

The National Horseshoe Pitcher's Association

EWSLIN

VOL. 1 NO. 8

Both backyard pitchers and pros catch and hold the stake better with DIAMOND's new advanced design "Tournament" Shoe. It features a grip positioner, hardened tips, an increased radius, a dead soft center, and a wider, deeper calk. Same dropforged solid steel construction as DIAMOND's popular Double Ringer and Super Ringer Regulation Shoes. All American made.

Contact your nearest NHPA club or sporting goods store for DIAMOND pitching horseshoes.

President's Message

round the first week of November I intend to travel to Georgia and Mississippi to visit the 1990 & 1991 World Tournament sites.

Stone Mountain has recently completed the installation of 16 new courts adjacent to the coliseum which will be available for practice during the actual World Tournament. I will meet with the Georgia officials to view the grounds and facilities, discuss their fund raising activities, gather information on any problem areas and generally get a feel for the progress and site of our next World Tournament.

While the 1991 Tournament is still nearly two years away, I plan a November visit to the Biloxi, Mississippi area since it is somewhat on my intended route of travel to Georgia and an early visit to this site could be beneficial. In as much as we will be pitching inside a very large Coliseum & Convention Center for the first time, it is expected that some unique circumstances may surface that will require special arrangements or concessions on the part of the NHPA. Early planning may help avoid last minute problems.

Dave's Court Report

by Dave Loucks

uring the days of September 14-18, I made a visit to the city of Philadelphia, PA. I went east for a special invitational horseshoe pitching tournament held in conjunction with the American Gold Cup Classic, a premiere horse jumping event. As their guests we set up four portable synthetic clay courts on the grounds in Devon, PA. With financial support coming from several of our pitching horseshoe manufacturers, primarily Diamond, we held a Pro-Am event with 12 invited local celebrities and 12 top NHPA pitchers. The weather did not cooperate but the contestants playing for \$3,000 in prize money in the professional event did not seem to mind the constant rain. Top prize of \$450 was taken home by Bill MacIntyre of New Jersey with \$350 going to 2nd place finisher Debby Michaud from Massachusetts. All 12 NHPA pitchers took home some cash in the 20 shoe count-all event. Special thanks to Jack Hagans of Creative Alternatives in Marketing for lining up the NHPA sponsors, to Donnie Roberts for transporting 4 courts and clay from Ohio, to Ron Weiss, Dwight & Marie Wetzel who drove from Western PA to help us, to the American Gold Cup people who provided hotel lodging, to Diamond Horseshoe, to the pitchers and any others whose name I may have missed. It looks like this may become an annual event.

During the Spearfish W.T., one of the finest gentlemen in our sport suffered a heart attack and was not able to participate in the Championship Class for which he had qualified. Karl Van Sant of Indiana spent most of the two week tournament time in a hospital in Rapid City, SD. Karl is home now and I'm very happy to write that at last report, he is doing very well and hopes to be pitching again by Vegas time.

The controversy over mixed play with 30 & 40 foot pitchers continues to cause some hard feelings in many areas. While the NHPA does not yet have a firm guideline, the Rules Committee is studying many suggestions and may have a recommendation for the delegates in 1990. One of the biggest complaints I hear is that the 30 ft. pitcher has an advantage over the 40 ft. pitcher who can't move up.

I tend to agree with this and proposed to the Rules committee that one of our rules be deleted for mixed play only. That is, in mixed tournament play, remove the men's foul line and enforce only the women's foul line at 27 feet. This would allow any 40 ft. pitcher to move up if they wished and all pitchers could throw from any comfortable distance behind the one foul line. By allowing a 40 ft. pitcher to move up, he certainly could no longer complain about being at a forced disadvantage. Again, this proposal would apply in mixed play only. I have talked with more than 100 pitchers about this suggestion and better than 90% have said the idea has merit. It would not be a complete cure-all but I think it would relieve much of the hard feelings that now exist. Perhaps the Rules Committee will also see possible merit and give the suggestion some serious consideration.

Bob Dunn of the Minneapolis Horseshoe Club has reported back to me on an experiment his club tried during the 1989 season. It relates to the cancellation of close shoes by treating them as equal value just as we do ringers. Two close shoes within 6 inches against an opponent's one close shoe would find one cancelling the other regardless of who was closest. The remaining close shoe would score a single point. If both players had two close shoes within 6 inches, they would all cancel for no score. It was reported that this change in point scoring had overwhelming approval of the Minneapolis Club with 90% of the members voting to maintain it next year. The process speeded up games by eliminating the nuisance of measuring close shoes.

For those of you sending in tournament results, you should know that "Doubles" are not being printed when only the team percentage is given. The main reason for printing tournament results is so the individual performance of a member may be followed. Also, make sure that you submit results within 30 days of the tournament and that a correct NHPA sanction number is submitted. If in doubt to the correct procedure, just check the Results listing in any previous *Newsline* to see what is required. In about one month, a special issue of *Newsline*, "Results Only" will be published to get caught up.

Letters To The Editor

Dear Editor.

Whenever we return from the World Horseshoe Pitching Championships, it is time to reflect on all that went on there. We are in that process now. There were many exceptional and wonderful things about Spearfish, South Dakota. The town itself, its people, and the city park were excellent. The area was a tremendous bonus with its incredible natural beauty.

However, I was frustrated and confused by the type of clay and stakes that were there on the horseshoe courts themselves. I was frustrated in that I was not personally able to concentrate over and above the conditions. I was confused at seeing two different types of clay at a World Tournament site and at the fact that some classes were playing on different types of clay within the same class. I was also confused at the rigid stakes which we had (mistakenly) thought would no longer be seen at a World Tournament. I have so much admiration for those champions who truly stayed focused and concentrated throughout. They deserved to be the best, without any doubt.

I think my biggest question is, how can these conditions happen? Is it time now to pay our NHPA officers more for travel so that they can really oversee every World Tournament site prior to World Tournament play? If we are hoping for the increased recognition that we feel is our due and if we are really hoping to draw in more competitors and spectators, do we not then have a responsibility to make sure that our sport maintains consistently high standards? I would think so. I would also be among the first to say that our officers deserve more help and more funds to help assure that those high standards are maintained at every NHPA sanctioned tournament, and especially at the World Tournament.

Gene and Yvonne Ficek put on an incredible event and we cannot possibly show how much we appreciate their efforts. But hard working people like the Ficeks at each World Tournament site need some guidance and assistance from the NHPA all through the year preceding their event. I feel that we should give our NHPA officers some encouragement and support in giving that assistance. As that advertisement for hair color states, "We deserve it!". Spearfish deserves it. and I hope to return there someday. Sincerely,

Deborah Michaud

Dear Spearfish South Dakota residents, World Tournament participants, spectators, and all NHPA members who were unable to attend the tournament.

This is a letter of thanks my wife and I wish to extend to the merchants and friendly people of Spearfish. Simply stated, I hope the atmosphere of future tournaments will be as friendly as this one was.

Also, this was my first opportunity to pitch with the champions and may I say I was honored. Nearly each one was a perfect gentleman as they proceeded to hammer me double after double! I did however, manage to salvage seven wins-three of them Californians (sorry guys). This was also Donna's 1st World Tournament. She was considerably roughed-up and swears that she'll begin practicing tomorrow for Georgia!

In closing, our wish is that each and every member will be able to someday participate in a tournament such as this one in Spearfish. We also hope the television coverage we received will be a success and that it will give our sport more of the type of exposure it so desperately needs and deserves!

Sincerely, Donna and Steve Wyrill Southern California Horseshoe Pitchers Association

Dear Dave,

This message is to acknowledge having received your "NHPA Presidential Award" from Barry Chapelle at our recent Bellingham International Horseshoe Tournament.

I was completely surprised and almost speechless to find or think of

the proper words to express my feelings when presented this 8"x12" gold plated plaque. I certainly feel highly honored to receive such recognition, but not seeking it just for the glory.

Since I have been unable to pitch horseshoes for a number of years because of a leg problem involving my hip, I decided on another category to keep involved. With the painless attention to promoting, I have found an ever increasing number of new and old friends taking a renewed interest in our sport, thereby affording me much pleasure.

In closing, I thank you for giving me such recognition for which I'm very appreciative.

I congratulate you for the excellent job you are doing for the good of our NHPA. May your health and service prevail for a long time.

As always,

"Winnie" Francis Winetrout Ferndale, WA

Close Only Counts in Horseshoes

The world's championship tournament of 1948 was conducted by the National Horseshoe Pitchers Association at Milwaukee, Wisconsin, August 16 through August 21st.

During the long and gruelling contest, Casey Jones of Waukesha, Wisconsin gave what stands today as the greatest tournament, percentage wise, ever pitched. Casey hit 2159 ringers out of 2468 shoes in his 35 games for an amazing ringer percentage of 87.5. But this was not enough. Jones lost the tournament. Fernando Isais of Los Angeles, California won the world's championship, defeating Jones 50-49 in the deciding game. Isais' percentage for the entire tournament was 84.2.

As if losing the tournament after pitching a world's record ringer percentage were not enough, Jones hit a higher ringer percentage in the game he lost to Isais than did Isais. The game went 136 shoes with Jones getting 116 ringers for 85.2 percent while Isais got 114 ringers for 83.8

If ever there was proof that close ones do count in horseshoes, this should be it.

The article shown left, appeared in the 1971 World Tournament brochure. If I had my way, I'd change it to read "Close Only Counts in Quoits."

Due to the shape of a horseshoe, a poorly thrown shoe is more apt to be closer to the stake than a well pitched

Note in the diagram that the perfectly pitched shoe (black) is further from the stake than the poorly pitched shoe (white). The black shoe is only 1 mm from being a ringer, and is technically closer to the stake than the white shoe.

If the rule in 1948 read, "All shoes within six inches of the stake are of equal value," I'm sure Casey Jones would have won the 1948 World Championship and Ray Martin would have won the title when the tournament was held in North Dakota.

Donnie Roberts writes, "Our cancellation system pays no attention to how well the shoe is thrown, it only makes reference to which shoe is closer."

Glenn Portt writes, "I think you are right. If two ringers cancel each other-when one ringer is barely on and the other is on the hilt-then why shouldn't two shoes within the six inch rule cancel each otherwhen one is two inches from the stake and the other is five inches?"

Bob Dunn, Assistant Sanctioned League Special Project Director writes, "Your suggested rule change makes a whole lot of sense, especially when that is exactly what takes place in count-all scoring. This rule change for cancellation scoring would eliminate the unsightly and wasteful minutes of digging and judging for a single point, when in essence, equal skill or effort is put forth in pitching close shoes."

Dave Loucks writes, "It does appear to have merit."

Horseshoe pitchers should consider the benefits of having all shoes within six inches of the stake of equal value. I urge the Rules Committee to bring this proposed change to the delegates in convention.

Sol Berman Palm Beach Gardens, FL

To the Editor,

I was reading in the July/August "1989" issue the letter written by Don Titcomb. I thoroughly agree with him, but the reason I put " " marks around "1989" is that if we just talk about it and don't do anything about it you will be reading the same thing in "1999" or "2009".

Do we really want to improve our sport or just talk about it!! We have a man by the name of George Schummer who has devoted 25 years of his life to improving this sport and has many good ideas. I will bet you that half of our membership have never heard of George Schummer or any of his ideas.

In the same issue there is a letter to the Editor from John Loughery from New York and also one from R.M. Thackeray from Idaho. They discuss many of the problems that everyone is having with our game. I agree with R.M. Thackeray and have had the problem many times at our tournaments. Even though I advertise as an open tournament there is always someone who shows up with a high percentage and then the whispers begin. They think I should change and put the high percentage with another group so they can win. It seems funny to me that at an everyday tournament that is just for fun and not for a Championship that it would be so important! It is alright for them to win but not the one above them.

George Schummer has the answers to a lot of these things that Don Titcomb, John Loughery and R.M. Thackeray discussed. George believes in the meter system which is very reasonable if we are calling it a World Tournament. The rest of the world is in metrics. George has the meler system for Juniors, Women or Men and the meter distance is closer for Juniors, Women or Men depending on their percentage, so that can be put as close as needed for the new Juniors that Don Titcomb discussed. You could also put an end to the high percentage player showing up and being a cinch to win because George believes in a handicap and has a very good one in my opinion. This leaves out the argument of 30's v.s. 40's because if you are a 40% pitcher all 40% pitchers pitch from the same distance. You don't move back until your percentage goes up and that is what everybody is trying to do-raise their percentage. It also creates more interest because the low pitchers make more ringers from the closer distance. It also solves the problem of seniors, as Don Titcomb stated, why move them up to 30' just because they are 70 years old. If they can still pitch their percentage they will stay at the same meter marker with George's system. They only move up when they cannot hold that percentage for that distance and then only move one meter.

It seems to me that when you want to try something new no one really wants to get involved. They would rather just pitch every weekend the same old thing. Dave Loucks put on a new type of format at the Grass Valley fair and with Northern California being one of the largest charters, he had a tough time getting 36 pitchers to take part in the new type of team tournament. It turned out great however and the response will be better next year.

I personally think that some of George Schummer's ideas are worth looking into and I feel that it can solve a lot of the problems that we are having.

Richard McCutcheon Indian Valley Northern California

Editor's Note:

The George Schummer system referred to above is called "PAR HORSESHOE". I wrote about it in the May 1988 News Digest. What George has developed has a great deal of merit.

Dear Sir,

Allow me a few minutes of your time. In regards to this matter of mixing 30 and 40 foot pitchers.

How on earth did this ever get started in the first place?

There is no way under heaven this is ever going to work, all the rhetoric and static about it is nonsense.

What really has to transpire is 30 ft. pitch 30 ft., 40 ft. pitch 40 ft.-no mixing.

In all "sports" there is no "respecter of persons" period. Let's not make the game of horseshoes a con game. Mistakes have been made for sure. But they can be corrected. Common horse sense will solve them.

What has happened here is gremlins have snuck in. As a man who spent most of my life in the Boy Scout movement, never once did I ever teach boys 30 ft. and 40 ft. were

Nepotism has snuck in also where a father wanted his boy to pitch or his wife. This is fine, however, we must always start from the same line.

The general public will never accept it.

Really, unless the "Golden Rule" has been amended, and to my knowledge it hasn't, we are off base.

It is my understanding that President Bush is a member of our organization. I don't know him personally, however, I do know ex-President Ford personally and I wonder what they would think of one of our most famous Presidents saying, "If men are equal at all they are equal entirely."

This is bedrock talk but it is the solution to your problem.

I pitch in Ill., Indiana and Ky. and you hear murmuring all over.

I believe also there is "apathy" in our ranks. For example, Illinois had about 75 members at the State meeting out of 500 plus members. So that isn't much to write home about.

According to my thinking, the attrition rate and drop out rate will be greater than the enrollment, and I'm not so sure that we aren't going to lose some exceptionally good men and pick up some "con artists."

Myself, I'm sixty-six years of age and, Lord willing if I reach seventy, I will only pitch at 30 ft. when my opponent pitches 30 ft. At that age I should be man enough to either step aside or serve in some other capacity.

I have heard overtures about trying to get into our school systems as part of their curriculum. That is a terrific idea, but if we do, let's take it on an equal level.

I suppose you receive all types of letters and I thank you for taking the time to hear me out. This has nothing to do with me personally, but it does for the credibility of the sport of horseshoe pitching.

Allow those pitchers to use lighter shoes or whatever but keep distance equal. To my knowledge no sport allows anything like this. Even in "marbles" you cannot fudge.

The same people who are pitching 30 ft. are on the bowling alleys throwing bowling balls up to 14 lbs.

versus 21/2 lbs. at night. Check this

Thank you for your time. If any of this makes sense to you I hope you weigh it with a just balance.

Sincerely, Ed Atchisson Wayne City, IL

To the Editor,

Having pitched and promoted "horseshoes" for over 63 years I feel it is time that a few words should be said by and for the older man pitching less than 40 feet. No one knows what it's like to reach 70 years until they have lived it. During my late 60's I lived a lively life in every way. For example, I was the first to arrive at the Singles Club dances and the last to leave while dancing more than anyone else. That all changed at 70 and was apparent on the H.S. courts where I fell short on my throws enough to hear friends say "He used to be a good pitcher". Reluctantly I tried 36 feet and settled for 35 feet to find a smooth place to stand. I miss the cement but now I can still compete on the same percentage level with my same old friends. There were a few the first year who said "It bothers me for someone to pitch in front of my pad". This year I've felt accepted and generally speaking the opponent is doing his best pitching against me. Since most clubs do not have enough entries to form a separate class for 30 feet and to keep the percentages close we mix the classes with the 30 and 40 feet pitchers and the same holds for the sex, as we never have enough ladies to make a full class and enjoy having them in with us. In fact this was true ten years ago. We are all there for the same reason-improvement, progress, fun and enjoyment. To make a rule or practice separation of players due to sex or distance shows feudalism. In these times of anti-communism we don't want to go backwards. So let's advance together. In the July issue of Newsline the man from Idaho states "Sex, age, color, class or creed have nothing to do with it". The first two have everything to do with it, that is why he wrote. Generally speaking, women cannot compete with men in arm

(continued on page 9)

Regional Director's Report by Mary Van Sant

Bud Schardine, Regional Director for Utah, reports that he will assist with two Region Tournaments in the Utah Summer Games. Orem and Logan have new people in charge that have not pitched in competition. It seems that this is the year in Utah for the small towns. Moab, a small desert town on the Colorado River has put in 8 courts, Monticello, a high mountain desert plateau town in Southern Utah hosted the Utah State Tournament in 1988 with 14 courts and are working on another four. Riverton will host the 1989 State Tournament, currently with 12 courts, they have almost completed another 12 with lights. American Fork now has nine courts.

Rich Paul, Regional Director for **Montana**, tells us that this is the Centennial year for Montana and there are many events going on all over the state in celebration. Eastern Montana held tournaments in May

so Montana pitchers could get in the required three tournaments to qualify for the World Tournament. With the World Tournament so close to Montana there was a large showing in Spearfish. Montana has been holding horseshoe tournaments every weekend from the 21st of May through Labor Day with the exception of World Tournament time. Great Falls, Montana is hosting the State Championships this year. It will be advertised as an official Centennial event. Great Falls is centrally located so they expect a large turnout.

Rick Rebman, Regional Director for Washington, Oregon and Idaho, reports that Oregon has scheduled one sanctioned tournament every weekend until Labor Day. All officers remain the same, except that Barry Chapelle has taken over the job of statistician. Oregon has gone to a last three tournament average.

Money was received from 8 clubs and the Washington and Oregon State Associations to assist with the prize money for the 13th Annual Oregon Open, held June 24 and 25th in Hermiston, Oregon. The state of Washington gets their tournaments started early in the season with the Winetrout series held during the winter months. As of the end of May they had completed 12 tournaments and have scheduled a tournament every weekend through October. A new club was formed in Kennewich, Washington last year and they are doing great. They have 34 members and have started a new league which is well attended. One of their new pitchers, Michelle Ives, won the women's State Championship with over 70% average. As soon as Washington gets their computer, they will also go to a three tournament average. Hopefully Idaho will soon follow suit. Washington's highlight of the year is the "Bellingham International" tournament held August 19 and 20th with \$6,666.00 in prize money.

Bill Calhoun, Regional Director for Mississippi and Alabama, reports he visited the Mississippi association in the spring and stated he had never seen such a confident and enthusiastic group. They have a lot of local support in their 1991 bid for the World Tournament. Bill has visited the area where the World Tournament will be held and because this area of Mississippi is a resort area near the Gulf, this should be a memorable World Tournament. The Alabama horseshoe tournaments are progressing nicely and are well attended.

Jim Haupt, Regional Director for Wisconsin, reports that because of the closing of the Pitchin' Palace, Wisconsin has had to find a new place to hold their State Tournament. All clubs were asked to consider hosting the State Tournament and the Beloit club accepted the challenge. With only 9 courts, they will build 4 more permanent courts. They have set up lights on the original nine courts for night pitching. With the hard work of the

dedicated pitchers of Beloit, this tournament will be a success. There are some indoor horseshoe courts under construction in Plover, which is a few miles south of Stevens Point. They are the Royal Wood Sports Center with not only horseshoe courts, but also volleyball, racketball, a baseball batting cage, a game room and a pro shop. There will be six courts with synthetic clay located in the floor of the volleyball court room. This facility should be open soon.

James Korte, Assistant Regional Director for Illinois, reports that he and his wife have been holding open tournaments every Monday night from May through August for the past ten years. They have between sixteen and twenty-four pitchers each Monday evening. In May, June and July they held sanctioned tournaments with fifty-six pitchers in each tournament. In August they held their tenth annual Doubles tournament.

Art Felgenhauer, Regional Director for Illinois, presents the Arthur V. Felgenhauer Award Plaque to a deserving person who is a tournament director, promoter or organizer of horseshoe tournaments in his area. The champions and winners receive recognition and awards for their efforts and achievements in participating in tournaments. The tournament directors, promoters and organizers of these events usually receive very little recognition for their dedicated and unselfish efforts. It takes a rare breed of people to continually conduct, promote and organize horseshoe pitching activities for the benefit of others to enjoy. The only reward that they generally receive is the satisfaction of knowing they unselfishly did their best to serve their fellow man. In recent years, Art has donated and presented his award to people he feels deserve some recognition. This year's award will be presented to Richard S. Feiden at the 1989 Houby Fest Horseshoe Tournament. Congratulations to Richard Feiden, for many years of dedicated service to mankind and in helping to promote the sport of horseshoes.

Rodney Nahina, Assistant Regional Director for Hawaii, reports that Hawaii has held three sanctioned tournaments and will hold their sanctioned State tournament September 2, 3 and 4th. They

hope to hold even more sanctioned tournaments in 1990. At their annual meeting, they held an election of officers and Robert Naauao was elected President, Rodney Nahina as Vice President and Ethel Nahina as Secretary. Rodney has been working with Maui Horseshoe Pitchers, assisting them in getting their members for a second charter in Hawaii. Rodney has had an injury to his pitching hand and has had to switch from his right to his left hand for pitching horseshoes. He states that if anyone has had to switch hands, he feels he may be able to help them. The Hawaii charter feels there should be some clarification of Rule 14, Section Q, "A leaning shoe has no value over one touching the stake". They feel it should state "A leaning shoe and one touching the stake are cancelled, No score". The Hawaii Division Horseshoe Pitchers Association is trying to get a parcel of land for 32 courts and facilities along with a banquet room and meeting room. This land belongs to the state and they are waiting for approval from the Governor to give them the land and money for the building of the facilities and the

courts. In the future these courts can be used by the schools, the public and possibly a World Horseshoe Tournament.

Reader Forum

(continued from page 7)

strength and the age problem is the question before us now. We are fortunate to have compassionate leaders who made rules to allow for this.

The man past 70 will not "lobby" for his cause. He will not provoke or prolong trouble either verbally or physically, as he has no reserve strength to fall back upon. Hopefully he has mellowed and gained wisdom through experience. He has only patience and faith and hope that others will be considerate and right and aware that some day they too will walk in his shoes. Your life is largely what you make it and pitching horseshoes gives you a great chance to prove the kind of person you can be. First of all you learn how to lose gracefully and you learn life is a lot of "give and take" so let's do it in a broad -minded way.

By Barry Chapelle

The NHPA Rules Committee had a long, but fruitful, meeting at Spearfish during the World Tournament. Due to delegate action at the convention, the role of the committee has been changed to that of a recommending and advisory group, but we will continue to function and serve the NHPA.

The first part of our meeting was open to anyone to come in, offer opinions and suggestions, and make proposals. We had three parties do that and I felt the time spent was worthwhile. After that, we closed the doors and discussed the rest of the business at hand. Jack Adams, who is an official of Horseshoe Canada, asked to sit in and be a part of the group and his request was gladly granted. The following items were discussed.

- 1. Following through over the foul line after the shoe has been released. This one has been cussed and discussed for many years. Some are offended and in disagreement, but there has not been, and continues not to be, enough sentiment to change the rule. It will *not* be brought up on the convention floor next year.
- 2. Establish a foul line at 40 feet and one at 30 feet and state that the pivot foot must be behind the line as the pitching motion begins. This was brought up by one of our World Tournament judges who said that calling fouls is the hardest thing to detect in terms of judging. He felt it would be easier to detect fouls if this method was used and that fewer pitchers would foul. Although there is a lot of logic in his argument, the fact remains that this exact proposal was brought before the delegates about four years ago and resoundingly defeated. It was felt by the committee that the current foul line rule would be adequate if it was properly enforced at the local level, to make pitchers more aware of the consequences involved. My own personal observation is that we had fewer violators this year and that awareness is increasing. We will not propose a change for next year.
- 3. A contestant in this year's World Tournament said that a judge measured for the closest shoe but always kept the calipers level to the clay when, in fact, his shoe might have been closer if the measuring had been done to the closest part of the stake, even though that closest part might not be found by a "level" measurement. He suggested a rewording or addition in Rule 12 to clarify measuring procedures. The contestant has a valid concern and we need to address it. The proper procedure is to measure to the *closest* part of the stake. The committee will study this one and come up with a proposal to modify a portion of Rule 12 to cover this situation.
- 4. There still seems to be some confusion whether a "three-pointer" (a shoe such that when it is being measured for a ringer, the straight edge contacts both

points and the stake) is a ringer. The current rule is NO. There is a lot of sentiment both ways on this one. The committee talked quite a bit about it and recommended to bring it to the delegation in 1990.

- 5. We talked quite a bit about the official measurements of a horseshoe and agreed that things are all right just the way they are. We contemplate and recommend no change.
- 6. Section G on page one of the rules (concerning the breaking of ties) was discussed for a long time. Several charters have come up with their own tie-breaking systems because of time restraints, scheduling, etc., and are not currently in compliance with the rule as now stated. It was argued that the modifications were approved by the charters themselves and they are happy with them. The feeling of the committee was that the rule should be kept pretty well intact for Regional, State and World Tournament play but it might be allowable to make some changes for the many tournaments held within each charter. It was decided that the rules committee would come up with a viable alternative to cover those tournaments and that a completely rewritten proposal to cover ties would be submitted to the 1990 delegates.
- 7. Concern was expressed for youngsters who are learning our sport and who cannot yet pitch a shoe 30 feet. Can we shorten the distance for these youngsters? This is a touchy situation because many pitchers are still trying to resolve the mixed pitching that we now have. That includes mixing women and juniors with the men and also allowing 70+ elders to throw less than 40 feet. Are we now going to allow youngsters of 7-10 years of age to play—and at a distance of maybe 20 feet? This one needs more thought and more input. The committee wants to hear from you, the delegates, on this one.
- 8. Some states are having problems with juniors (boys) pitching with adults—do they have to pitch 40 feet? In the NHPA Constitution and By-Laws, Article VII, Section 8, para. 3, the last sentence implies that they do, but the intent of that sentence is to cover only those juniors who have forfeited their junior standing and wish to pitch as adult males. They would have to pitch 40 feet. The ruling as of right now is that any junior who pitches in a *mixed* class because there are not enough contestants for a junior class can pitch from anywhere in the 30-40 foot range. The rules committee has submitted a proposed change to the constitution and by-laws committee to help clear up this confusion.
- 9. Mixed pitching what to do about it. The rules committee can really take no stand on this issue except to encourage each club in each charter to offer to *every* qualified NHPA member, regardless of age or sex, the opportunity not only to participate, but to participate at his/her authorized legal pitching distance. Article

VII, Sec. 3, para. 2 authorizes mixed events and the committee feels this is a good way to encourage as much participation as possible.

10. The rules committee was asked to define an "altered" shoe and the penalty for using one. It was decided that "altered" means to change a shoe by adding to, or subtracting from, the shoe any feature such as a caulk, notch, weight, etc., that would make the shoe different from its original design. The proposed penalty would be forfeiture of all games played during the tournament. Right now, it is probable that we will rewrite Rule 11 completely and incorporate this addition into it.

11. We will propose to the 1990 delegates a change in Rule 7, Sec. e. The effect of the change will mean that a man pitcher will not have to remain in contact with the rear portion of the opposite platform while his opponent is pitching, but the wording will be strict enough so that a contestant cannot "roam around."

12. Rule 4, Sec. e, the rule about court maintenance while a game is in progress, was discussed. There are several viewpoints on this one. It has already been changed to allow maintenance on a sand or sandy loam court. No decision has been made and at this time we are not recommending a change, but we might change our minds, yet.

That is a complete report of our committee meeting held at Spearfish. Since we are now just a recommending and advisory committee, much like the Constitution and By-Laws Committee, we have chosen to function in the same general way. By that, we felt we needed a deadline for submission of proposed rule changes so that we will have time to discuss their merit and make recommendations (or perhaps no recommendations) to the delegates. Our deadline will be January 31st of each year. Any proposed changes must be in the chairperson's hands by that date.

"HAD YOUR EYEFUL? I'LL TAKE THREE POINTS."

State of the Shoe

By Barry Chapelle

This year at our World Tournament, we once again had to grind and pound a lot of shoes in order to have them meet legal specifications. Although a few pitchers were visibly miffed and upset at what we had to do, most were tolerant and understanding and accepted the "corrections" we had to make. The purpose of this article is to create awareness as to the most common "problems" we found, in hopes that fewer pitchers will have illegal equipment in the years to come.

Listed below are tendencies that appeared in certain products. If a model is not listed, no problems were discovered.

- Tournament Diamonds—the inside opening exceeded 3½ inches.
- 2. Imperial Drop Forged—too long in length. The length exceeded 7 5/8 inches.
- 3. Ohio Pro—too wide. The outside measurement exceeded 7 1/4 inches.
- 4. Deadeye EZ Grip—too wide. The outside measurement exceeded 7 1/4 inches.
- 5. Deadeye Clydesdale—too wide. The outside measurement exceeded 7 1/4 inches.
- 6. Cal Flip—too wide. Some shoes were as much as 1/4 inch too wide. Even the grinder wouldn't help.
- 7. M&M—too wide. Most of those were old shoes. The new shoes were OK.
- 8. Allen—as the shoe is used, the points have bent back and created too large an inside opening.

I am not demeaning these products and telling you not to use them. I am simply telling you where our problems came from this year. The NHPA is in the process of getting a shoe-checker in each manufacturer's hands. This should help. Also, Ed Domey, our game-related item coordinator will be doing more spot checking, and he will be encouraging his distributors to do the same. I also encourage each of you who have shoes that don't meet specs to take a \$.25 stamp and ten minutes of your time to write your manufacturer and tell him/her of your problem. If the manufacturers hear from the consumers, they will pay attention.

It is my goal to have a shoe-checker available to each NHPA charter within the next two years and to eliminate the grinder at the World Tournament. We will still check shoes, but we will not "fix" them. That responsibility will be the participant's, to make sure his/her shoes are legal before leaving for the World Tournament.

One final note-watch your shoes as they get older. Some models have a tendency to warp, spread out, etc. Most will remain legal, but some might require some grinding or pounding. Also, remember it is illegal to alter a shoe by adding to it or subtracting from it in any manner that would change its original design.

1989 OHIO STATE FAIR

Governor's Horseshoe Tournament

by Walter Ray Williams, Jr. and Earl Vansant

OPEN SECTION Sanction #36-89-038

he winners of the 1989 Ohio State Fair Governor's Horseshoe Tournament were Oscar Manns of Ohio in the Men's division andLois Webster of Kentucky in the Women's division. Oscar squeaked by fellow Ohio player Gary Kline by 9 points in the count-all total accumulated scoring system. For the eight 40-shoe games played, Oscar accumulated 751 points plus 110 bonus points (20 points each win, 10 for a tie) for a total of 861 points. In the women's competition of seven 40-shoe games, Lois accumulated a grand total of 742 points to edge out former Women's World Champion Deborah Michaud who had a grand total of 725 points.

The players were also shooting for the right to compete in the 3rd annual OSF Governor's Invitational. The top two men and the top two women from the Open, based on total scratch points (not including bonus) were scheduled to compete with the 12 invited players in the Invitational event for \$10,000 in prize money. The men's competition for the top two spots ended with Gary Kline overtaking Ron Kuchcinski in the last match by just 3 points based

on Gary's fine game of 105 points (82.5%). Ron was asked to act as an alternate in case any of the male contestants were unable to finish. For this. Ron earned an extra \$200. The women's division had an even more exciting finish as 19 points separated Lois Webster (550), Deborah Michaud (550), Billie Sue Pennington (540), Connie Still (533), and Fran Carnahan (531) going into the last round. With the 3 players trying to catch both Lois and Deborah, there was definitely a lot of tension both on and around the courts. Lois and Deborah put solid claims on the 2 top spots, as Lois shot a 102 (82.5%) and Deborah pitched a nice 95 (72.5%). Connie and Fran came up with very nice 98's (75% and 77.5% respectively) while Billie Sue slacked off her previous game's pace with an 87 (67.5%). However, none of the ladies had been informed that one of the invited had to withdraw from the competition due to illness. Now there were 3 spots available and it went to Connie Still (631) by just 2 points over Fran Carnahan (629), who received the alternate spot worth \$200.

In the B classes, Jeanne Manns was triumphant over the ladies while the

only Junior player, Doug Moon, won the Men's B class. However, Lawrence Miller of Ohio did win the 1st place money in Men's B class. All classes of 8 players played for \$320 plus trophies for 1st, 2nd and 3rd. Place standings were determined by total points with bonuses. Position rounds were used at the end of a regular round robin to give a little more excitement to the finish. A position round is where the player who is currently in 1st place plays against the player who is in 2nd place, 3rd against 4th, 5th against 6th, and so on. This along with the bonus points for a win allows a player to control his/her own destiny by playing the person most critical to him/her. Wins and losses didn't dictate exactly who finished where in a class, but it definitely had a big influence. The competition was close and in several classes the winner switched hands in the last game. Over \$7,000 in cash monies was distributed to all the cashers in this year's event.

A doubles competition was again held this year and Jeannie Manns teamed up with Shirley Spiesman to win the A class.

INVITATIONAL SECTION Sanction #36-89-039

The OSF Governor's Invitational was the grand finale of the horseshoe activity at the Ohio State Fair. The tournament was played on the 19th and 20th of August. The invited players for the women's division were: Sandy McLachlin, Ont. Can.; Diane Cantin, Que. Can.; Vicki Winston, MO; Diane Lopez, CA; Sharon Paddock, CA; and Debbie Pickering, NH for the women. Debbie withdrew from the tournament on the 17th allowing another lady the chance to move up and take her place. The invited players for the men's division were: Alan Francis, MO; Jim Knisley, OH; Walter Ray Williams, Jr., CA; Carl Steinfeldt, FL; Mark Seibold, IN; and Steve Kuchcinski, PA. The players who moved up from the Open were Lois Webster, KY; Deborah Michaud, MA; Connie Still, OH, Oscar Manns, OH, and Gary Kline, OH. Of these 16 players, 9 have been or are current World Champions, and only one had not yet made it to the Championship class at the World Tournament.

On the 18th a short Pro/Celebrity doubles event was held. Several Columbus personalities participated including the Fair Queen, 2-time Heisman Trophy winner Archie Griffin, several local radio and TV personalities, and of course Jim Knisley's partner, Governor Richard Celeste. As it turned out, the event

was called after 3 games due to rain drawing mild protests from several of the celebrities. Sandy McLachlin and her partner Max (mascot for Max & Erma's restaurant) won the competition.

Even though this year's competition had the men and women competing for separate (but equal) prize funds, they still played against each other during the round robin. At the end of 32 rounds, the top three men had a step-ladder to determine their champion; likewise, the top three women were also involved in a stepladder to decide their champion. First place for each division was \$1,000 with eighth place paying \$400. One of the attributes to short games is that perfect games are much more likely to happen. And for the 3rd year in a row, this event had multiple perfectos as Alan Francis (round 3), Steve Kuchcinski (round 11), Deborah Michaud (round 11), Jim Knisley (round 27), and in the 30th round Diane Cantin had the fifth and last perfect game of the tournament. One note of interest is that Sharon Paddock was on the losing end for two of the perfectos while pitching 90% in one of them.

The position rounds had the men playing against the men and the women playing against the women. Going into the last and deciding round Jim Knisley had a 3 point lead over Walter Ray. So, whoever won that match was going to be the leading qualifier only needing to win one match, while the loser would be playing Alan Francis. Jim easily won the match giving him the one game opportunity he was looking for. The women's division for the top 3 spots was basically decided; however, Vicki Winston came within 5 points of Sharon Paddock by virtue of her 90% last game effort.

Governor Celeste was on hand at the tournament watching the matches on both the 19th and 20th and helped distribute the awards. The men were up first and Walter Ray took a commanding lead over Alan at the half-way point; however, the new World Champion pitched a great comeback in winning the match 97 (75%)-94 (70%) in the 40 shoe count-all finals. The next match had the top two finishers of the 1989 World Tournament in a rematch. Jim Knisley let Alan Francis know why he was the 1988 World Champion by winning the 1989 Ohio State Fair Governor's Invitational with a score of 104 (80%)-93 (67.5%). The women were next and the first match pitted the defending Invitational Champion Sandy McLachlin against Sharon Paddock. Both ladies started throwing ringers out of the gate, but a double miss on the fifth inning for Sandy gave Sharon the lead she wasn't to give up while winning with a score of 105 (82.5%)-94 (72.5%). The next match featured arguably two of the best ladies who have not yet won the World Championship, Sharon Paddock and Diane Cantin. After 24 shoes had been pitched each player had 21 ringers, but then what happened to her opponent early in the previous

match happened to Sharon and a double miss was all that Diane needed to continue her string of doubles to 11 to help her win with a final score of 108 (87.5%)-103 (80%). These scores were evidence as to how well both players performed under such extreme pressure.

Earl Vansant was the tournament director with Donnie Roberts, Sande

Haldiman and Walter Ray Williams, Jr. rounding out the tournament committee. The work crew consisted of Margie and Steve Palsa, Jeannie Manns, Shirley Spiesman, Frances Asher, Bernard Davis and the local Wheatstone Club which again provided a potluck dinner. Thanks to all who took part.

Bob Champion's Charter Charter

CALIFORNIA

Dave Loucks' 14-1 record and 71.2 average percentage captured the Bill McNally Invitational tournament at Tri-Valley. Jesse Gonzales, 13-2, 71.39, was second. In the Women's Class A, Diane Lopez was the winner with 13-1, 77.23. Billie Sue Pennington was second, 11-3, 72.03.

The NCHPA Annual Business Meeting and Dinner-Dance will be held Saturday, October 28 at the Stockton Rod and Gun Club.

B.S. Pennington, Noel Guy and Josephine Charley won the Western Team Tournament held August 12-13 at Grass Valley. The winners split \$600.

COLORADO

Paul LaCrosse, who finished 11th in the 1987 World Tournament, defeated defending champion Rich Pintor in a playoff for the 1989 State title. Pintor, who was seventh at the 1988 World fell victim to LaCrosse's 28 ringers in a row to close out the playoff game. LaCrosse has now won nine state titles, losing to Pintor in 1985 and 1987.

The Colorado Hall of Fame Building, a 10 by 40 foot mobile home donated by Colorado pitcher Steve Ruddock, is ready to accept items of interest for display. An official Open House will be held in the Spring. The Colorado Committee hopes to receive many items from 10-time World Champion Ted Allen.

FLORIDA

Weather is always "permitting" in the deep south, and results from several Spring tournaments in Florida are as follows: Willard Wilbur, Lake Worth Open, 7-0, 55%; Arnold Griffith, Saturday Open, Winterhaven, 8-0, 55%; Ralph Mayhlen, Jim Forman Memorial Open, Sebring, 5-0, 52%; Karl VanSant, Ranger Smith Open, Opopka, 5-1, 62%; Paul Scheub, C. Lentz Memorial Open, Bradenton, 5-0, 57%; Ralph Cullum, Sun Bank of Osceola Open, St. Cloud, 5-1, 59%; Walt Detter, Hernando Open, Brooksville, 4-1, 63%; Jim Hurst, Cambier Open, Naples, 5-1, 52%; Betty Dunlap, Lee Palmer Open, Sebring, 5-1, 53%; Walt Deuster, Apopka, 6-0. 66%; Paul Scheub, Florida State Handicap Open, Clearwater, 10-0, 75%; Scheub, Desota Open, Bradenton, 4-1, 64%.

GEORGIA

The doubles champions for 1989 are Ted Whitlock, Jefferson, and Larry Sutton, Dahlonega. Their comined winning record was 4-1 and a 46.95 percentage figure. Play was conducted in three round robin classes with the top two teams advancing to the finals 40 point cancellation.

The State Champions, Larry Morton and Iris Sandham continue to demonstrate their touch by winning the A and B Classes respectively in the Brooks Spring Swing at Alpharetta. Morton had 81 and 75 percent games.

Publicity chief Al Sandham won his first ever Class championship when he finished first in Class C in the 90% handicap, Count All Gold Nugget Open at Dahlonega....always knew that Al needed a little han-

Morton from Columbus was first in the Southeastern Invitational in July with 7-0, 64.7. Betty Steinfeldt was second, 6-1, 67.1 and Iris Sandham third, 4-3, 55.8. Betty is from Roswell, Iris from Lilburn.

GEORGIA FALL FESTIVAL

Saturday, November 11, 1989, 9am, Stone Mountain Park. The Stone Mountain Pitchers will host the annual Georgia Fall Festival Tournament.

The mixed tournament will be held at the new 16 courts located adjacent to the coliseum in Stone Moun-

Invitations are extended to all pitchers in the Southeast and surrounding states who would like to enjoy our southern hospitality.

Early November in Georgia is always fine fall weather with plenty of Autumn color. Come and see where the 1990 World Tournament will be held. Tournament entry fee is \$15.00 with a mid-day lunch provided. For entry information contact: Al Sandham, 3958 Cotswold Dr., Lilburn, GA 30247, (404) 921-5332.

IOWA

The first Marion Lange Open horseshoe tournament was held June 4 at the Iowa State Fairgrounds in Des Moines. 66 pitchers and many guests were present to honor Marion for his 60 years of dedication to the sport of horseshoe pitching. Lange was inducted into the NHPA Hall of Fame in Spearfish.

Tournament director and promoter Chet Foster presented Lange with a walnut clock in the shape of the state of Iowa with a horseshoe as its face. Crafted by Ray Kamper, the gift was presented on behalf of the entire Iowa membership.

KENTUCKY

Catching up with the latest news received from Kentucky Horseshoes, let's start with the Bluegrass Games won by Tib Turner with 7-1, 57.6 stats. Tony Hankins was second in Class A, 6-2, 55.8. Ron Powell won the Boone Woods Tournament in Class A with 6-0, 78.2 marks. His high game was 83.3.

Powell won the 1988 State title for the third time and is a favorite to win again this year. Lois Webster, 6-0 69.0 was the Women's Champion. The doubles champions were Powell and Bob Hudnall, with a 7-0 record.

MICHIGAN

Oscar Hope and Dewey Howard attended and competed in the United States National Senior Olympics in the Horseshoe Pitching Division. Howard won a bronze medal and Hope copped a ribbon during the 3-day competition August 18, 19 and 20 at the Berkley Courts in St. Louis. The main theme of the games were health, fitness and excellence in your endeavor.

Former World Champions Sandy McLachlin, Canada and Jim Knisley, Bremen, Ohio finished one-two in the Berkley Invitational. Both had high games of 81.2. Jim Wiltse was the Class A winner in the Capitol City Horseshoe Club tournament with a 5-0, 59.6 record.

Canada's Steve Hohl won the Michigan-Ontario Friendship Tournament with 12-0 record and 73.6%. His high game was 84.6.

MISSOURI

Your Charter correspondent is in receipt of the best State Tournament program on record. We thought we had a nice one in Colorado, but it takes the back seat to the one issued by Stan Griggs, State Statistician from Missouri.

The issue is complete, listing state champions, high percentage people, list of past Hall of Famers, seeding for the 1989 State Tournament, All-Time Victory leaders, special pages in honor of World Champion Alan Francis, plus several advertising supporters for the State program.

EASTERN NEBRASKA

Emery Brandt went 4-0 with 64% to win the Class A division of the Crete Open. Chuck Brandt won the Class B title. In the second Crete Open a week later Elmer Vogt was the Class A winner, Al Rosenbohn took Class B and Larry Holmes won Class C.

Duane Breckbill shot 60.4 to win Class A in the Columbus Open, copping a playoff win over Rosenbohn.

Rex Robison bested former State Champion Ron McCance to win the Lexington Open in July. Robison was 6-0, 51.7, McCance 5-1, 60.2.

NEW JERSEY

Bill MacIntyre set a new tournament record for percentage for New Jersey with 82.8 at the Northwest Jersey Open. The old record was 80.3, set by Larry Mahoney in 1939. The tournament was held at Mountainview Park in Middlesex. His high game was a 90% against Phil Zozzaro in the first game of the 10-man round robin. Mac defeated Art Tyson to win the championship.

On June 4, 1989 Joe McCrink pitched a perfect game against Tom Skinner in the Tom Skinner Open horseshoe tournament at Weasel Brook Park in Clifton. He was 16 for 16.

Tournament winners this year in Class A have been Tom Skinner, Warren County Open; Joe McCrink in the Weasel Brook Park Open; MacIntyre, NJ State Memorial and Skinner Open.

NEW YORK

Bill MacIntyre, reigning champion of New Jersey, ended Art Tyson's two-year winning tournament streak at the New Rochelle Horseshoe Club. Mac defeated Tyson, 53-34, in the final round of the Walter Barker Open Tournament in June. Leon Zimmerman won Class B, Ted Hinzey captured the Class C crown.

Tyson won the Helen and Leo Ouellette Invitational at John Payne Park in Brooklyn. Pitching from second in the ladder finals he defeated MacIntyre 32-9, with an 89.1 percentage. It took three victories in the Class

B stepladder finals for Dave Nenschick to finally win his class.

NORTH CAROLINA

Jim Knisley was right...He doesn't get serious about horseshoe pitching until the sun stays out for a long time each day...Evidence of this is the Championship results in the 1989 Carolina Dogwood Festival Horseshoe Tournament. Won by Eldon Sarbaugh from Ohio, 10-2 and 76.1, Jim, the former World Champion from Bremen, Ohio, finished last in a field of 13 with a 1-11 record and 57.1 percentage. All the guys who finished above Jim probably felt the axe before the summer season was over, several of them at the World in Spearfish.

B.J. Thomas, the local hero, led most of the tournament, only to fall to third behind Alvin Perry from West Virginia.

OREGON

Ben Wiedrich from Oregon City has been the State Champion since 1981, but has been chasing Bob West of Scappoose in the numbers department. Since 1962, West has won 11 titles, the last being in 1979, about the time that Ben took over.

Class A winners through the summer have been as follows: Lowell Davis, Creswell-EHPA Singles in Eugene; Wiedrich, Sagebrush Open in Hermiston; Ridge Leggett, Roseburg-Joyner Memorial Open; Wiedrich, Strawberry Open, Lebanon; Wiedrich, Rose Festival Open, Portland; Leggett, Douglas County Open, Roseburg; Wiedrich, Budweiser Open, Phoenix; Wiedrich, Money Open, Hermiston; Davis, Oregon City Open; Leggett, Juniper Open, Bend; Leggett, Newberg Open, Newberg; Jerry Gorton, Pleasant Hill, Skinners Butte Open; Gorton, Vancouver, Washington Open; Wiedrich, Timber Linn Open, Albany; Wiedrich, Salem Money Open.

TEXAS

Texas, like many states, has sent letters to President George Bush noting his honorary membership in the Texas Association. The reply from the President is as follows: "Don Rhodes gave me the plaque and shirts, thank everyone for their kindness. With appreciation and best regards to you all. Sincerely, George Bush."

E.J. McFarland of Houston has won 17 State titles, followed by Marvin Burgess with 10, Coke Bowker with 7.

UTAH

J.J. Steffen, a frequent visitor to the Las Vegas and World Tournaments, is the 1989 Utah State Champion. Wife, Shirley, finished second in the Women's Class A division. J.J. won a playoff over Bruce Crane with a 60% game. Other Class winners were Calvin Sorensen, B, 8-1, 43.9; Terry Teela, C, 9-0, 48.4; Nober Zuniga, D, 8-1, 35.5; Jack Simmons, E, 7-2, 28.6; Bud Brown, F, 9-0, 22.5. Jody Brackenbury, Womens A, 9-0, 41.8; Sherlyn Feltenbarger, Womens B, 7-2, 35.8; Chris Olsen, Womens C, 4-5, 21.4; Glynn Dodds, Seniors, 8-4, 35.4; Brad Simmons, Junior Boys, 12-0, 53.2; Jenifer Sorensen, Junior Girls, 11-1, 10.0.

On any given day Clarence Giles of Riverton can be seen grooming the horseshoe courts across from City Hall. The courts are a lifelong devotion for the selfprofessed "Grandson of Riverton Horseshoes". He (Charter Chatter continued from page 23)

put the first stake in 33 years ago when the park was nothing more than an open field.

WASHINGTON

The Winnie Winetrout Champions for 1989 are: Peter Clark, Class A; Barney Heller, Class B; Earl Kuper, Class C; Bob Hoerner and Mac Huson, Class D; Mike Ordos, Class E; and Jim Quist, Class F. The special mileage trophy went to Dave Barnes, whose one-way mileage from Waterville was 895 miles, and the percentage increase trophy went to Gary Bowlby, a new member from Silverdale, who raised his percentage by 19.11.

WISCONSIN

Cy Srenaski of Green Bay brought back a World title from the NHPA in Spearfish, South Dakota. She won the Women's Senior Championship with 52.4%. Pitching 66% in the playoff to capture the title, Cy said, "I walked away with that one."

Other Wisconsin Class champions were: Terry Sternberg, Richfield, Class S, 35.0; Harry Johnson, Milwaukee, Seniors C, 43.6; Jerry Mauthe, Platteville, Class C Juniors, 44.7; Rich Pichler, Mondovi, Class E; Jane Smith, Balsam Lake, Womens B, 70.3; Anna Harms, Eleva, Class B Senior Women, 34.2.

The WHPA has inducted Forrest Elmer Mitchell, the first Wisconsin State Champion and Royce Wrucke, last year's Senior Class Champion, into the Hall of Fame. Royce has been pitching horseshoes 70 years. He defends his title this year.

N.E. Ohio Traveling League

SANC. #83-L-4

There are eight clubs/teams that participate in our Friday Night Travel League. Their names and their order of finish in league play are, First-Stow, Second-Wooster, Third-Painesville, Fourth Solon, Fifth-Burton, Sixth-Champion, Seventh-Newton Falls, Eighth-West Geauga. The Painesville and West Geauga Club's now, also have separate club sanctions with league play.

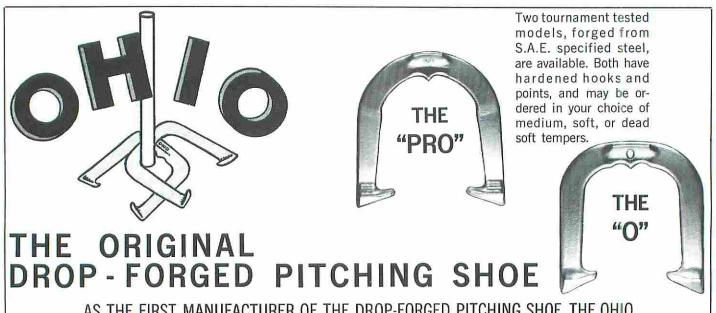

The Wooster team drives to our area seven times per year, with us going to their area once a year. An average of 75 miles, one way. Guess we may all be just a little crazy

or just plain hooked on horseshoes.

We play fifty-shoe countall, with a ninety percent handicap to lower team averages. May need to rename the league in honor of Oscar Manns of Painesville, as he again earned most of the top honors, which were, high point avg. (120), high point game (142) and high percent (92.0%). Most improved award was taken by John Palmer of the Burton Club.

Wish to thank all the club secretaries for their extra work, which is not seen and congratulate Gary Weiser of Wooster, for doing such a fine job as league secretary. Without the effort and dedication by all, we would have nothing.

Anyone interested in joining one of these clubs and pitching in organized league play can contact: Wayne Luoma, Sr. 14035 Butternut Road, Burton, Ohio 44021. 216-834-4238. I will be more than happy to put you in contact with someone in your area. —Wayne Luoma, Sr., Lg. Director

AS THE FIRST MANUFACTURER OF THE DROP-FORGED PITCHING SHOE, THE OHIO HORSESHOE COMPANY IS RECOGNIZED WORLD-WIDE FOR ITS HIGH QUALITY PITCHING SHOES.

Sanctioned Club/League News by Bev Born

A couple more weeks and maybe we can start unwinding, with World, State, league, club tournaments and awards banquets behind us. The thought of it all being over is a letdown in some ways but rewarding in others, giving time for thoughts of other items on my busy agenda. Top ten, scholarships, five and ten year continuous sanction awards, etc.

Summer has been good to us, hectic at times, but enjoyable and as always, too short. The majority of leagues are now coming to a close, with awards orders covering me up. In this area I would like to ask for your patience and your help. Everything in my power is being done to see that you all receive awards in time for your planned presentation dates. Some of you, though, really put me in a guilt feeling bind by not allowing either me or our postal service at least two weeks minimum

time for filling and delivery from the time you mail the final forms to the time you wish to present them. When requesting awards, it would be greatly appreciated if you would all consider the facts, that your request will be only one of many, all coming into this office at near the same time and, even though I spend six to ten hours some days on this alone, there are other obligations for me. Believe me, I am not complaining as I derive enormous pleasure from all of this, even more so when none of us have to feel bad about your awards being late. It will be very simple for ya'll to assist me. Just be sure to plan your banquets about three or four weeks after the end of the leagues and send the final forms in right away. Do not procrastinate!

Also, please do not use the phone and ask that awards be sent without the completed forms having been

sent in or that I ship by Express Mail. I am not allowed to do either of these. You may have one or two clubs to satisfy, I have well over 300 and am only asking that you show me the same consideration that you expect from me. Thank you.

An apology to all that have had to wait on Most Improved Pitcher awards. Hopefully replacing the belt buckles with bolo ties for men and necklaces for women will make the waiting well worth while. You know, miracles do still happen, as Floyd and I both won our classes at State and it has been awhile since either of us had accomplished this feat. Gives a person one more reason to "hang in there" and never say "never".

> Yours in Friendship and Horseshoes! Bey Born

TRY THE ALL NEW STEINFELDT STA-ON HORSESHOE

designed by Joe Holland pitched by Carl Steinfeldt

\$30/pr in single pairs \$25.00/pr in lots of 12 pairs

(Above prices postage paid in Continental U.S.)

The Toll of Time

DENNIS LA MOUREAUX

The entire Southern California Association was shocked and saddened to hear of the auto accident that resulted in the death of 39 year old Dennis on 6/23/89. Born in Viblen, S.D., Dennis moved at an early age to Boron, CA where he attended school and later worked for the U.S. Borax plant. In recent years, Dennis had been living in Bakersfield, CA with his wife Diane, three daughters, a son and a soonto-be-born fifth child. Dennis was very active in sports and helped start the new Bakersfield Horseshoe Club of which he was a member. He was an avid horseshoe pitcher and one of four brothers, all of whom are involved and participate in our sport. Our deepest sympathy is extended to all the La Moureaux family.

ROY E. SMITH

The Michigan Horseshoe Pitcher's Association and the NHPA has lost a dear friend in the July 1, 1989 passing of Roy Smith from Muskegon, Michigan, 67 years old at the time of death, Roy was 13 times the Michigan State Champion winning his first title in 1957. Several times a top contender in the Championship flight of the World Tournament, Roy's best finish was 5th in 1969. He won the Men's Class B World Title in 1968 and again in 1979. A member of the Wolverine State Horseshoe Pitcher's Hall of Fame since 1972, Roy set two records in State play, 93.7% high game in 1969 and 80% tournament average in 1977. A past President and V.P. of the State Association, Roy had been inactive in the game of late due to a severe kidney problem. Always a competitor, Roy never stopped believing that he could lick the problem and get back to the game he so dearly loved. Condolences are extended to his wife Dorothy and other family members.

Don't want to cut up your magazine?

Many of you are concerned about cutting out pieces of your Newsline in order to use the forms included. A suggestion: take your issue to your local copy establishment and have copies made.

ATTENTION Tournament Directors

If you want the results of your sanctioned tournaments published in these Newsline columns, they must be sent direct to the Editor in a specific double spaced typed or neatly printed format within 30 days of the tournament date. Any deviation or extra information will result in delays or nonpublication of your submission.

Your submission must include your Charter, Tournament Name, Date, and Sanction number. List each class in columnar form with the name, W-L record and percentage in order of finish. If you have a pitcher from out of state, mention the state abbreviation next to their name.

*************** Our direction is toward horseshoe perfection.

Horseshoes

When you're pitching against the pros, the difference between winning or losing can be just a few thousandths of an inch.

If consistent pitching accuracy is what you're looking for, you'll only find it in a STAR. No one else measures up. Precision-crafted to afford you the competitive edge.

When pitching our high quality stainless steel horseshoe, you will find there is less warping out of shape and less burring.

*The original STAR horseshoe was hand-crafted to achieve a center balance allowing each player to pitch a flatter, more open shoe. ie: Higher ringer averages.

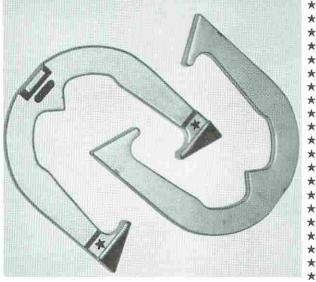

*If the World Tournament officials ground your current shoe down last year because it was too wide, too long, or too heavy, pitch precision-made STARS this year.

> (ALSO AVAILABLE THROUGH YOUR N.H.P.A. DEALER)

NHPA Approved

*
