

GREETINGS FROM SPORTS ENTERPRISES

After one year of business, Sports Enterprises Inc. (SEI) is deeply entrenched in the development of the Horseshoe Palladium Project. Over and above their steady movement toward the procurement of the first Horseshoe Palladium building, the organization has made great progress in the development of horseshoe-related products including an artificial clay ideal for indoor pitching, a new peg which cuts the noise factor and a prototype nonmetal horseshoe which should provide a variety of benefits for pitchers.

SEI's year of growth has been enhanced by the addition of one of the world's leading horseshoe pitchers, Donnie Roberts. Roberts has been involved in the sport since 1956. With several world titles to his credit as a pitcher, he's recognized as the leading promoter of the sport world wide. He is currently serving his sixth term as secretary/treasurer of the NHPA (National Horseshoe Pitchers Association). Roberts has joined SEI as national operations director and is working full time with the rest of the staff organizing, developing and promoting the Horseshoe Palladium Project.

In Memoriam

It is with deep regret and sorrow that Southern California has to report the sudden death of Jim Dow, Jim Dow was 64 years young. He was an Officer in the S.C.H.P.A.

for 8 years. He was also inducted into the S.C.H.P.A. Hall of Fame.

Jim and his wife Barbara attended several World Tournaments. They never missed a S.C. Tournament. Jim was a hard worker and strong supporter for HORSESHOES. His favorite expression was "Are You Having Fun." Jim felt everyone should have fun pitching horseshoes. He will be missed by everyone.

S.C.H.P.A. extends its sympathy to his wife Barbara and their children. Barbara,

we sincerely hope you will continue pitching horseshoes.

Marion Collins, a native of Michigan and active in the Lake Orion Horseshoe Club. passed away in Florida, Jan. 31, 1987. He was a charter member of the Clearwater Club and belonged to the Florida Hall of Fame. He is survived by his wife Marie.

The name of Vernon Holland was given as passing away in Florida during the month of August 1986. It should have read Gordon Holland.

Horseshoe Pitchers' News Digest 1307 Solfisburg Avenue Aurora, Illinois 3217 Cypress Ave. Dallas, TX 75227 January 26, 1987

Dear Sir:

I have recently been appointed "Publicity Director" by the Iron Benders Horseshoe Club of Arlington, TX.

My 1987 dues have been paid to your organization through our Club.

I am 72 years old, and pitched Horseshoes in Kansas from 1927-1941, including pitching in Kansas State Tournament held in Wichita, KS in 1939. It still pitch my **old style** Gordon Spin-on shoes.

I am going to make a supreme effort to publicize horseshoe pitching in this area and will appreciate your cooperation in keeping me informed on all area tournaments. I would like a list of Texas towns that you know of that have horseshoe courts, even if they do not have tournaments.

I plan to carry on a continuing correspondence with a person in each Texas town that has horseshoe pitchers. It is my plan to get horseshoe articles published in area newspapers.

Yours truly,

VIC HOLMBERG Publicity Director Arlington, TX

Dear Mr. Cobb.

This in follow-up on the count all system of scoring ringers only, in regards to improving spectator interest in the game.

As we all know a huge viewing public is a prerequisite to attracting advertisers, so how do we accomplish this? Very simple, stop putting people to sleep with 50 point and 50 shoe matches; shorten the game.

My first choice would be 25 shoes but this requires a 1 shot last frame. The perfect choice is 20 shoes. This puts the match into a 10 to 15 minute time frame as is bowling. This also retains the ease of recordkeeping and player orientation.

The big advantage is promotion of a 5 man playoff in a 1 hour time frame, or perhaps for starters, a 3 man playoff in ½ hour. We may even be fortunate enough to get a 1 game final shot to start with.

This also would be advantageous for tournament scheduling with an eight man class turnover every 2 hours, another boost to spectator interest.

We have heard much about progress, but we had better change for progress or stagnate in the barnyard category. I say a 20 shoe match is 20-20 vision into the future of TV Horseshoes.

Sincerely.

An interesting horseshoe personality

Sidney Plott of Louisiana

The Louisiana State Association created its Hall of Fame in 1986 and is proud to announce that its charter member is Mr. Otis Sidney Plott of Shreveport.

Sid Plott was born in Kansas City, Missouri in 1906. As a boy in Neosho, Mo. he. began pitching the discarded shoes from off of the horses on his parents' farm. When he was a teenager, he watched Charlie Davis, the current World Champion at that time, pitching an exhibition in Neosho, Sid was thoroughly impressed and ordered a "real" set of horseshoes and began practicing in earnest and for him a new world of horseshoes began.

Sid moved to Shreveport, La. as a junior in high school and graduated from Bird High School. He played on the State Championship Baseball team. At his 50th class reunion he asked his coach if he remembered him. The old coach replied, "Yes, I remember, you and your dad pitched horseshoes on the Court House square."

At the age of 21, Sid caught a train, attended the 1927 World Tournament held in

Duluth, Minnesota and pitched a very respectable 40 percent.

While working in Hornbeck, La. he met and married Leona Ellis. They have shared 58 years of wedded bliss and are the parents of three children and have three grand-

children and four great grandchildren.

Over the years they have attended 26 World Tournaments. He won the 1959 World Class "B" Championship at Murray, Utah, averaging 64 percent. Other feats was pitching an exhibition with the great Ted Allen. Also he won the first Louisiana State Championship in 1927. In 1985 he won World Class C in the 70 years and over division. Also in 1985 he presented his son-in-law and granddaughter their state championship trophies. After a lapse of 58 years the championship stayed in the family.

He resides at 2728 Rosemont, Shreveport, La. 71108. He has a clay court in his

yard and invites all pitchers to come and "pitch a few."

They would appreciate any contribution or comments. Contact Jim Haupt, W204 N11912 Goldendale Road, Germantown, Wisconsin 53022.

IRON MEN OF CLOVERDALE

By STEWART SNYDER

Nine old men live today in the Iron-Age in Cloverdale, California. To verify this statement please note the following facts compiled by Earl Conaway, statistician for the Cloverdale Horseshoe Club.

These nine Cloverdale Senior Citizens, all retired from a lifetime of constructive activity, continue to demonstrate their remaining strength by pitching iron horseshoes at iron stakes three afternoons a week in the City Park, all for fun, they say (but more probably, to signify they still can do it).

Could you believe that in the last EIGHT years these nine old guys have thrown 988,700 horseshoes; 2,471,750 pounds of iron; more unbelievable converted to

1,230.875 tons; how many truck and trailer loads is that?

The deteriorated condition of these horseshoe pitchers is expressed by the fact that of a near-million shoes pitched, only 247,704 were ringers; a little less than one-fourth, but they consider beneficial exercise high reward for their efforts. "Horseshoe pitchin's good for your health," so it has been said. Well, in pitching nearly a million shoes, these fellows, jointly, amassed a mileage of 3,745, equal to a stint from ocean to ocean, calculated West to East, without concern for getting back. Judging from statistics on longevity, these guys probably will all be "gone" long before they pitch themselves back to home base in California.

EASTERN NATIONAL SET FOR JUNE 27-28 - ERIE, PA.

The Eastern National tournament will be held in Erie, Pa. at the Kuchcinski Courts, Saturday and Sunday, June 27th and 28th. This will be the 40th annual running of this tourney. This year's event will have a new format. All games will be 50 shoe games, and ringers only will count. No points. We feel this will make for a much nicer affair, and a lot easier on the participants. The Erie Club has come up with a new type scoreboard, and players will keep their own score. This will eliminate scorekeepers and the expense, thus adding a considerable amount to the prize fund. This tournament carries the NHPA sanction, and all entries must have an NHPA card. The entry fee is A-B-C \$25 and all other classes \$15. Entries may be sent to tournament director Joe Abbott, 5840 Peck Road, Erie, Pa. 16510. Phone (814) 899-9796.

Carl Steinfeldt of Clearwater, Fl. won the event last year going unbeaten, and tossing a nifty 78.3% over 14 games. Kevin Hollister of Vermont finished runner-up with a 73.8%. In Class B Harold (Darnold) of lowa was the victor with a 66.4%.

In the Ladies Division Frances Carnahan of Pa. was the champion pitching at an even 75%. Runner-up in the Ladies was Ruth Hangen of New York tossing 71.1%. Linda Dolby of Pa. won the Ladies Class B, edging Barbara White of Pa.

The annual Eastern National in Erie each year is used by many of the best players in the Eastern U.S. as a warm-up to the World Tournament. Erie has a great peninsula extending 19 miles out into Lake Erie, with beautiful sandy beaches, loads of picnic facilities. Many motels are very close to the courts.

SPECIAL OFFERING BY SPORTS ENTERPRISES, INC.

After 20 years of research and a year of successful achievement, Sports Enterprises, Inc., the developers of the Horseshoe Palladium, is making available to our many enthusiastic supporters around the country the opportunity to invest in this one-of-a-kind corporation.

Since we are an Ohio Corporation and cannot become involved in any type of securities outside the state of Ohio we are offering 12% renewable notes as an ad-

junct to further capitalize the development of this huge project.

Hundreds of people around the country have been asking if there is any way they can help the Horseshoe Palladium Project in the next several years. We are now in a position to offer this very substantial rate of growth for investment in our future.

These notes can be written in six (6) month, one (1) year, or longer increments if desired. They are simple promissory notes accompanied by an agreement on our let-

terhead triple-copy form.

CANDOR, NEW YORK LEAGUE CLOSES SEASON — SANC. 82C48

Winners of the league, for the 2nd year in a row, were Carolyn Hewitt and Pidge Cole. The league has 12 teams, each team consisting of one man and one woman. Because there was so many "horseshoe widows" in this area, the league was organized primarily to involve the ladies. Most were reluctant at first but now look forward to the competition on Wednesday nights. The league takes pride in the fact that more than half of our ladies now participate in regional and state tournaments.

This year's awards for the women: League Champion, High Average, and High Game, Carolyn Hewitt, High Over Average, Nancie McBride, Rookie of the Year, Patty

Pichany, Sportsmanship and Most Improved Player, Kelly Horton.

6. Frick & Frack-Sue & Bill Edwards

The awards for the men: League Champion, High Average and High Game, Pidge Cole, High Game Over Average, Bill Edwards, Rookie of the Year, Leon Mott, Sportsmanship Award, Mike Horton.

IN HORSESHOES...ANYTHING CAN HAPPEN By GLEN PORTT

(I have told this story several times in the past two years. The reaction to it was..."Why don't you put it in the Digest?" So here it is...a true story...and if you don't believe it, I don't blame you.)

About October, 1964 I was reading in bed when the phone rang. Jane answered. "It's for you." I picked it up.

"Are you Glen Portt?"

ANYTHING CAN HAPPEN — (Continued)

"Yes."

"I hear you're a pretty good horseshoe pitcher. Are you?"

"I'm considered fair."

"Well, I'm the world's greatest and I want to pitch you a match for \$1000."

Thinking it was one of my friends enroute to Florida via I-75 (possibly Carl Steinfeldt), I said, "O.K., Carl. Let's pitch for a million. Come on over."

"Carl? My name's not Carl." (I had heard many times about *golf* 'hustlers'...those unheralded, anonymous, really good players who make their living by 'hustling' unsuspecting victims...but I had never heard of a *horseshoe* 'hustler.' Could this be one?) "Who are you?"

"My name's Jim Jones (not his real name) and I live over here in Tifton." (A town about 40 miles from Albany.)

"Mr. Jones, there are some pretty good horseshoe pitchers around whom I consider the best in the world. Have you ever pitched Mark Seibold, Jim Knisley, Walter Ray Williams, or Carl Steinfeldt?"

"Never heard of any of them." (Now I'm sure he's a hustler!)

"Well, I won't play you for a \$1000...but I'll play you a 3 of 5, a 4 of 7, or a 5 of 9 series for \$100."

My good wife (as I'm sure most good wives would) quietly screamed, "You're CRAZY (or words to that effect). Can't you see he's just leading you on? You'll lose a \$100."

"You won't make it a \$1000?"

"I sure won't."

"O.K. When and where can we play?"

"This Saturday, 10 a.m., Tift Park, here in Albany."

"I'll be there."

Saturday, 10 a.m. Jim Jones appeared with approximately 30 supporters. We shook hands. Taking an envelope packed with money from his pocket, he opened it, counted out ten \$100 bills and laid them on the table. "There's \$1000. I'd still ike to play for that amount."

I put a \$100 bill down. "I agreed to play for \$100. After we pitch one match, we can play another if agreeable to both. Let's warm up and start. How about a 3 out of 5 series?"

"O.K. by me...but I need to borrow a pair of shoes." (I thought, "Now he's really leading me on. Perhaps my good was right!)

"You mean you don't have your own shoes?"

"Nope."

After twenty warm-up shoes, he had thrown *one* ringer. I said, "Look, you might as well knock it off. I know you can pitch better."

"I'm doing the best I can."

"You're telling the truth?"

"Yes, I really am. I've never seen anyone throw horseshoes like you."

"Look, if you're really telling the truth, then we should call our bet off...because I don't think you'll score a point. I wouldn't feel right about taking your money."

"Well, I can see I've made a big mistake...but I made the bet...and I'm no welcher...so we'll play the three games."

In the first two games, the score was 39-0...so I threw off until he scored. We talked after the match. I learned Jim was a pool shark...a real hustler and although he normally played 3 game matches for \$1000, he often played for a \$1000 a game. One day after shooting several games of pool, one of his opponents who had spied some horseshoes stakes nearby said, "I'm tired of pool. Let's go out and play some horseshoes."

They went out, bet a \$1000 game, and over a period of time, Jim never lost a game and had won a few thousand dollars. He said he really thought he was one of the best in the world because he could always throw his shoes close to the stake...and for all he knew, he might be the best...so when he heard of 'that feller over in Albany' who was suppose to be a good pitcher, he thought he'd go over and 'clean up.'

"Well, your education on horseshoe pitching didn't cost you too much. You only lost a \$100."

"I don't figure it that way," he replied.

"How's that?"

"I figure I saved \$900!"

We both laughed.
