# 1. INTRODUCTION

## 1.1 About Horseshoe Pitching

### A Family Sport

Horseshoe pitching boasts of being one of the few sports that has a national champion for men, women, boys and girls and can still be played in one's backyard. It can be played by one or more and by the young as well as the old.

### Physical Fitness

In this day of weight-watching, what better way to exercise than walking, bending and reaching? These are integral parts of this great sport. Game-related injuries are rare, and doctors have repeatedly stressed the beneficial aspects of this sport.

### Join the Millions of Participants

It was recently estimated that upwards of fifteen (15) million enthusiasts enjoy pitching horseshoes in the United States and Canada, in tournaments, leagues, recreation areas and backyards. What sport offers so much for so little?

### Sports Origin

The origin of this sport goes back to the days of the Roman Empire. Roman soldiers pitched horseshoes discarded from the horses used to drive their chariots.

Soldiers in the American Revolutionary War pitched horseshoes for recreation on the Boston Common. The Duke of Wellington in history said that the war was won by the pitchers of the steel (horseshoes).

### An International Sport

The sport has been introduced in South Africa, Italy, Japan, Grand Bahama Islands, Togo, West Africa, Australia, New Zealand, West Germany, Nigeria, Honduras, Canada, South America, Israel, Norway, Switzerland, Poland, Phillipine Islands, England, Sweden, Finland and Russia.

## **1.2 About the National Horseshoe Pitchers Association (NHPA)**

The NHPA is a federation of sixty (60) charters in the United States and Canada, each with numerous club affiliates and individual members. Each state association is self governing. Some states have more than one charter.

### **Purpose**

The NHPA strives to promote and organize the sport and to standardize the rules, equipment and playing procedures. The top priority is to serve as a unifying agent between state associations, local clubs, unorganized groups and individual players. The NHPA sanctions the Annual World Tournament, state association tournaments, regional and open events and a league program.

The NHPA also manages a player rating system, and publishes the sport's online magazine, *Newsline* .

For more information, visit [www.horseshoepitching.com](http://www.horseshoepitching.com).

## **1.3 The structure of the NHPA World Championships**

The two-week long NHPA World Horseshoe Pitching Championships are held once each summer to crown a World Champion in each of eight divisions – Open Men, Open Women, Senior Men, Senior Women, Short-Distance Men, Junior Boys, Junior Girls and Junior Cadets (12-years old and under).

Preliminary competition consists of round-robin class play with all entrants seeded in up to 16-person classes, with the exception of the Cadet Division. Most classes play over the course of three days.

At the end of class play, champions are named for each class, with the top qualifiers, based on ringer percentages advancing into the Championship Class of their respective divisions. Sizes of championship classes are determined by number of entrants in each division.

Championship play in most divisions spans three days, at the end of which, the individual in each championship class posting the best win/loss record is awarded the title of "World Champion" in that division.

Division champions receive monetary prizes in various amounts which can consists of as much as \$4,000, Men and Women; \$1,500, Senior Men; \$800 Senior Women; \$1,500, Short-distance Men.

World Champion Junior pitchers are awarded scholarships in the amounts of \$600 for boys and girls and \$300 for the Cadet division.

## **1.4 About NHPA competitors**

Participants travel from all parts of the United States, as well as other countries - Canada, Norway, South Africa, Germany and Japan being the most frequent.

Most consider this trip their "Family Vacation," and bring along their husbands, wives, children, grandchildren, brothers, sisters, aunts, uncles and friends. They will spend their free time touring the area - visiting local events and attractions, and patronizing local businesses.

All competitors are at the venue a minimum of three days – many for the full two weeks. It is estimated that they, along with their friends and family will bring approximately three to six million dollars into the host community, depending on regional economy.

## 4. ENDORSEMENTS

"The Florence Center hosted the 2018 National Horseshoe Pitchers Association World Tournament played out. The round-robin competition included the 1226 players and family members from across the country and world to compete. The tournament is a two-week event and drew approximately more than 1,226 participants from all 50 states, including Canada, Norway, and South Africa. The horseshoe tournament will be the largest single event hosted in Florence. It's expected to draw thousands of tourists, generate 8,000 or more room nights at local hotels and have an estimated economic impact of approximately \$3.5 million. **Holly Beaumier, director of the Florence Convention and Visitor's Bureau.**

"Hosting the World Horseshoe Tournament was a fun and rewarding experience for us. The novelty of the sport makes it very entertaining and our local media was buzzing with human interest stories. Local restaurants were filled with participants and the community seemed alive with talk of the event. For us, the tournament occurs during the shoulder season for our Convention Center, so it fits into our schedule and adds a nice boost economically. In 2013 we hosted more than 1,000 athletes and nearly 4,000 visitors who came from 44 states and 5 countries. The average stay was over 7 nights. Our post event surveys showed that participants loved our facilities, they really appreciated our clean and welcoming community, and the outstanding vacation opportunities in the area were a major plus. Putting on the event is a major undertaking, but after evaluating the impact, we decided to bid for the event again and will host the tournament for the second time in 2017." **Kevin Lewis, Director, Washington County Sports & Outdoor Recreation, St. George, UT**

"Cedar Rapids, Iowa was the site of the National Horseshoe Pitchers Association's 2010 World Tournament. Throughout the bidding process, I found the NHPA very responsive to my many questions, and the association was willing to hold the competition in a non-traditional venue, the Cedar Rapids Ice Arena. I will always be sincerely grateful for the vote of confidence NHPA delegates showed Cedar Rapids by awarding the tournament to us, two weeks after a devastating flood wiped out the inner core of our city! During the tournament itself, we found the participants very interested in our area. When they were not competing, they made a point to experience our attractions, entertainment and dining options. We enjoyed hosting this event very much!" **Mary Lee Malmberg, CSEE, Director of Sports Tourism, GO Cedar Rapids, Cedar Rapids, IA**
