FROM YOUR PRESIDENT . . . DAVE LOUCKS

The NHPA Executive Council has in recent years, been holding two business meetings a year. One is at the start of the World Tournament and the other has been just prior to the Las Vegas Event. As our sport and organization grows, so does the business and the need to keep better informed. This is not always so easy to do especially when the staff is primarily volunteers, there is a large and frequent turnover of Charter officers and, the majority of members do not read this News Digest. We do try, however, and the following is a brief of the main issues that were discussed in the 1987 meetings.

EAU CLAIRE . . . The newly revised NHPA year end financial report was reviewed and agreed to be the most complete and detailed one ever presented. The reaction of the delegates in convention seemed to support this feeling. **SLOGANS**, over 100 suggestions were submitted and the Council reduced these to the seven we felt were best. They were presented to the delegates for vote but none received a majority vote so, none was adopted. . . . **REGIONAL TOURNAMENTS** were discussed and a proposed outline of play, prizes and bidding was presented to the delegates. There was much discussion and too much hesitation which resulted in 3 of 4 potential bidders withdrawing their offers. . . . **DRESS CODE** had come under fire by some members and the Council decided to put it to the delegates. We did and the overwhelming vote was to support as written and not allow sleeveless attire to be worn at World or Regional events. . . . **SHOE SANCTIONS** were questioned because some members were having a lot of breakage and felt the NHPA should hold some control over the warranties. We felt otherwise and voted to not get involved with the manufacturer's warranty. . . . **EAU CLAIRE WORLD TOURNAMENT** was the main topic of discusison with many of the operational tasks up for discussion. Curt Bestul was in attendance representing the Host, and together we discussed things covering scorekeepers, judges, move-up format, trophies, awards presentation, contract obligations, raffles and general tournament coordination.

LAS VEGAS was the site of our second meeting in 1987, just a day prior to the start of the Hacienda Tournament. The prime topic of this meeting was the subject of NHPA Liability Insurance which the delegates in Eau Claire had mandated we pursue. Three firm proposals were presented with a Vice President representing one of the offers attending to discuss their proposal. When all was said and done, the Council voted to accept the proposal of Trans-america Insurance Co. through K & K Insurance Agency in Indiana. This spectator liability coverage went into effect in January of this year.

Other business discussed covered: **SANCTIONED LEAGUE PROGRAM** and the need to find a new director due to the sudden passing of Doc Dougherty. . . . NHPA Hall of Fame and the update and distribution of an information pamphlet. . . . NHPA calendar for 1988 has to be dropped due to insufficient orders, member deposits to be returned if requested. . . . **WORLD**

MESSAGE—(Continued)

TOURNAMENT help must include more people so that those who do offer to help aren't worn out. Pitchers will not have to check scoresheets in 1988. We will use computers to do checking where possible. A proposed schedule of play with format and prize lists was tentatively approved. The outline of this was published in the February Digest. MAGAZINE COMMUNICATION was the subject of several letters from members and the 1987 State Officers meeting. Seems as though all feel we are not doing a good enough job. The council will discuss ways for improvement and try to put into effect by 1989. . . . STATE CHAMPIONSHIPS should not allow guest privileges to non NHPA members. Unfortunately, this apparently happened at a couple of State Tournaments in 1987 where it was assumed that the guest NHPA card could be used. . . . EAU CLAIRE video was judged to be a good documentary on our sport and meeting with the approval of most viewers. Some felt more pitching should have been included particularly of the top players. . . . LEGAL HORSESHOES will become a subject at the 1988 Pleasanton World Tournament where the shoes of all participants will be subject to an official NHPA check for proper weight and measurement. We have adopted a user tolerance that will permit a maximum opening on a used shoe of 3/8 inches. The maximum weight and width measurements as specified in our Constitution will also apply. Contentants be warned: do not expect to pitch illegal shoes. . . . REGIONAL TOURNAMENTS are still a hot topic with interest from several parts of the country. We again discussed the possibility of setting the guidelines. Some council members wanted to wait until the next convention but, as NHPA President, I felt it was better to get the ball rolling than to put it off for another year. As such, I drew up a Regional Tournament Agreement form which spells out the conditions required to hold an official Regional Event. Initial response looks good for some 3-6 Regional tournaments in 1988.

DAVE'S COURT REPORT

It is most times difficult to accept when we learn of the passing of a friend or relative. The NHPA with its "one large family" image has been saddened by the recent untimely deaths of two hard workers. In November, we lost Terrence "Doc" Dougherty, the NHPA Sanctioned League Director. Now, the sudden passing of Pat Eaton has left a void in the hearts of the Wisconsin members and her many NHPA friends. Pat, many of you will remember, was the president of the Eau Claire Horseshoe Club and played a very active and visible role in the 1987 World Tournament. Eight times Wisconsin State Champion, Pat lost a two year battle with cancer on January 22, 1988.

NHPA Liability insurance is coming just in time for some States. We have been notified by some, who didn't think NHPA insurance was necessary, that coincidentally, the cities of their largest clubs were requiring club provided insurance starting in 1988. It's good that we can now assist these clubs and if the truth were known, there's probably more local requirements for insurance than clubs realize. As of February 1st, 33 Charters had paid their assessment in full, 2 others had made partial payments and 23 had yet to pay with only 2 of these 23 even writing to inquire. Sixty percent response within the first month is quite good and indicative of the importance to and cooperation of the NHPA majority. It is only hoped that the balance of the Charters will follow shortly. Failure to do so will hurt their membership as they will not be eligible for sanctioned tournaments, including State, Regional and World Championships. Further, without a Sanctioned State Championship, a State puts its Charter Certificate in jeopardy. It would be a shame if even one pitcher is denied an opportunity to participate because state officers somewhere don't realize that they represent the NHPA and the majority voice as much as their state.

NHPA REGIONAL DIRECTOR'S REPORT

By GENE VAN SANT

Don Titcomb, Regional Director of Region #26 which includes Nevada, Utah, and Northern California, has received reports from several of his assistants reporting on the progress of horseshoes in the areas. Don Weaver reports from Nevada that he directed the Senior Olympics for the fourth year and also the Police regional olympics for the fourth year. Don was re-elected President of the So. Nevada association for the fifth time since it was organized five years ago. The Las Vegas area has eight courts at Sunset Park and nine new courts at J.C. Park. They hope to have three more courts and lights added this summer. In December of 1987 a new park was dedicated in the country and four new courts were constructed.

Bud Schardine reports from Utah that horseshoes is on a roll in Utah. In July a celebrity tournament was held in Salt Lake. The top sixteen pitchers in Northern Utah were pitted against sixteen celebrities. TV personalities, Sports writers, and well knowns, were invited to pitch and a lot of good media coverage was given. Cedar City sponsors the Utah Summer Games and St. George sponsors the World Senior Olympics annually. Both events have horseshoes and gave us good Statewide coverage. Jack Raymond reports that Deweyville, Utah, has recruited a "Ringer Sliding" group at Liberty Park. This has been a catalyst towards forming an NHPA League. South Jordan, Utah, has built ten fenced, ready for lights courts. Tito Artchuleta and Clarence Giles helped to install the South Jordan courts.

Don Titcomb reports that Northern California is a beehive of activity with the emphasis on preparation for the 1988 World Tournament in Northern California. Don is in the middle of a sponsorship drive and so far radio KEEN, a large country western station, has donated three weeks of commercials, one every hour for three weeks. Also KEEN will sponsor some trophy purchases. In addition to his work involving the World Tournament, Regional Director Don Titcomb holds several clinics and exhibitions throughout the year. These are held at the Salinas Rodeo, Golden Gate Field, and County Fairs. Some forty exhibitions with an audience of 500,000 people.

Les Burroughs, Regional Director of Region 25, reports that horseshoes is on the move in Hawaii. We now have two charters on the islands with a new charter being issued to the island of Oahu. They hope to hold their first ever State tournament this year. The Eastern Sierra Charter of California hosted the California State tournament in 1987 in Bishop. It proved to be one of the most successful State tournaments in history. San Diego, California, will host the 1988 State Tournament. Plans have been approved by the city of Bakersfield for construction of twelve courts in their city park. The Arizona charters have been active with the Yuma Charter reporting that for the third consecutive year they have sponsored horseshoes in the Yuma High School outdoor sports program. YHPA also hosted a traveling league. Fourteen different parks participated in the league. Southern California will host approximately 65 tournaments this year from February thru November of 1988. These are all NHPA Sanctioned. In addition the fourteen Southern California clubs will hold club tournaments of their own.

Al Sandham, Regional Director of region #28, Georgia, reports that they had seventy-six adults and eleven junior NHPA members for 1987. This number has always seemed low for a state of this size and in order to interest new people into the sport the Georgia association has been putting on demonstrations and clinics at local craft fairs. Many new members have come from these fairs. Georgia has fourteen sanctioned tournaments held on five separate sights

R.D. REPORT—(Continued)

including the State tournament at Dallas. The State tournament this year had the highest purse of any Georgia tournament with over \$3,300 in prizes and trophies. New courts were constructed at Carrollton and their first tournament was held May 2nd. The prime motivator for horseshoe pitching in Carrollton, Elbert Allen, is in the process of forming a local league for sanction play. New courts are being built in the historic goldmining area of north Georgia mountain district. The town fathers of Dahlonega, Ga., are constructing twelve clay courts and play should be available for spring of 1988. Orville Dubie, son of the late Joe Dubie, was presented with the NHPA's 1987 Hall of Fame plaque at the Georgia State annual meeting. The presentation was made on behalf of the NHPA by Al Sandham, Regional Director for Georgia. Georgia was represented at the World tournament by four pitchers and at the Las Vegas tournament by three.

NHPA PROMOTION COMMITTEE REPORT

By SOL BERMAN

We have two methods of scoring approved by the NHPA. At Las Vegas this year a 40 shoe cancellation format will be used. If all the games were scored using both methods, chances are that in the close games each score keeper would have a different winner.

Using the count-all system all ringers cancel each other and all close shoes (within 6") are of equal value and cancel each other.

Using the cancellation system, ringers cancel each other but close shoes do not cancel each other. This accounts for the chances of having two different winners in close games. If in the cancellation game, all shoes within 6" were of equal value, as they are in count-all, then we'd have the same winner regardless of which system is used.

The other advantages of using the rule, that all shoes within 6" of the stake are of equal value, is that we'd save much time not having to measure close shoes. We wouldn't have games in which a game is decided by a shoe that was 1½mm from the stake defeating a shoe that was 2mm from the stake.

At the world championship in N.D., Danny Kuchcinski and Ray Martin with 3-2 records and the game standing at 49-49, Martin had a double. Danny's first shoe was a ringer. The second shoe was 2 ft short, but rolled up against the stake. When his shoes were removed, Ray's second shoe had moved and had to be measured, and was found to be the thickness of a piece of paper from being a ringer. This gave Danny the point and game. They both won their last game. Thus the single point ended up by deciding the world championship.

If the rule had been changed prior to the championship, each player would be credited with a ringer and a single point, no score in cancellation, 4 each in count-all. The game would continue 49-49.

Note by changing the rule, the scoring in both systems would be the same.

Let's change the rule to read: All shoes within 6" of the stake are of equal value.

TV would never cover our sport live using our present cancellation scoring. They wouldn't tolerate a delay of game to measure two close shoes.

Several years ago Carl Steinfeldt and Kelly O'Brien appeared on live TV "Challenge of the Sexes." We were told that the scoring would be 50 pt count-all.

The Jan. 25 '88 Sports Illustrated Faces in the crowd included a picture and write-up on Sandy McLachlin, our new woman's world champion. It also mentions Diane Cantin and her new world mark of 54 straight ringers.

Walter Ray Williams Jr. made the TV finals in the first three PBA Tour Tournament, finishing fifth, third and second. He was the top qualifier in the third tournament.

PROMOTION—(Continued)

Walter has selected Ebonite International Inc. as the company he will represent, endorsing their bowling balls, gloves, accessories, and bags exclusively.

Williams will represent Ebonite in personal appearances and exhibitions and will test new products.

In competition, Williams uses a variety of Ebonite balls, including the three Firebolt products designed for different types of lane conditions.

"It is a pleasure to be affiliated with a company with the research and development capabilities of Ebonite," Williams said. Williams won three national tournaments in 1986. He was the Bowling Writers' Association Bowler of the Year and the Sporting News PBA Player of the Year. He led the tour with nine championship round television appearances for the year, and his money earnings topped the PBA with \$143,550. His average of 213.8 for 30 tournaments rated him third.

He also appeared in the ad for LaMode, makers of fine active sportswear.

Videotapes—"Legends of Horseshoes" was made in 1984. The tape has been lengthened to include Walter Ray Williams, Danny and Sue Kucheinski, Carolyn Schultz Decker, Ted Allen and Fernando Isias. Price \$30.00.

1987 World Championship, Eau Claire, Wis., available \$25.00. Send for a list of other tapes available.

In Memoriam

It is with deep sorrow that the Louisiana State Horseshoe Pitchers Association reports the passing of Wesley Terrebonne of 803 7th St., Westwego, LA.

Wesley was an active league member of both the Waggaman Horseshoe Pitchers and the Harahan Horseshoe Pitchers Association and a member of the L.S.H.P.A. from its very beginning.

Wesley was a true competitor and gentleman in every sense of the word as evidenced by his award as sportsman of the year of the Tuesday night league in Harahan.

The loss to the sport of horseshoes is monumental; the loss to the world is even greater!

* * * * *

It is with regret and sorrow that we report the passing of J. W. Cox of Wabash, Indiana on January 12, 1988.

J. W. and his wife have attended several World Tournaments and many tournaments in Indiana and surrounding states for several years.

He had held the office of Northern Indiana Vice-President and was currently the President of the Wabash League.

He was a hard worker and a strong supporter for horseshoes and loved to play the game.

The Indiana Association and the NHPA extends its sympathy to his loving wife Melba and her family.

* * * * *

Word has been received of the passing of two very dear and precious members of the Eau Claire, Wisconsin, Horseshoe Club in January. Delton "Toby" House, suffered a heart attack caused by a blood clot on January 4th and Pat Eaton lost a fight with cancer on January 22nd.

Toby was a long time member of the club and the NHPA. He was always willing to do more than his share and was a former club president. The 1987 World Tournament Program and other printing was done by Eau Claire Printing which was owned by Toby and his brother.

* * * * *

Pat Eaton was perhaps best known for her pitching accomplishments which included winning the Wisconsin State title five consecutive years from 1976 to 1980 and again from 1984 through 1986. Her greatest day came in 1986 when she was inducted to the Wisconsin Hall of Fame on the same day that she won her last title. Although her pitching was great, her devotion to the sport and promotional efforts were just as great. Pat served the club in many capacities, including being the president last year when the World Tournament was held in Eau Claire. She was also 2nd Vice President of the Wisconsin Horseshoe Pitchers Association at the time of her death.

The sympathy of the NHPA and that of the Wisconsin Association is extended to the bereaved families in their hour of sadness.

BONNIE SEIBOLD SEEKS RE-ELECTION AS 4TH V.P.

I will be a candidate for re-election as 4th Vice-Pres. at the 1988 Convention at Pleasanton, Calif. Being an active pitcher, I feel this makes me aware of the needs and desires of the pitchers.

I have in the past years of office voted for the best interests of the NHPA and would continue to do so if re-elected.

Your support will be greatly appreciated.

NHPA DISTRIBUTOR DRIVES TO ALASKA TOURNAMENT

By WALLY SHIPLEY

Last June Sally and I drove to Alaska to attend and help dedicate the Grand Opening of the Wendell L. Lewis Memorial Horseshoe Courts in Palmer, Alaska. Wendell was the main person to get horseshoes started in Alaska. He passed away in November 1986.

Guess there are not too many people who drive 4000 miles *one way* to attend a Horseshoe Tournament. It was a beautiful trip. We took 30 days to see it all. Stopped at a tournament in Redding, CA, and the Strawberry Festival Tournament in Lebanon, Oregon, on the way up. We toured British Columbia, the Yukon, Dawson City, Fairbanks, Denali National Park, Anchorage and Eagle River, Alaska.

We stayed with John and Mary Grohol in Eagle River. John is the NHPA Regional Director. I appointed him during my administration.

The courts are on the Elks Lodge property by a beautiful lake. It was a two day event. Most of us stayed over night in campers and RV. They had a big Barbecue Party Saturday night around a big camp fire, playing guitars and singing. At midnight it's daylight, so we just kept partying.

John came in first in his group, Sally 2nd in hers, Mary 3rd, and they didn't let me win one game. (I blame it on the party, ha, ha.) However, John and I were challenged at the American Legion Hall one evening in Eagle River at midnight. (That's an experience pitching at midnight, and it's broad daylight.) They had one court behind the club. Thanks to John I did win one game in Alaska.

Again, we want to thank the Alaska Association for all your hospitality. Appreciate the T-shirts with our names, belt buckle, food, refreshments and sleeping accommodations. You're all a great fun group.

So if you're in the Alaska area during their pitching season, I know you would be welcome. They even have an ICE Tournament in March. This March will be the 4th annual. Their regular season runs from May through September.

ELMER HOHL

By GLEN PORTT

Elmer Hohl was a quiet man . . . almost shy . . . but he had that certain charisma which drew people to him. That's the way it was with me. In 1968, I was stationed at Westover AFB, Massachusetts, when I saw a small item in the local paper stating the World Horseshoe Tournament was being held at Keene, New Hampshire. I went.

Not having pitched for nearly 30 years, it is an understatement to say that I was *awed* by what I saw . . . and what I later read. There is no doubt in my mind that I saw the greatest pitching performance the world had ever seen . . . or will see. The records made there may never be broken.

Elmer set a new qualifying record of 572 points out of a possible 600, went on to win the W.T. with a 35-0 record, and posted a new world record of 88.5% ringer average (later corrected to 88.2%). In his 35 games, he had *thirteen 90% gems*, and in those 13, he twice had three consecutive 90% games. Awed? I was . . . and I still am!

Although there are a few that will dispute this, I don't think we have a pitcher of that caliber in the world today. Yes, we have Lipovsky, Williams, Seibold, Knisley, and Steinfeldt . . . plus a few very promising newcomers . . . but, would you bet money that any one of them will average *over 80% for 18 consecutive years in world tournament play*? Elmer Hohl *did!* (Starting in 1988, Lipovsky and Knisley have only 17 more years to go.)

Is the competition tougher now? No way! Research reveals that during Elmer's string of 18, there was an average of 6.6 men per year who shot 80% or better. That was *his* competition. In the past few years, only 2-3 pitchers have been able to reach that magic number . . . and those figures were compiled in round robin play of from 23 to 31 games . . . not 35.

What were Elmer's best years? I found that the 6 year period from 1968-1973 were the ones. He averaged 85.35%! How does that compare to the records of our other greats for their best 6 consecutive years? From 1954 thru 1959, Ted Allen had 84.9% while Fernando Isais's best were 1947 thru 1952 . . . 84.0%.

I had often asked myself why Elmer quit pitching in the W.T. and why he didn't join the Seniors. I wanted to know . . . so I asked him. He just smiled, shook his head, took another puff on his ever present cigarette, and never really answered. I can only guess that like a lot of others who were the very best in their sport, who'd been to the top, that he just didn't feel comfortable pitching 70-75% . . . unlike most of us mortals who would be extremely happy with those figures. His trademark was his cigarette. Perhaps when smoking on the court was prohibited, he made the decision to "give it up." Who knows?

Many say, unequivocally, that Elmer was the greatest horseshoe pitcher who ever lived. Few will argue with *that*. He was a "legend in his time" . . . and he will be a legend from now on.

So say goodbye . . . say goodbye to Elmer Hohl . . . one of the greatest ringer artists who ever walked the horseshoe courts of America. Say goodbye to the pleasure he gave you. His song has ended . . . the music has stopped . . . but his memory will be with us forever.

BURBANK, CA. CLUB ENTHUSED WITH LEAGUE SANCTION

By JIM ATWELL

Our club greatly appreciates the Sanctioned Club Program. Eight of our members have full \$12.00 NHPA-SCHPA cards and do *not* pitch in Charter tournaments.

I was very pleased to read that Sanctioned Clubs will be covered by the new NHPA insurance program. I have worried about insurance for our club for several years. We have never before had insurance of any kind. I spoke at the Charter annual meeting about the Sanctioned Club Program and stated that Sanctioned Clubs will now be covered with insurance. I believe that the insurance will be a great incentive for clubs to join the program. I suggest that the NHPA use the insurance to help promote the Sanctioned Club Program.

I would like the NHPA to hold an annual meeting every year at the World Tournament with representatives from all Sanctioned Clubs similar to the annual meeting held with representatives from all Charters. I believe these annual meetings will prove invaluable to the Sanctioned Club Program. People do not understand the Program. Here in Southern California after our third year of sanctioning, about 80% of pitchers not in our club still believe that: *tournaments that are sanctioned are Charter tournaments and tournaments that are not sanctioned are club tournaments.*

I am continuing to promote the Program to other clubs. Last year I got San Luis Obispo to sign up. I hope they are continuing to send in their stat sheets. If not, let me know and I will call them. This year I joined the Torrance-South Bay Horseshoe Club and sold them on the program.

...Just one of many positive responses to 1987 World's Video.

Deborah went on to say, "... the video really captured the spirit of the tournament."

Donnie Roberts, Secretary/Treasurer of NHPA said, "A very professional product. The best video ever done on our sport. A fine tool for promoting our sport. I was very pleased ..."

Debbie Bestul, three time Girls' World Champion, plans to use the video as part of her teaching efforts.

The NHPA encourages each club to have at least one copy and to show it to as many high school and college physical education teachers as possible.

Along with being informative, the video is entertaining and fun. If we want this caliber of production to continue, we need to show our support by ordering a copy today.

1987 ILLINOIS STATE TOURNAMENT (SANCTION NO. 11-87-050)**(Sanction No. authorized by Donnie Robert)**

The 1987 Illinois State Horseshoe Tournament was played over Labor Day Weekend on the indoor courts at Cahokia, IL. The number of entries was the second largest ever and the welcome and support from the community of Cahokia was heart warming and greatly appreciated by all participants. Results were not published due to problem of getting a Sanction No.

Four new state champions were crowned while three were repeats from 1986. Charlie Webb, Mascoutah, is the new men's state champion winning all his games with a 74.7% average for the eleven games and defeating Cliff Baker, the 1986 champ, 40-23 in the last game. Ron Stobaugh was not back to defend his men's seniors 70+ crown. Les Long, Sterling, went undefeated to win this division. Mike Ellinger, Lewistown, was tied with David Ruch, Sullivan and Brandon Stephens, Shelbyville, each with six wins at the end of regulation play for Class A Junior Boys. Mike won out over David, last year's champion, and is the new Junior Boys state champion. Sheri Santel, Trenton, won the Junior Girls championship with a perfect record.

Tari Powell, Rankin, had a close call in her game with Nellie Fleming, Palmer, finally winning it 40-37 and went on to be undefeated, averaging 71.3, to repeat as the Women's state champion. The team of Charlie Webb, Mascoutah/Lloyd Ward, Mulberry Grove repeated as the state doubles champs in the men's division as did the team of Ellen Ronk, Abington/Lori Oberbillig, Chadwick, in the women's division.

1987 AMERICAN ROYAL TOURNAMENT—SANC. 15-87-046

This report was delayed hoping we could bring you news of a 1988 American Royal Tournament. We are pleased to announce that plans are underway for a two day event, scheduled for October 7 and 8, 1988. The tournament will be held in a building with a concrete floor and plans are underway for the construction of portable clay courts. We trust that all who took part in the 1987 tournament, or who heard reports of it, will understand why a tournament was held under those conditions. It was an educational experience for people connected with the American Royal, which is one of the oldest and most prestigious livestock expositions in the country. They were overwhelmed with the tremendous response to a one day event and listened closely to the comments and suggestions made throughout the day. None of the American Royal personnel involved with putting on the tournament had ever seen horseshoe pitching. They are most anxious to put on a top notch event in 1988.

Thanks to all who participated in 1987 under very trying conditions. We had entrants from five states. Some persons actually seemed to enjoy the challenge involved and turned in better performances than their entering averages would indicate. However, such was not the case for everyone. We are printing averages only for the information of the players involved. Due to the pitching conditions, *these averages should not be considered as a basis for entering future tournaments.*

CLASS A FINALS—Wilbert Foelske, IA, 4-1-61.9; Roger Potts, KS, 4-1-63.3; Elwyn Cooper, MO, 4-1-63.3; Charles Killgore, MO, 1-4-57.3; Merlin Potts, KS, 1-4-52.0; M. O. Turner, MO, 1-4-51.3. "From Out Of The Mail Bag"

Dear Mr. Cobb:

HELP—This winter I have been spending my retirement days compiling a World Tournament Record Book. I started last October and still at it every day with much enjoyable enthusiasm. So far I have almost 500 pages listing more than 300 World Tournament players. Most of the players have their picture on the top left corner of the page. Under the picture is their address and birth date. Below that is the years they pitched in the World Tournament, the class they pitched in, their position, wins, losses, ringers, shoes pitched, and ringer percentage. I have also listed how the players in the championship class did against their opponents. I have also listed noteworthy performances that have occurred throughout the history of the Tournament.

Also listed is the Tournament locations; lifetime totals of players who have played four or more tournaments in the championship class. I also have listed players in two or more championship classes and the years they played. Also listed is the high qualifiers each year; the highest ringer percentage player; the player with the most ringers and shoes pitched each year. Also listed is Tournament record in all classes; players lifetime ringers, ringer percentages, won-lost pct., wins, and losses. There's a page listing total games, ringers, shoes pitched, and ringer pct. each year. There are nine pages devoted to all class winners. Championship playoff games are listed. The longest and shortest games each year; the players who beat the best—players with none, one, and two losses in the top class and who beat them, plus players with fewest losses in two consecutive years. Also listed are errors in books and Digests. There are three pages listing all New England players regardless of class. And finally the 1986 averages for all players in the championship class, thanks to Kevin Cone who sent me the scoresheets.

Please note the word **HELP** at the top of the page. This means I would like to add as much information as I can to this book which is in two three ring binders at the moment. I have been using the Sept. Digest back to 1969, Kline's book, three Reno books, plus W. T. programs for my information. But I'd like more. My supply of pictures is running out. There are many players like Dean Brown, Louis Dean, Alvin Gandy, Roland Kraft, Ansil Copeland, Ron Simmons, Ray Ohms, Glen Anderson, Floyd Fowler, Ervin Hosier, Bob May, Dave Baker, Henry Harper, John Lindmeier, W. O. Maxwell, Howard Robinson, Truman Standard, Clarence Bellman, Hugh Rogers, Harvey Elmeron, Milton Tate, Tommy Brownell, Art Dugle, Ray Gatewood, Ron Cherrier, Lowell Gray, Cherry and Lee Bennett, Sherm Bertrand, A. J. Byrnes, Gene Brumfield, John Elkins, Sid Harris, Ken Jensen, Merle Palmer, Al Stockholm, Leighton and Lowell Edmondson, Sam Somerhalder, Hugh Palmer, Bill Blexrude, Lester Anderson, Irwin Carlberg, Terry Earley, Ed Fishel, Hubert Galpin, Orville Harris, Lee Rose, Jack Stout, Larry Morton, Max Roseberry, Levi Miller, Don McCance, plus many more lower class pitchers. Of the women I'd like Connie Still, Sandy Karasch, Sylvianne Moisan, Barbara Dow, Connie Swartz, Betty Steinfeldt, Helen Blutt, Lynn Hughes, plus more I don't have.

If anybody has pictures of these and other lower class players which they could photocopy on the top left corner of an 8½x11 page and send it to me, I'd appreciate it very much. I'd also like scores, shoes pitched, and ringer percentages of how players did against other players in the W. T. prior to 1969. Someone must have the scores in the 50's and 60's. I realize much information has been lost. I'd also like the final results of the 1987 junior boys and girls games plus the playoff between Sandy McLachlin and Diane Cantin which never should have been omitted from the Digest. That was one of the greatest games I ever saw.

When I have gone as far as I can with this book, I'll turn it over to the NHPA or whoever wants it. Maybe somebody can improve on it. Some of the players' averages are not in annual sequence.

Yours truly,

BART SARGENT

MAILBAG—(Continued)

Dear Mr. Cobb,

The year 1987 was a busy one for our club. We have relocated and are back on the edge of a lake which matches the name of our club, Lakeside. Lakeside is one of the oldest clubs in the state of Texas. It was founded by Tom Haslett in the early 1940's, which by northern standards may seem very young, but to us it is not. Tom Haslett was also the first Texan to be admitted to the Horseshoe Hall of Fame.

I am hoping you can help us spread the word about our new location at Lake San Antonio. It is easily accessible from any part of the city. It is located just 2.5 miles outside Loop 410 on IH 10 East.

We now have 20 courts completed and are about to finish our lighting system which will be one of the best in Texas.

We are very proud to be a part of Lake San Antonio Kampgrounds which consists of about 140 acres, and a 44 acre lake that provides year around fishing, swimming, and camping. R.V. hookups are available also. This is an ideal spot for a weekend or a vacation.

We pitch doubles every Sunday at 2 PM and hold at least two leagues each year during the week. Our club also hosts three tournaments each year. Entry fees are \$10 for adults and \$5 for juniors. Our tournaments are as follows:

March 12-13 Shamrock Open
August 20-21 Tom Haslett Memorial
November 19-20 Harvest Open
Deadlines are 1 week before
each tournament

NEVER LET THEM SEE YOU SWEAT

By LARRY MORTON

A while back the Digest published something I wrote about a method of practicing that should surely be of benefit. Now I want to tell you that there are three things you never want to do when pitching against a tough opponent.

Never panic.

Never *try* to throw a ringer.

And never, never let them see you sweat.

Personally, I'm not very good at doing any of these things but I'm working on it. Let me explain.

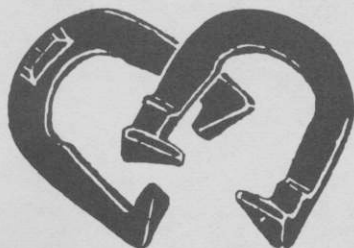

Never panic. You're in a tight game and it's coming down to the wire, just a few points away from winning or losing. If you are a person who's going to panic, now's your time. Most folks who panic just tighten up, get real tense and very deliberate with their pitch. If you ever learn to relax in these situations and throw your shoe the way you do in your back yard, you'll have a better chance of it being a ringer. Your opponent is feeling the same pressure you are . . . let *him* panic. I once saw a person that got so tense in these situations he'd throw the shoe straight up in the air. If you see a person running around the courts waving his arms and

NEVER LET THEM SEE YOU SWEAT—(Continued)

pulling his hair screaming, "I can't stand it, I can't stand it," don't worry about it, he'll be all right. He's just panicing.

Never try to throw a ringer. That doesn't sound quite right, does it? Same situation, close score down to the wire. You're not panicing and have pretty good control fo your emotions but your opponent just laid a double on in front of you. All you can think about is that you've got to throw a ringer, two if possible. You toe your spot and get set, still thinking, "I have to throw a ringer." This is the wrong thing to be thinking about. Everybody talks about how important concentration is. This is what they're talking about. Your thoughts at this time should be now about throwing a ringer but only about throwing your shoe in such a manner that it has a good chance in *resulting* in a ringer. You can probably think about two things while actually throwing that shoe. My own favorites are "Get it up . . . follow through." Others may be "Keep it smooth, step straight, reach out. I'm sure you have your own most important ones. Nobody throws them all on so just do your best and trust your pitch to be where you want it.

Never let them see you sweat. Now I don't mean the kind of sweating you do when it's hot outside, or the heavy glistening the ladies do. I'm talking about the kind you do when you're struggling and nothing you do makes it better. If your opponent sees this he is going to jump on you like fleas on a dog and there is going to be quite a point spread before you recover. Haven't you ever noticed that when you are pitching bad your opponent never seems to miss? Just be patient, your game will come back and it will feel much cooler. Like I said, I'm still working on these three things and if I ever master them, I believe that I will be a better pitcher. I hope you will too. Good luck and have a good summer.
