# Behind the Shoes

Once again this year, we surveyed the contestants to see who's pitching what and how. While less than scientific, there are some interesting things that come out of this survey.

In all, 976 entries were made during the shoe check process. We didn't compile a complete list of every shoe to start and several one-off varieties were presented and listed as "others". Our final model list had 44 different sanctioned shoes listed.

So what's the most popular shoe pitched? Without question, that would be the Snyder EZ Flip/Flip II (176) and this doesn't include the Flip-Grip model. The runner-up is the Ted Allen (123). Following those are M & M's (unsorted by model but most were "Specials") at 68, Dead Eyes (also unsorted by model but most were Easy-Grips) at 66, and Imperials also at 66 users. The next few are Alan Francis (Signature) (56), Mustang (51), and Diamond Tournament (42). Other less popular shoes were the Challenger (26), AMAC (20), Flip-Grip (19), Elmer Hohl (19), and the GXL (18).

How were people using them? With designs to fit every style it's no secret that 94 % of pitchers flipped the Snyder's. 83 % of pitchers turned the Ted Allen shoe with the most popular being the 1 ¼ turn. 95 % of Alan Francis users turned them with an equal split between the 1 ¼ and the ¾ turns. Only 6 players used the ¾ reverse style including one notable one.

What about 40 foot vs 30 foot? Amongst the Men's division

players, 56 % of them were flippers. On the Women's side, 87 % were flippers. Perhaps surprisingly, Elders were roughly split between turn and flip with the flip being only slightly favored.

Amongst the Cadets and Juniors the most popular shoe was about an equal split between the Snyder Easy Flip, the Ted Allen, and the Diamond Tournament. The dominant style was the flip.

One might ask the question, why do we even go through shoe check when you can just switch shoes as soon as you leave the room? Also in question is why does the NHPA attempt to "fix" your shoes if they don't pass inspection? These are both things that the NHPA Council will be evaluating before the next World Tournament.

# Hall of Fame

Many of the World Tournament's most memorable moments come at the Hall of Fame Banquet. The evening of the banquet is one of laughter, stories and camaraderie to recognize those individuals who have dedicated many hours to our sport and accomplished great things.

**Roy Smith - MI**

Roy Smith is known as one of the best pitchers the State of Michigan has ever had and he won 13 State Championships. His entire family was into horseshoe pitching. His wife, Dorothy, was twice the Women's State Champion. His sons, Tom, Jim, and Carl all won at least two

**Jerry Labrosse - MN**

The name, Jerry LaBrosse, is probably well known to many NHPA members who have been active in more recent years. Jerry grew up in a family of Hibbing, Minnesota horseshoe pitchers and was active as a junior, winning the State Junior Boys Championship three times from

Junior Boys State Championships. His daughter, Linda, won a Junior Girls State Championship. His daughter, Peggy won two Junior Girls State Championships and was the Junior Girls World Champion in 1970. With the entire family sharing the love of our sport, that probably made it a little easier for Roy to participate in as many events as he did. Roy pitched during the times when onsite qualifying was required for World Tournament participation. That was no easy task with the caliber of male pitchers that were active in that day. You had to be at your best when pitching those 200 shoes to make the top class of 36 pitchers. Otherwise, you found yourself in Class B. That was no sin, because everyone knows that pitching 200 shoes by yourself is no indication of what a person can do when competing in head to head competition on the courts. Each year after the World Tournament was completed, there would be many pitchers in Class B who finished with higher ringer percentages than many who had played in the Championship Class. With the advent of pitching preliminary games as a means of qualifying, this gave a truer picture of what a pitcher could do in competition. Roy attended the World Tournament 14 times and made the Men's Championship Class 5 of those years. His best year was in 1969 when he finished in 5th place and averaged 79.22%. He was also in the Championship Class in 1965 averaging 75.64%, in 1970 averaging 74.48%, 1971 averaging 71.97% and 1978 averaging 75.18%. In his best tournament in 1969 Roy pitched three games in succession where he hit 89% twice and had one game of 90%. During Roy's prime, his opponents always knew they would be in for some tough competition. Had it not been for the grueling task of pitching 200 qualifying shoes onsite as the only means for making the Championship Class, chances are that Roy Smith would have participated in the top class more times than he did. I can speak from experience, because I became a victim of having to pitch qualifying shoes a couple of times myself and ended up in classes lower than I should have been. Modern day pitchers have no idea what the ordeal was like. I applaud Roy Smith and everyone who ever made the effort of pitching onsite qualifying shoes in order to try and earn a spot in World Tournament competition. In the real early days, when classes were limited, those who didn't make the cut had to turn around and go back home without ever getting to pitch a game.

1969-1971. He left organized horseshoe pitching for a time and didn't come back until he joined the NHPA again in 1992 and he has remained a member since that year. He quickly became active in the affairs of the Minnesota charter and has served in many positions. He continues to hold some positions in his charter to this day. That led to him seeing a need to get involved with NHPA activities and he was elected a NHPA Vice President in 2006. When his last term of office ended recently, he decided not to run for re-election, but he continues to be very much involved with NHPA affairs and equipment, especially the 60 portable courts the NHPA owns and the World Tournament set-up and tear down that has to take place each year. Jerry was instrumental in designing, building and testing the courts that are currently used to make sure they would be the finest portable courts available for World Tournament play. With the use of large indoor venues for holding a World Tournament, this also created many headaches in trying to keep up with the score sheets that were coming in from so many classes pitching at the same time. Over time Jerry helped to develop and implement the computerized scoring system that is used at the World Tournament today. He also was involved with the mats that are put on the floor for pitching platforms and the curtains that serve as barriers between the banks of courts. If there is a piece of equipment that is used to conduct a World Tournament, Jerry probably had a hand in designing it or procuring it. I believe he also had a hand in making it possible for people to view World Tournament action via web cams. Jerry also played a big part in rewriting the NHPA rules and helped develop what is now known as the RGS book. These are just some of the things that Jerry has done while serving the NHPA. He has donated his time and sometimes his own finances to see that various projects got completed. For his efforts Jerry has received the NHPA Presidential Award and in 2010 was the recipient of the Stokes Memorial Award. It is very fitting that Jerry has now been elected to the NHPA Hall of Fame. Although some serious health problems slowed him down in recent years, he is still working as much as he can. He no longer holds an official position as a NHPA Officer, but I would venture a guess that when it comes time for the set-up in Florence, SC for the 2018 World Tournament, there is a good chance Jerry will be on hand to help with the work.

---

# 2018 Awards

Arch Stokes Award

**Jerry Smith - ID**

For continuous, outstanding service in promoting the development and growth of the sport of horseshoe pitching.

Presidential Award

**Rob Hagman - MN**

With sincere appreciation for outstanding service and dedication promoting horseshoe pitching at the state and national levels.

Achievement Award

**Bill Vaughan - WV**

Achievement Award

**Mark Neubauer - MO**

# Fun in the Sun

For three full days, Florence, South Carolina was overrun with 63 juniors and cadets bringing their "A" game. The fun started a day early when the pitchers got to enjoy a full day at a nearby waterpark. They were shuttled to and from the park with lunch provided by the Florence Center. No one came back with a sunburn but they all had a blast playing in the water and going on the slides. Even the chaperones got to enjoy the "lazy" river. It was a fun time for everyone to catch up and relax before the competition started.

The first half of class play started on Thursday with some intense competition. No one was going down without a fight. It was a great start to what would be a trying and fulfilling final. On Friday, class champions were decided with no play-offs needed in ANY class. Seth Onan, from Kentucky, won Juniors A with no losses and averaging 70%. Abby Rose, also from Kentucky, won Juniors B averaging 10.85% above her entry average. Brooke Lazaris, from Wisconsin, had only one loss to win Juniors C. Pitching a double-round-robin, Rebecca Bruemmer from Missouri, went 10 and 0 winning Juniors D. Cadet classes were just as intense this year. Walker Forrester, from Oklahoma, won Cadet A averaging 74.29%. Coulson Ohms, from Utah, averaged 14.68% above his entry average to win Cadet B. Mason Chambers, from Wisconsin, won Cadet C with no losses and averaging 15.94% above his entry average. From Minnesota, Isaac Rasmussen had only one loss to win Cadet D.

After awards were handed out and pictures were taken, the top eight Junior Boys, Junior Girls, and Cadets were all selected to move to the Championship class on Saturday. nerves were high, but the pitchers never showed it as they all got ready for a battle to remember. It was thrilling to watch as the

crowds gathered and tried to see all pitchers at once.

Every 2018 World Champion won their title with no losses and averaging higher than their entry. It was a race to 40 points for all classes. The junior girls finished first with an intense last game between Abby Rose of Kentucky and defending champion Cameran Edwards from Pennsylvania. Cameran retained her title for the second year in a row. 2018 was also her last year as a junior, but she plans to return in the women's class. The junior boys finished next with a nail-biting final between defending champion Seth Onan from Kentucky and Derek Reynolds from Arkansas. Derek pushed to 40 in the final shoes winning the 2018 title. A pin drop could have been heard in the stadium as the cadets pitched their final shoes. The final game was between defending champion Walker Forrester of Oklahoma and Riley Malino from Connecticut. Tears were shed, and cries of excitement were heard as Riley won his first World title at his first ever World tournament. I'm sure it was a year none of them will forget.

On Sunday evening, during the banquet, some of the pitchers came to a party with karaoke, pizza, ice cream, dancing, video games, laughs and fun. Some voices were rough the next morning. They even had a surprise karaoke song with Amy Francis from Ohio singing "Fancy." This was a fun way to wrap up a great tournament.

As the Junior Director, I couldn't be prouder of how each one of the pitchers competed and handled themselves with poise this year. They matured before our very eyes and showed grace on and off the courts. They are who we should be looking up to. I have no doubt we will be seeing their names for years to come.
